If you need our help, we will be there!
24-hours a day, 7-days a week!

What is the Ambulance Transport Insurance Billing Program?

The Ambulance Transport Insurance Billing Program is a supplemental funding alternative to the rising cost associated with providing Emergency Medical Services. Billing for ambulance transportation is the mechanism by which many EMS agencies across the Nation are pursuing revenue recovery. When a patient is treated and transported by ambulance, we will bill the patient's insurance carrier and/or the patient for services rendered by one of our local EMS agencies. Funding for ambulance transportation is provided in most insurance policies, including Medicare/Medicaid and private insurances to reimburse for **"Medically Necessary"** Ambulance transport services.

Charges for an Ambulance Transport

Charges will vary depending on the severity of the call, ranging from a basic non-emergency incident to a life or death emergency.

Basic Non-Emergency	$300.00
Basic Emergency	$420.00
Advanced Emergency 1	$600.00
Advanced Emergency 2	$700.00

Transport "Loaded" mileage will also be charged at a rate of $10.00 per mile.

EMS providers will not obtain insurance information at the scene. We will make every effort to collect insurance information from the medical facility where you are transported.

What happens if I do not have insurance or cannot afford to pay for this service?

No person will ever be refused services due to lack of insurance or inability to pay. As an alternative to the high cost associated with an Ambulance Transport, residents of Frederick County can participate in Frederick County's Ambulance Subscription Club Program. The Ambulance Subscription Club Program is an **optional** plan that is available to all citizens of Frederick County to relieve a patient and their family members from any cost associated with an ambulance transport.

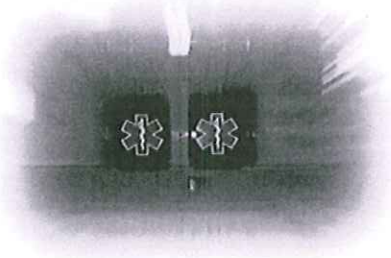
THIS IS NOT AN INSURANCE POLICY

The Benefits of becoming an Ambulance Subscription Club Member

- No additional out-of-pocket expenses for emergency transports.
- Unlimited transports per enrolled member
- Coverage for all household members

If the insurance carrier denies the claim . . . the **SUBSCRIPTION CLUB MEMBER** is **NOT** charged anything further.

In addition to the peace of mind for you and your loved ones, member of the Ambulance Subscription Club will be supporting their local EMS operation. 100% of all Subscription Club dollars collected are returned to your local EMS operation. You also will not have any copay responsibility



What is the Alternative to joining the Ambulance Subscription Club Program?

If we provide ambulance transport services to someone who does not subscribe to the Ambulance Subscription Club, you will receive a bill for the level of service provided. You may be responsible for any charges not covered by your insurance and copay obligations.
