On Sat. Jan 19th we will be conducting a survey of macroinvertebrates, tiny freshwater insects found in Catoctin Creek. Volunteers are needed to help collect, sort, and identify macroinvertebrates. Volunteers are needed to assist with water sampling up to 1-2 feet deep. *Creek temperatures will be very chilly. All volunteers are required to wear boots in order to participate in this survey. Please remember to dress for the weather.* If you are interested in helping with this project please call us and let us know how many people will be coming in your group.
