

NEW ISSUE-DTC BOOK-ENTRY ONLY

In the opinion of Bond Counsel, assuming continuous compliance with certain covenants described herein, under existing law the interest on the Bonds (a) will be excluded from gross income for federal income tax purposes, and (b) will not be an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, such interest is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations (as defined for federal income tax purposes), and may be subject to the branch profits tax imposed on foreign corporations engaged in a trade or business in the United States. It is also the opinion of Bond Counsel that, under existing law, the Bonds, the interest payable thereon, their transfer and any income derived therefrom, including any profit made in their sale will be exempt from State of Maryland, county, municipal, or other taxation of every kind and nature whatsoever within the State, provided however that no opinion will be expressed concerning estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the income therefrom. See the information contained herein under the caption "LEGAL MATTERS - Tax Exemptions".

**\$79,380,000
FREDERICK COUNTY, MARYLAND

LOCATION

Frederick County is located in the north central part of the State of Maryland, 245 miles from New York City, 150 miles from Philadelphia, 45 miles from Baltimore, and 45 miles from Washington, D.C.

OFFICIAL STATEMENT
Relating to

\$79,380,000

FREDERICK COUNTY, MARYLAND
GENERAL OBLIGATION
PUBLIC FACILITIES BONDS OF 2008

INTRODUCTION

The purpose of this Official Statement, including the cover page and appendices, is to provide information for prospective purchasers and others regarding Frederick County, Maryland (“Frederick County”), County Commissioners of Frederick County (the “County”), and the \$79,380,000 Frederick County, Maryland, General Obligation Public Facilities Bonds of 2008 (the “Bonds”), to be issued by the County.

Frederick County, founded in 1748, originally included the present Maryland counties of Garrett, Allegany, Washington, Carroll and Montgomery. It is located in the north central part of Maryland and is 664 square miles in area. Frederick County is bordered on the north by Pennsylvania, on the west by Washington County, on the east by Howard and Carroll Counties, and on the south by Montgomery County and Virginia. The estimated population of Frederick County as of June 30, 2007 is 231,100.

There are 12 incorporated towns within Frederick County. The County seat and largest city is the City of Frederick, which has an estimated population of 61,500 as of June 30, 2007. The City of Frederick is located approximately 45 miles northwest of Washington, D.C. and 45 miles west of Baltimore, Maryland.

Frederick County is governed by an elected five-member Board of County Commissioners (the “Board”) which serves for four years (see “COUNTY GOVERNMENT AND ADMINISTRATION”). The Board may exercise only such powers as are conferred on it by the General Assembly of Maryland, including the power to issue debt to finance its capital projects. See “CERTAIN DEBT INFORMATION”.

The executive offices of the County are located at Winchester Hall, 12 East Church Street, Frederick, Maryland. The County’s central telephone number is (301) 600-1100.

Any questions regarding this Official Statement or the Bonds should be directed to the Director of Finance, Frederick County, Maryland, Winchester Hall, 12 East Church Street, Frederick, Maryland 21701, telephone number (301) 600-1753. The County’s Internet address is www.co.frederick.md.us.

THE BONDS

General

The Bonds will be dated June 15, 2008 will be issued in an aggregate principal amount of \$79,380,000 and will mature each June 1, in annual installments beginning with the year 2009 and ending with the year 2028 in the principal amounts and at the interest rates set forth on the cover page of this Official Statement.

Interest on the Bonds, calculated on the basis of a 30-day month/360-day year factor, will be payable on December 1, 2008 and semiannually thereafter on the first days of June and December until the principal amount is paid. Interest on the Bonds shall be payable to the person in whose name such Bond is registered on the registration books for the Bonds as of the close of business on the 15th calendar day of the month immediately preceding each interest payment date.

The Bonds will be issued in fully-registered form without coupons and will be issued in denominations of \$5,000 and integral multiples thereof. The Bonds initially will be issued in book-entry form without any physical distribution of certificates made to the public. The Depository Trust Company, New York, New York (“DTC”), will act as securities depository for the Bonds and the Bonds will be registered in the name of DTC’s partnership nominee, Cede & Co. (See “DTC and Book-Entry Only System”).

So long as the Bonds are maintained in book-entry form, payments of principal of, premium and interest on the Bonds will be made as described below under "DTC and Book-Entry Only System." At any other time, the principal amount of and premium, if any, on the Bonds will be payable at the principal corporate trust office of Manufacturers and Traders Trust Company, Baltimore, Maryland (the "Paying Agent" and "Bond Registrar"). Interest on the Bonds will be payable by check of the Paying Agent mailed to the registered owners thereof. The principal of, premium, if any, and interest on the Bonds will be paid in lawful money of the United States of America in the manner and at the places hereinabove described.

DTC and Book-Entry Only System

Initially, DTC will act as securities depository for the Bonds and one fully-registered Bond will be issued for each maturity of the Bonds and registered in the name of Cede & Co., as DTC's partnership nominee, or such other name as may be requested by an authorized representative of DTC, and will be deposited with DTC. DTC, the world's largest depository, is a limited-purpose trust company organized under the laws of the State of New York (the "New York Banking Law"), a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants (the "Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions, in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and members of The National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (all of which are subsidiaries of DTCC) as well as by the New York Stock Exchange, Inc., the American Stock Exchange, LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as U.S. and non-U.S. securities brokers and dealers, banks and trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the "Indirect Participants", and collectively with Direct Participants, the "Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond (the "Beneficial Owner") is in turn to be recorded on the records of the Direct and Indirect Participants. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owners purchased the Bonds. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of the Participants acting on behalf of the Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other names as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownerships. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Participants remain responsible for keeping account of their holdings on behalf of their customers.

So long as the Bonds are held by DTC under a book-entry only system, redemption proceeds, payments of the principal of, redemption premium, if any, and interest on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the County or the Paying Agent on payable dates in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants, and not of DTC, or the Bond Registrar and Paying Agent or the County, subject to any statutory and regulatory requirements as may be in effect from time to time. Payment of principal, redemption premium, if any, and interest on the Bonds to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC is the responsibility of the Issuer or Paying Agent; disbursement of such payments to Direct

Participants shall be in the responsibility of DTC; and disbursement of such payments to the Beneficial Owners shall be the responsibility of the Direct and Indirect Participants. Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

So long as the Bonds are held by DTC under a book-entry only system, the Bond Registrar and Paying Agent will send any notice with respect to the Bonds only to DTC. Conveyances of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by agreements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

DTC may discontinue providing its services as depository for the Bonds at any time by giving reasonable notice to the County or Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bonds are required to be printed and delivered. The County may determine to select a different securities depository or the County may determine to discontinue the book-entry only system at any time by giving notice to DTC (or its successor). In the event the County determines to discontinue a book-entry only system of registration of the Bonds, bond certificates will be delivered and payments of interest, principal and redemption or purchase premium, if any, will be made as described above under "THE BONDS - General".

The current "Rules" applicable to DTC and its Participants are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with Direct Participants are on file with DTC. The information under this heading concerning DTC and DTC's book-entry only system has been obtained from sources that the County believes to be reliable. No representation is made by the Bond Registrar and Paying Agent or the County as to, and the Bond Registrar and Paying Agent and the County take no responsibility for, the completeness or the accuracy of such information or the absence of material adverse changes in such information subsequent to the date of this Official Statement.

So long as Cede & Co., or any successor thereto, is the registered owner of the Bonds, as DTC's partnership nominee, references herein to the Bond holders or registered owners of the Bonds shall mean DTC and shall not mean the Beneficial Owners of the Bonds. During such period, the Bond Registrar and Paying Agent and the County will recognize DTC or its partnership nominee as the owner of all of the Bonds for all purposes, including the payment of the principal of, redemption premium, if any, and interest on the Bonds, as well as the giving of notices and voting.

NEITHER THE COUNTY NOR THE BOND REGISTRAR AND PAYING AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO ANY DIRECT PARTICIPANT, INDIRECT PARTICIPANT OR ANY BENEFICIAL OWNER OF THE BONDS WITH RESPECT TO: (1) THE BONDS; (2) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT; (3) THE PAYMENT OF ANY AMOUNT DUE TO ANY DIRECT PARTICIPANT, INDIRECT PARTICIPANT OR BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL OF, REDEMPTION PREMIUM, IF ANY, OR INTEREST ON THE BONDS; (4) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE BONDS TO BE GIVEN TO BOND OWNERS; (5) THE SELECTION OF BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE BONDS; OR (6) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS BONDHOLDER.

DTC may charge the Participants a sum sufficient to cover any tax, fee or other governmental charge that may be imposed for every transfer and exchange of a beneficial interest in the Bonds, and the Participants may seek reimbursement therefor from the Beneficial Owners.

The Bonds will be valid and legally binding general obligations of the County, to which the full faith and credit and unlimited taxing power of the County will be pledged. They are not guaranteed by the State of Maryland or any other entity. Security for the Bonds is more fully described herein under "THE BONDS - Security for the Bonds".

Application of Proceeds

Board of Education	\$25,169,400
Community College.....	7,500,000
General Government.....	22,511,600
Municipal Projects	150,000
Parks and Recreation	750,000
Roads and Bridges	4,974,000
Solid Waste Facilities	815,000
Water and Sewer Facilities	<u>17,510,000</u>
Total Bonds.....	<u>\$79,380,000</u>

Authorization

The proposed bonds are issued pursuant to the authority of Chapter 145 of the Laws of Maryland of 2005, as amended (the "2005 Act"), Chapter 2-13 of the Code of Public Local Laws of Frederick County (1979), as amended (the "Water and Sewer Act"), Sections 5-601 through 5-604 of the Education Volume of the Annotated Code of Maryland, as amended (together the "Acts") and in accordance with Resolution No. 08-15 adopted by the Board on June 12, 2008 (the "Resolution").

Registration and Transfer

So long as the Bonds are maintained in book-entry form, transfers of ownership interests will be made as described above under "DTC and Book-Entry Only System." At any other time, the Bonds will be transferable only upon the registration books kept at the principal corporate trust office of Manufacturers and Traders Trust Company in Baltimore, Maryland (the "Bond Registrar"), by the registered owner thereof upon surrender thereof together with a written instrument of transfer in form attached thereto and satisfactory to the Bond Registrar and duly executed by the registered owner or his duly authorized attorney. The County may deem and treat the person in whose name a Bond is registered as the absolute owner thereof for the purpose of receiving payment of or on account of the principal or redemption price thereof and interest due thereon and for all other purposes. Upon any such transfer or exchange, the County shall execute and the Bond Registrar shall authenticate and deliver a new registered Bond or Bonds of any authorized denomination in an aggregate principal amount equal to the principal amount of the Bond exchanged or transferred and maturing on the same date and bearing interest at the same rate. In each case, the County and the Bond Registrar may require payment by any holder of Bonds requesting exchange or transfer of Bonds of any tax, fee or other governmental charge, shipping charges and insurance that may be required to be paid with respect to such exchange or transfer, and the County and the Bond Registrar may charge a sum sufficient to reimburse them for expenses incurred in connection with such exchange or transfer. The Bond Registrar shall not be required to transfer or exchange any Bond within fifteen (15) days preceding any interest payment date or after the mailing of notice calling such Bond or portion thereof for redemption as hereinafter described; provided, however, that the foregoing limitation shall not apply to that portion of a Bond in excess of \$5,000 which is not being called for redemption.

Redemption

Bonds that mature on or after June 1, 2019 are subject to redemption on or after June 1, 2018, as a whole or in part on any date thereafter, at the option of the County, at redemption price equal to 100% of the principal amount of Bonds to be redeemed, plus accrued interest to the date fixed for redemption.

If less than all of the Bonds are called for redemption, the particular series and maturities of the Bonds to be redeemed shall be selected by the County. If less than all of the Bonds of any one maturity of a series are called for redemption, the particular Bonds to be redeemed from such maturity shall be selected by lot by the Registrar, except that so long as DTC or its nominee is the sole registered owner of the Bonds, the particular Bonds or portion to be redeemed shall be selected by lot by DTC, in such manner as DTC shall determine. Each \$5,000 portion of a Bond shall be treated as a separate Bond in the selection by lot of Bonds to be redeemed.

In case part but not all of a Bond shall be selected for redemption, then, upon the surrender thereof, there shall be issued without charge to the registered owner thereof a Bond or Bonds of the same series in any authorized denomination as specified by the registered owner. The aggregate principal amount of the Bond or Bonds so issued shall be equal to the unredeemed balance of the principal amount of the Bond surrendered.

If the County elects to redeem all or a portion of the Bonds outstanding, it shall deliver a redemption notice to DTC not less than 30 days prior to the date fixed for redemption. If the book-entry system is discontinued for the Bonds, the County shall give a redemption notice by letter mailed first class, postage prepaid, to the registered owners of the Bonds to be redeemed at their last addresses appearing on the registration books maintained by the Registrar (the "Bond Register") not less than 30 days prior to the redemption date. Failure to deliver or mail any such notice with respect to a particular Bond or any defect in such notice, or in the delivery or mailing thereof, shall not affect the validity of the redemption proceedings. From and after the date fixed for redemption, if funds sufficient for the payment of the redemption price of the Bonds called for redemption are held by the Paying Agent on such date, the Bonds so called for redemption shall become due and payable at the redemption price provided for the redemption of such Bonds on such date, interest on the Bonds shall cease to accrue and the registered owners of such Bonds so called for redemption shall have no rights in respect thereof except to receive payment of the redemption price thereof from such monies held by the Paying Agent. Upon presentation and surrender of a Bond called for redemption in compliance with the redemption notice, the Paying Agent shall pay the appropriate redemption price of such Bond. If Bonds so called for redemption are not paid upon presentation and surrender as described above, such Bonds shall continue to bear interest at the rates stated therein until paid.

Security for the Bonds

The Acts provide that the Bonds constitute an irrevocable pledge of the full faith and credit and unlimited taxing power of the County to the payment of the maturing principal of and interest on the Bonds as and when they become payable. The maturing principal of and interest on a portion of the Bonds equal to the amount of Bonds issued pursuant to the Water and Sewer Act will be payable in the first instance from connection charges, special assessments and other charges permitted to be levied by the County pursuant to the Water and Sewer Act in connection with specific solid waste, water and sewer projects. The Acts further provide, and the County has covenanted in the Resolution, that in each and every fiscal year that any of the Bonds are outstanding the County shall levy or cause to be levied ad valorem taxes upon all assessable property within the corporate limits of Frederick County in rate and amount sufficient to provide for or assure the payment, when due, of the principal of and interest on all such Bonds maturing in each such fiscal year and, if the proceeds from the taxes so levied in such fiscal year prove inadequate for such payment, additional taxes shall be levied in the succeeding fiscal year to make up any deficiency.

The Acts further provide that the County may apply to the payment of the principal of and interest on any Bonds any funds received by it from the State of Maryland, (the "State") the United States of America, or any agency or instrumentality of either, or from any other source. If such funds are available for the purpose of assisting the County in financing the construction of the public facilities as defined in the Acts, and, to the extent of any such funds received or receivable in any fiscal year, taxes that might otherwise be required to be levied under the Acts may be reduced or need not be levied.

Indebtedness of the County presently outstanding and the County's authority to issue future debt are described herein under "CERTAIN DEBT INFORMATION".

Bondholders' Remedies

It is the opinion of Bond Counsel that the County may be sued in the event that it fails to perform its obligations under the Bonds to the registered owners thereof and that any judgments resulting from such suits would be enforceable against the County. Nevertheless, a holder of a Bond who has obtained any such judgment may be required to seek additional relief to compel the County to assess, levy and collect such taxes as may be necessary to provide the funds from which such judgment may be paid. Although there is no Maryland law with respect to this issue, it is the opinion of Bond Counsel that the appropriate courts of Maryland have jurisdiction to entertain proceedings and power to grant additional relief, such as a mandatory injunction, if necessary, to enforce the levy and collection of such taxes and payment of the proceeds thereof to the holders of general obligation bonds, pari passu, subject to the inherent constitutional limitations referred to below.

It is also the opinion of Bond Counsel that, while remedies would be available to bondholders and while the Bonds are entitled to constitutional protection against the impairment of the obligation of contracts, such constitutional protection and the enforcement of such remedies would not be absolute.

Enforcement of a claim for payment of the principal of or interest on the Bonds could be made subject to the provisions of federal bankruptcy laws or of any statutes that may hereafter be constitutionally enacted by the United States Congress or the Maryland General Assembly extending the time of payment or imposing other constraints upon enforcement.

RATINGS

Fitch Ratings, Moody's Investors Service, Inc., and Standard & Poor's Credit Market Services have given the Bonds the ratings indicated on the cover page of this Official Statement. An explanation of the significance of such ratings may be obtained only from the rating agency furnishing the same. The County furnished to such rating agencies the information contained in a preliminary form of this Official Statement and other information. Generally, rating agencies base their ratings on such materials and information, as well as their own investigations, studies and assumptions. Such ratings may be changed at any time and no assurance can be given that they will not be revised downward or withdrawn entirely by any or all of such rating agencies if, in the judgment of any or all, circumstances so warrant. Any such downward revision or withdrawal of any of such ratings may have an adverse effect on the market price of the Bonds.

LEGAL MATTERS

Approval of Legal Proceedings

The validity of the Bonds will be passed upon by Venable LLP, Baltimore, Maryland, Bond Counsel. The form of Bond Counsel's opinion is set forth in Appendix B to this Official Statement.

Tax Exemptions

In the opinion of Bond Counsel, under existing law, the interest on the Bonds (a) will be excluded from gross income for federal income tax purposes, and (b) will not be an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, such interest will be taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations (as defined for federal income tax purposes), and may be subject to the branch profits tax imposed on foreign corporations engaged in a trade or business in the United States.

Under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the Bonds. These include a requirement that certain investment earnings received from the investment of the proceeds of the Bonds be rebated to the United States of America under certain circumstances (or that certain payments in lieu of rebate be made) and other requirements applicable to the investment of the proceeds of the Bonds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County will covenant to regulate the investment of the proceeds of the Bonds and to take such other actions as may be required to maintain the includability from gross income for federal income tax purposes of interest on the Bonds.

However, Bond Counsel assumes no responsibility for, and will not monitor, compliance with such covenants. In the event of noncompliance with such covenants, the available enforcement remedies may be limited by applicable provisions of law and, therefore, may not be adequate to prevent interest on the Bonds from becoming includable in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

Interest on the Bonds will not be included in the alternative minimum taxable income of individuals, corporations or other taxpayers as an enumerated item of tax preference or other specific adjustment. However, for purposes of calculating the corporate alternative minimum tax, a corporation will be required to increase its alternative minimum taxable income by 75% of the amount by which its "adjusted current earnings" exceed its alternative minimum taxable income (computed without regard to this current earnings adjustment and the alternative tax net operating loss deduction). For such purposes, "adjusted current earnings" would include, among other items, interest income from the Bonds. In addition, interest income on the Bonds will be includable in the applicable taxable base for the purposes of determining the branch profits tax imposed by the Code on foreign corporations engaged in a trade or business in the United States.

There are other federal income tax consequences of ownership of obligations such as the Bonds under certain circumstances, including the following: (i) deductions are disallowed for certain expenses of taxpayers allocable to interest on tax-exempt obligations, as well as interest on indebtedness incurred or continued to purchase or carry tax-exempt obligations and interest expense of financial institutions allocable to tax-exempt interest; (ii) for property and casualty insurance companies, the amount of the deduction for losses incurred must be reduced by 15% of the sum of tax-exempt interest income and the deductible portion of dividends received by such companies; (iii) interest income which is exempt from tax must be taken into account for the purpose of determining whether, and what amount of, social security or railroad retirement benefits are includable in gross income for federal income tax purposes; and (iv) for S corporations having Subchapter C earnings and profits, the receipt of certain levels of passive investment income, which includes interest on tax-exempt obligations such as the Bonds, can result in the imposition of tax on such passive investment income and, in some cases, loss of S corporation status.

A purchaser's tax basis in a Bond may exceed the amount payable at maturity for the Bond such that the Bond will be considered to have been issued at a premium for federal income tax purposes. In such a case, a purchaser must determine the amortizable bond premium based on the amount payable for the Bond on the maturity or other call date that produces the lowest yield to maturity on the Bond to the purchaser. The amortizable bond premium that accrues during the period the purchaser holds the Bond (determined by using the constant yield method) must be applied to reduce the purchaser's tax basis in the Bond for purposes of determining gain or loss to be recognized for federal income tax purposes upon a sale or other disposition of the Bond. Even though the purchaser's basis will be reduced, no federal income tax deduction will be allowed. Purchasers of any Bonds at a premium, whether at the time of initial issuance or subsequent thereto, should consult with their own tax advisors with respect to the determination and treatment of premium for federal income tax purposes and with respect to state and local tax consequences of owning such Bonds.

The initial public offering price of certain maturities of the Bonds may be less than the amount payable on such Bonds at maturity (the Bonds of such maturities are referred to herein as "Discount Bonds"). The difference between the initial public offering price at which a substantial amount of the Discount Bonds of the same maturity was sold and the principal amount of such Discount Bonds payable at maturity constitutes "original issue discount." Original issue discount on the Discount Bonds will be treated as interest on the Bonds for purposes of federal income taxation. In the case of any holder of Discount Bonds, the amount of original issue discount which is treated as having accrued with respect to such Discount Bonds will be added to the cost basis of the holder in determining, for federal income tax purposes, gain or loss upon disposition (including sale, redemption or payment at maturity). A holder of a Discount Bond will recognize gain or loss upon the disposition of the Bond (including sale, redemption or payment at maturity) in an amount that is equal to the difference between (i) the amount received upon such disposition and (ii) the sum of (a) the holder's cost basis in the Discount Bond and (b) the amount of original issue discount, which is treated as having accrued during the period the holder held such bond.

Original issue discount on Discount Bonds will be attributed to semiannual compounding periods during the life of each Discount Bond in accordance with a constant rate of interest accrual method. The yield to maturity of the Discount Bonds is determined based on semiannual compounding. Such yield is then used to determine an amount of accrued interest for each semiannual compounding period. For this purpose, interest is treated as compounding semiannually on days which are determined by reference to the maturity date of the Discount Bonds. The amount of original issue discount which is treated as having accrued in respect of a Discount Bond for any particular semiannual compounding period is equal to the excess of (i) the product of (a) one-half of the yield for the Discount Bond (adjusted as necessary for an initial short period) multiplied by (b) the amount that would be the tax basis of such Discount Bond at the beginning of such period if held by an original purchaser who purchased at the initial public offering price, over (ii) the amount actually payable as interest on such Discount Bond during such period. The tax basis of a Discount Bond, if held by an original purchaser, can be determined by adding to the initial public offering price the sum of amounts that have been treated as accrued interest for such purposes during all prior periods. If a Discount Bond is sold or otherwise disposed of between semiannual compounding dates, then interest which would have accrued for that semiannual compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Prospective purchasers of the Bonds should consider possible state and local, excise or franchise tax consequences arising from original issue discount on the Bonds. In addition, prospective corporate purchasers of the Bonds should consider possible federal income tax consequences arising from original issue discount on the Bonds under the alternative minimum tax and the branch profits tax described above.

The Internal Revenue Service (the "Service") has a program to audit state and local government obligations to determine whether the interest thereon is includable in gross income for Federal income tax purposes. If the Service does audit the Bonds, under current Service procedure, the Service will treat the County as the taxpayer and the owners of the Bonds will have only limited rights, if any, to participate.

Interest paid on tax exempt obligations after December 1, 2005 is subject to information reporting for federal income tax purposes in a manner similar to taxable obligations. This reporting requirement does not in and of itself affect or alter the excludability of such interest from gross income for federal tax purposes or any other federal tax consequences of purchasing, holding or selling tax-exempt obligations.

Legislative proposals presently before Congress or that are introduced after the sale of the Bonds and prior to the issuance and delivery of the Bonds or after the issuance and delivery of the Bonds, if enacted, could alter or amend one or more of the federal tax matters referred to above and/or adversely affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposal may be enacted, and there can be no assurance that any such proposal would not apply to obligations sold or issued prior to the enactment of such proposal. Accordingly, prospective purchasers of the Bonds should consult with their tax advisors as to the status and potential effect of such proposals.

The foregoing is only a general summary of certain provisions of the Code as enacted and in effect on the date hereof and does not purport to be complete; holders of the Bonds should consult their own tax advisors as to the effects, if any, of the Code in their particular circumstances.

In the opinion of Bond Counsel, under existing law, the Bonds, their transfer, the interest payable thereon and any income derived therefrom, including any profit made in their sale will be exempt from state, county, municipal and other taxation of every kind and nature whatsoever within the State of Maryland, but no opinion will be expressed as to estate or inheritance taxes or to any other taxes not levied or assessed directly on the Bonds or the income therefrom.

Prospective purchasers of the Bonds should consult their own tax advisors with respect to the state and local tax consequences of ownership of the Bonds, including the taxable status of the Bonds and the interest payable on such Bonds in a particular state or local jurisdiction other than the State of Maryland.

COUNTY GOVERNMENT AND ADMINISTRATION

General

County Commissioners of Frederick County (the “County”) is a body corporate and politic, which performs local governmental functions within Frederick County except for those performed by its 12 incorporated municipalities. Certain independent agencies, which provide services to Frederick County residents, are funded by the County. See “Independent Agencies” under this heading.

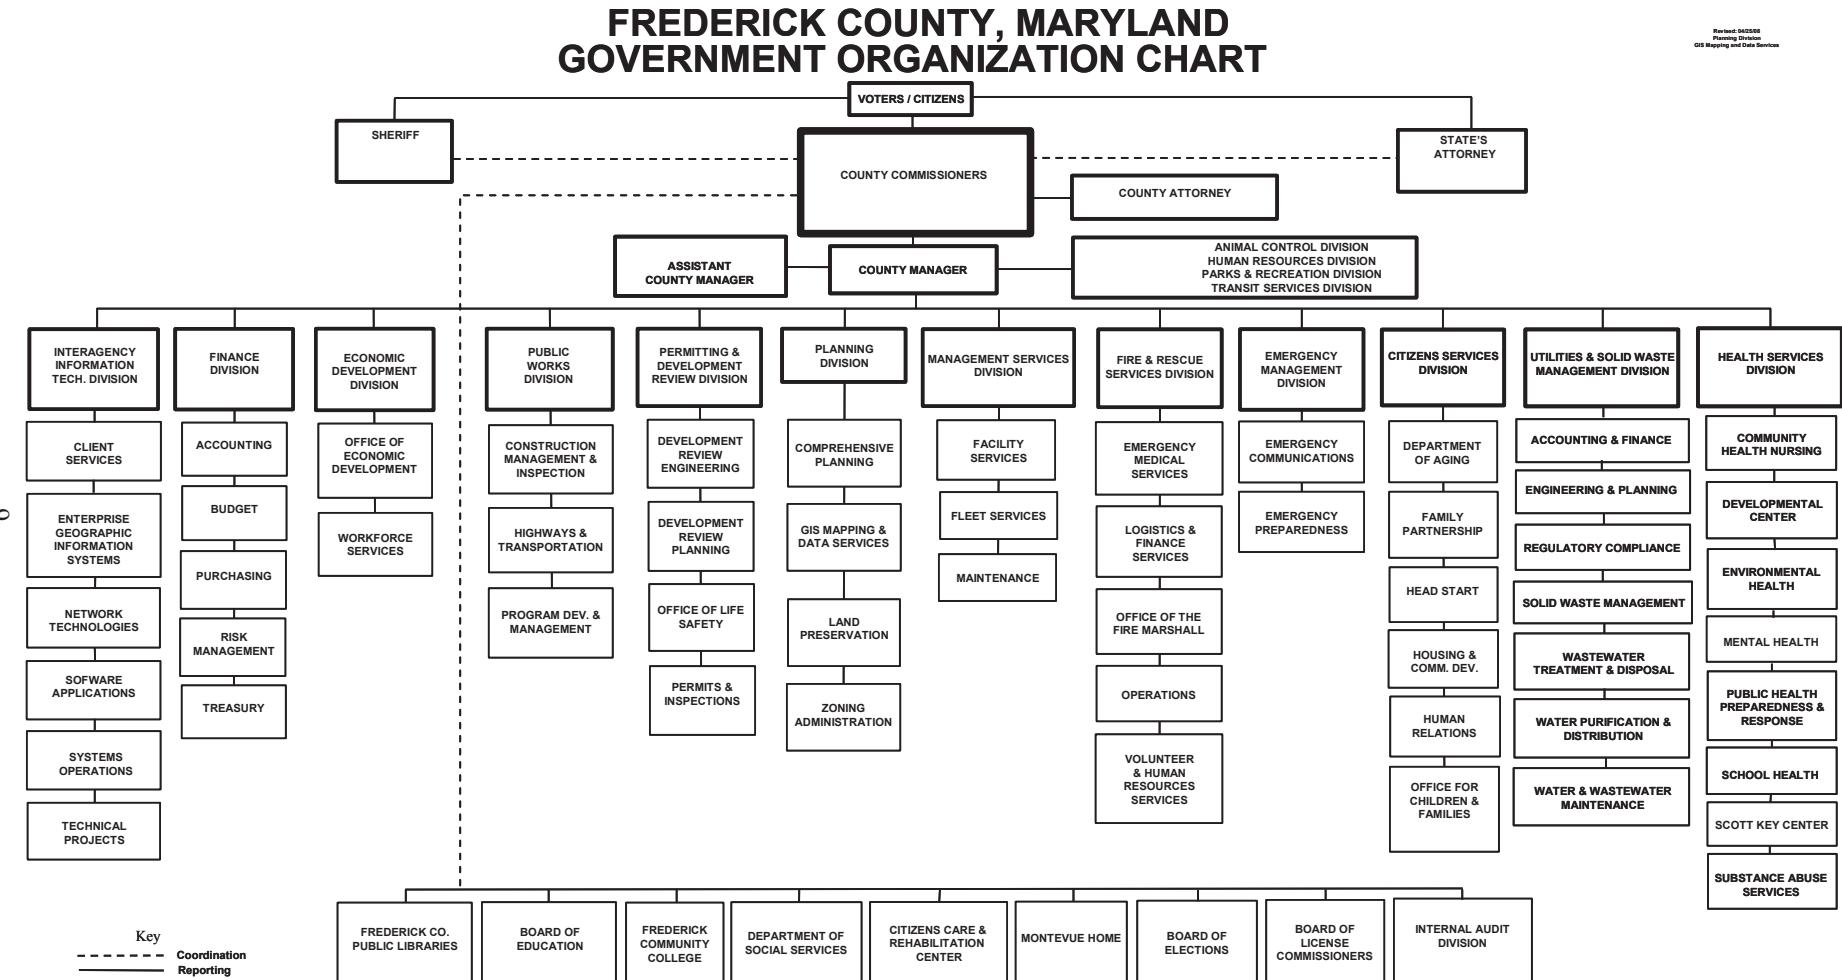

The County provides a full range of services, including fire and rescue; law enforcement; sanitation services; construction and maintenance of highways, streets, and infrastructure; recreational activities; and general government activities. The County’s sanitation services, i.e., water, sewer, and solid waste management, are wholly supported through user fees; the remaining services are primarily tax-supported. Incorporated municipalities within Frederick County provide some or all of the following services within their boundaries which relieves the County from providing these services in those areas: bulk trash collection, highway and street maintenance, parks and recreation, and police protection. There have been no recent significant changes or interruptions in the provision of these services.

Section 3 of Article 25 of the Annotated Code of Maryland of 1957, as amended (the “Maryland Code”) sets out the enumerated powers of the county commissioners of each county in the State of Maryland (the “State”) that is governed by county commissioners. Section 1 of said Article 25 declares the county commissioners of a county to be a corporation. Under Maryland law, the county commissioners combine executive and legislative functions.

The Board consists of five commissioners, all of whom are elected by the voters of Frederick County on a county-wide basis every four years. The Board may exercise only such powers as are expressly conferred on it: (1) by the Maryland General Assembly as codified in the Maryland Code, and (2) by public local laws enacted by the General Assembly of Maryland, which apply only to Frederick County and are codified in Part II (Code of Public Local Laws of Frederick County, 1979) of the Frederick County Code, 2004, as amended (the “County Code”).

Section 1 of Article 25 of the Maryland Code empowers the Board to appoint a clerk to the Board, and all other officers, agents and employees required for County purposes not otherwise provided by law. The County Code empowers the Board to appoint an attorney to provide it with legal services and a county manager to administer and supervise the daily operations of County staff.

The financial affairs of the County are administered by the Director of Finance. The Director of Finance’s duties include the disbursement of County funds, the keeping and supervision of all accounts, the control of all expenditures on the basis of budgetary appropriations and allotments, the preparation of bond sales, advising on debt management and the preparation of the County’s annual financial report. In addition, the Director of Finance is responsible for the procurement operation, the budget office, the treasurer’s office and the risk management office.

Certain Elected and Appointed Officials

Jan H. Gardner, President, has been serving the citizens of Frederick County as a county commissioner for the past ten years. Ms. Gardner is best known for her support of public education, intelligent growth management, agricultural preservation, and fiscal responsibility. She was appointed in 2008 to the Task Force on the Future for Growth and Development in Maryland which addresses critical growth and development issues throughout the state. She is a member of the 2007-2008 Rawlings Leadership Fellows Program and was recently honored for the second time as one of Maryland's Top 100 Women. Ms. Gardner is an active member of the Maryland Association of Counties (MACo) Board of Directors, currently serving as immediate past-president. Ms. Gardner graduated from the University of Notre Dame with a bachelor's degree in business administration majoring in finance and economics and received her master of business administration degree from Xavier University in Cincinnati, Ohio, graduating summa cum laude.

David P. Gray, Vice President, is serving his fourth term as a county commissioner. He served as president of the Board of County Commissioners in his third term from 1998-2002 and is currently serving as vice president. Mr. Gray also served as a member of the Frederick County Planning Commission from 1979 to 1990. In his first of three consecutive terms, from 1990 to 2002, Mr. Gray successfully advocated for a Frederick County Ethics Ordinance and the County's first Adequate Public Facilities Ordinance. Mr. Gray received his bachelor of electrical engineering degree from the University of Delaware in 1963, and pursued his career in engineering until 1989 when he and his wife partnered in business as tax consultants. Mr. Gray continued his studies in business law, accounting, and computer networking, as well as in corporate and individual tax analysis. He is a licensed NASD investment representative and has achieved the IRS status as an enrolled agent.

Kai J. Hagen, Commissioner, is serving his first term as county commissioner. Mr. Hagen attended college in Minnesota and lived for a time in California, where he managed a number of nonprofit organizations before moving to Frederick County to stay in 1995. For three years, he wrote bi-weekly columns for both the *Gazette* and *The Frederick News-Post*. He served as a member of the Frederick County Parks and Recreation Commission, was appointed to the Frederick County Citizens Zoning Review Committee, and also co-chaired the Western Maryland Committee of Reality Check Plus. Comprised of business, civic and elected leaders from Western Maryland, Reality Check Plus is a series of exercises designed to establish a 25-year projection for housing and employment requirements and opportunities across the State. Mr. Hagen was the director of the Frederick Regional Action Network, which effectively "promotes common sense solutions to persistent challenges associated with growth and development." He also directed on-line community development for large corporations and nonprofit organizations. Mr. Hagen has coached youth soccer and basketball in Frederick County for the last ten years.

Charles A. Jenkins, Commissioner, is serving his first term as a county commissioner. Mr. Jenkins currently serves as first vice chair of the National Capital Region Transportation Planning Board (TPB) of the Metropolitan Washington Council of Governments. The TPB is the federally designated Metropolitan Planning Organization for the region, which plays an important role as the regional forum for transportation planning. Mr. Jenkins is a veteran of the United States Navy, having served four years as a Navy cryptologist. During his tenure, he earned the Navy Achievement Medal and the Joint Services Achievement Medal. A 1990 graduate of James Madison University, he holds a bachelor's degree in the Russian language with minors in history and Russian studies. Mr. Jenkins is a private pilot and member of the Aircraft Owners and Pilots Association. He currently is a realtor at Re/Max 100.

John L. "Lennie" Thompson, Jr., Commissioner, has been a county commissioner since 1998 and served as the president of the Board of County Commissioners from 2002-2006. Mr. Thompson is a life-long resident of Frederick County. He earned an associate's degree in 1985 from Frederick Community College, an undergraduate degree in management and history in 1987 from Hood College, a master of business administration degree in 1990 from Hood College, and a juris doctor in 1993 from the University of Maryland School of Law. Mr. Thompson worked for 15 years at Farmers & Mechanics National Bank and since 1993, has had his own law practice. He served as a Walkersville town commissioner from 1980 to 1990 and as burgess of Walkersville from 1996 to 1998. He is a member of the Bush Creek Church of the Brethren, a member of the Walkersville Volunteer Fire Company, and a charter member of the Walkersville Volunteer Community Rescue Company.

Ronald A. Hart, County Manager, was first appointed to his position in March 1999 and served until his retirement in June 2002. In September 2007 Mr. Hart was again appointed as county manager. He is a 30-year County employee and prior to serving as county manager, held the positions of director of the Management Services Division for 12 years and director of the Department of Logistics. He earned his associate's degree from Frederick Community College, graduating with honors, and attended both the University of Maryland and Hood College. Mr. Hart is a retired captain from the U.S. Army Reserves after serving for 23 years. He is a licensed real estate agent in Frederick County and a member of the Frederick County Board of Realtors. Mr. Hart is a life-long resident of Frederick County.

Barry L. Stanton, Assistant County Manager, was appointed to his position in January 2007. Mr. Stanton brings over 28 years of professional experience in organizational management, public safety policy development and strategic planning to the position. As the assistant county manager, Mr. Stanton's role includes oversight of the Frederick County Emergency Management Policy Group and responsibility for daily operations of a number of divisions within County government. Prior to returning to Frederick County, he served as director of the Prince George's County Department of Corrections since November 1997. Before his appointment in Prince George's County, he worked his way up through the ranks in the Frederick County Sheriff's Office to become chief of the Bureau of Corrections. Mr. Stanton is a graduate of Frederick High School, Frederick, Maryland. Mr. Stanton received his bachelor's degree in sociology and criminal justice from Cheyney State University, Cheyney, Pennsylvania, and his master's degree in organizational management from the University of Phoenix, Columbia, Maryland.

John S. Mathias, County Attorney, was appointed to his position in September 1988. Mr. Mathias received his bachelor of arts degree in economics from St. John's University, Collegeville, Minnesota in 1976; his law degree from the University of Maryland School of Law, Baltimore, Maryland in 1979; and his master of business administration degree from the University of Minnesota Graduate School of Management, Minneapolis, Minnesota in 1985. Mr. Mathias was an attorney with the law firm of Murnane, Conlin, White, Brandt & Hoffman in St. Paul, Minnesota from January 1980 through April 1983. From May 1983 until February 1987, Mr. Mathias was an attorney with Tenneco Oil Company in Houston, Texas. From February 1987 until September 1988, Mr. Mathias was an assistant attorney general in the Antitrust Division of the Office of the Attorney General of Maryland in Baltimore, Maryland.

John R. Kroll, Director of Finance Division, was appointed to his position in March 2007. Before becoming director of the Finance Division, Mr. Kroll served as acting deputy director of the Finance Division for 17 months and was the budget officer from 2002 to 2005. Prior to his employment with Frederick County, Mr. Kroll was director of finance for Rockingham County, Virginia, and the City of Montpelier, Vermont. In addition he served as Director of Budgets and Grants Administration for the Boulder Valley School District in Boulder, Colorado, and as budget officer and budget analyst for the City of Longmont, Colorado. Mr. Kroll received his master's degree in public administration from the University of Colorado and bachelor of arts degrees from Virginia Polytechnic Institute and State University in philosophy and economics. He is a member of the Government Finance Officers Association and the Maryland Government Finance Officers Association.

Alan J. Hudak, PE, Director of Public Works Division, was appointed to his position in May 2000, and has been employed with Frederick County since June 1980. Prior to his appointment as director, Mr. Hudak held the positions of senior design engineer, division chief of the Department of Transportation Engineering, and bureau chief of the Department of Highways and Transportation. Mr. Hudak received his bachelor of civil engineering degree from Villanova University in 1973. He is a registered professional engineer in both Pennsylvania and Maryland. Prior to joining Frederick County, he worked for Pennsylvania Public Utility Commission (manufacturing firm) and as a private engineering consultant.

Eric E. Soter, Director of Planning Division, was appointed to his position in April 2007. Mr. Soter began his career with Frederick County in March 2002 serving as the director of the Department of Planning and Zoning and recently serving as the deputy director of the division since September 2005. Prior to his employment with Frederick County, Mr. Soter served as urban design director for the City of Gaithersburg, Maryland from 2001-2002, and as senior staff planner from 1999-2001. He also was employed with Carroll County Government from 1997-1999 as a transportation/comprehensive planner, and an associate planner with the Baltimore Metropolitan Council, a regional Metropolitan Planning Organization, from 1994-1997. In 1994, Mr. Soter earned a dual bachelor of science degree in Geography and Economics from Towson University, Towson, Maryland, and also earned a certificate in cartography and graphics. Mr. Soter is a member of the American Planning Association (APA), as well as the Maryland Chapter of the APA.

[Remainder of page intentionally left blank]

Laurie M. Boyer, Director of Economic Development Division, was appointed to her position in June 2007. She joined the Office of Economic Development (OED) in 2001 as a business development specialist and was named deputy director in 2005. In May 2006, she earned her Economic Development Certification (CecD) from the International Economic Development Council. Ms. Boyer has worked for Frederick County Government since 1996, and prior to joining OED, she served as the public information officer for the Board of County Commissioners. She is an active member of the Maryland Economic Development Association, and serves on the Downtown Frederick Partnership Board, Small Business Development Center Statewide Advisory Board, Workforce Development Board and the Frederick Innovative Technology Center, Inc. Board. Ms. Boyer has a bachelor's degree in communications and Spanish from Juniata College in Huntingdon, Pennsylvania, and a master's degree in communication studies from West Virginia University in Morgantown, West Virginia.

Michael G. Marschner, Director of Utilities and Solid Waste Management Division, was appointed to his position in February 2000 (the County's water and sewer utility and solid waste operations were previously administered by the Public Works Division), and has been employed with Frederick County since June 1983. Prior to his appointment as director, Mr. Marschner served in several other utility management positions in the County's Public Works Division including division chief of operations from July 1990 to June 1997, and bureau chief of the water and sewer operations from July 1997 to February 2000. Before Mr. Marschner's employment with Frederick County, he was employed as a sanitarian with the Baltimore County Health Department. A veteran of the U.S. Air Force, Mr. Marschner received his environmental technical training at the U.S. Air Force Technical Training School, Sheppard Air Force Base, Texas. Mr. Marschner is an active member of the American Water Works Association and the Solid Waste Association of North America. Mr. Marschner is an appointed and commissioned member of the Northeast Maryland Waste Disposal Authority.

Remuneration of Certain County Officials

The following table presents the annual remuneration for certain County officials as of March 1, 2007:

<u>Official Title</u>	
County Manager	\$160,000
County Attorney	150,710
Director of Utilities and Solid Waste.....	142,771
Director of Public Works.....	135,036
Assistant County Manager.....	125,361
Director of Finance.....	127,921
Director of Economic Development	112,580
Director of Planning	126,261

Retirement and Pension Programs

Frederick County employees participate in a single-employer pension plan, which is administered by the County in a separate trust fund, the Frederick County Employees' Retirement Plan and in two cost-sharing multiple-employer pension plans administered by the State of Maryland, the Employees' Retirement System of the State of Maryland and the Pension System for Employees of the State of Maryland.

Plan Descriptions

Single-Employer Pension Plan

The Frederick County Employees' Retirement Plan (the "County Plan") was established on July 1, 1993, under authority created by State legislation and Section 2-2-2 of the County Code.

Employees of the County hired on or after July 1, 1993, and current employees electing transfer into the County Plan on that date, are members of the County Plan. To be eligible for benefits, an employee must work 700 hours per year. Participation classification is based on the employee's status as either "uniformed" or "non-uniformed."

A uniformed employee may retire at the earlier of age 50 or 20 years of eligible service. Vesting begins after five years of service. Retirement benefits are calculated by formula and provide approximately 50% of average pay after 20 years or 66% after 28 years of service. Early retirement benefits are not available. Employees contribute 8% of their base pay. A non-uniformed employee may retire at the earlier of age 60 or 25 years of eligible service. Vesting begins after five years of service. Retirement benefits are calculated by formula and provide approximately 50% of average pay after 25 years or 60% after 30

years of service. An employee may also take early retirement with reduced benefits at age 55 with 15 years of service. Employees contribute 4% of their base pay.

The benefits payable under the County's Plan which are not funded by employee contributions are funded entirely by the County.

Cost-Sharing Multiple-Employer Pension Plans

The Employees' Retirement System of the State of Maryland (the "Retirement System") covers most employees hired prior to January 1, 1980, who did not elect to transfer into the County Plan. The Pension System for Employees of the State of Maryland (the "Pension System") covers employees hired between December 31, 1979, and June 30, 1993, plus Retirement System participants who have voluntarily joined the Pension System, less employees who elected to transfer into the County Plan. The Retirement System and the Pension System are hereinafter jointly referred to as the "State Systems."

Under the terms of the Retirement System, a member may retire after 30 years of service regardless of age, or at age 60 or over, with at least five years of service. A member is eligible for vesting after five years of service; however, the contribution must be left in the Retirement System in order to qualify for benefits at age 60.

Under the terms of the Pension System, a member may retire after 30 years of service regardless of age, at age 65 with two years of service, at age 64 with 3 years of service, at age 63 with 4 years of service, or at age 62 with at least 5 years of service. An employee may also take early retirement with reduced benefits at age 55 with 15 years of service. A member is eligible for vesting after 5 years of service however, the contribution must be left in the Pension System in order to qualify for benefits at age 62.

Benefits under both plans are established under Titles 22 and 23 of the State Personnel and Pensions Article of the Maryland Code.

Under Titles 22 and 23 of the Maryland Code, both the Retirement System and the Pension System are jointly contributory. Members of the Retirement System contribute 7% of their gross employee compensation. Members of the Pension System contribute 4% of their gross employee compensation. The Pension systems employee contribution rate increases to 5% beginning July 1, 2008. The benefits payable under the State Systems which are not funded by employee contributions are funded entirely by the County.

Funding Status and Progress

Single-Employer Pension Plan

The actuarial accrued liability was determined as part of an actuarial valuation at July 1, 2007 for the County Plan. At July 1, 2007, the unfunded actuarial liability (i.e., actuarial accrued liability less actuarial value of plan assets for the plan) was as follows:

Actuarial accrued liability:

Active participants.....	\$ 163,476,914
Vested terminated participants	5,948,154
Retired participants, beneficiaries and disabled participants.....	<u>71,438,928</u>
Total actuarial accrued liability.....	240,863,996
Actuarial value of plan assets	<u>182,523,585</u>
Unfunded actuarial liability	<u><u>\$ 58,340,411</u></u>

Contributions Required and Made

Single-Employer Pension Plan

Funding policy for the County Plan provides for periodic contributions based upon actuarial valuations. The projected unit credit cost method is the actuarial cost method used to determine the County's normal cost and the unfunded actuarial accrued liability. The County Plan's unfunded liability of \$58,340,411 is attributable to two sources, plan changes, cumulative gains/losses and assumption changes. Plan changes are amortized over a closed 30-year period and the cumulative gains/losses and assumption changes are amortized over an open 15-year period. As of July 1, 2007 there are two plan change bases which are currently outstanding – the COLA plan change (20 years remaining) and the July 1, 2000 plan improvements for all employees (22 years remaining). All amortization payments are calculated as a level percent of payroll which is assumed to increase 4% each year.

The County's actual contributions to the plan for fiscal year 2007 of \$14,019,851 were made in accordance with an actuarial valuation made at July 1, 2006.

Cost-Sharing Multiple-Employer Pension Plans

Due to the withdrawal of the County from the State Systems for all hires after June 30, 1993, the State calculated a net unfunded amount due from the County. The liability as of June 30, 2008 will be \$3,617,414. Interest and principal payments remaining due through maturity as of June 30, 2008, are \$4,311,720. The County paid the scheduled annual amount of \$862,344 to amortize and pay interest on the liability on December 30, 2007, thus meeting its required contribution to the State Systems for fiscal year 2008.

Other Post-Employment Benefits

The County and the Board of Education of Frederick County (the "Board of Education") provide their retirees with other post-employment benefits ("OPEB"). Both the County and the Board of Education have historically funded these programs on a pay-as-you-go basis, but are now required to account for OPEB on an actuarial basis (beginning in fiscal year 2008 in accordance with GASB 45). The County's actuary has determined, as of July 1, 2007, that the County's actuarial accrued liability ("AAL") related to active and retired County employees is \$148,969,000. The Board of Education's actuary has determined, as of July 1, 2007, that the Board of Education's AAL related to active and retired Board of Education employees is \$244,093,654. These figures use 7.75% (for the County) and 8.00% (for the Board of Education) discounted rates based on the assumption that the County and Board of Education will create and invest through trust funds dedicated to paying OPEB. The annual required contribution ("ARC") as of July 1, 2007 is \$13,858,000 for the County and \$27,257,835 for the Board of Education. The adopted budget for fiscal year 2008 has contributions to trust funds currently set at \$9,461,218 for the County and \$12,911,200 for the Board of Education. These calculations assume a five-year phase-in with the cumulative net OPEB obligation amortized over a closed 30-year period. In addition, the County has been accumulating funding in anticipation of implementing GASB 45 and an additional \$6,530,983 would be deposited to the County's trust fund for future use. The County and the Board of Education have recently approved final budgets for fiscal year 2009.

Labor Relations

As of June 30, 2007, the County employed 2,271 regular employees. The County has a merit system including a formal appeal and grievance process. Some County employees are members of the Maryland Classified Employees Association or the American Federation of State, County and Municipal Employees, but do not have the right to collective bargaining. The County has not experienced a work stoppage due to labor disputes and considers its relationships with employees to be satisfactory.

Effective July 1, 2005, State law allowed the County to enact an ordinance allowing voluntary collective bargaining concerning wages and benefits between the County and a duly certified organization representing employees of the County's Fire & Rescue Services Division ("DFRS"). While the County did enact an ordinance in March 2006, no bargaining took place for fiscal year 2008 because the organization representing DFRS employees failed to obtain certification within the allotted time. The County also decided not to participate in bargaining for fiscal year 2009.

The State law also authorized the certified representatives of certain full time deputy sheriffs and corrections officers in the Frederick County Sheriff's Office to collectively bargain with the Sheriff concerning wages and benefits. The Sheriff has engaged in collective bargaining with both of these groups for fiscal year 2009. Any additional funding that is required as a result of collective bargaining by the Sheriff is subject to the approval of the Board of County Commissioners.

Strikes on the part of the employees of the DFRS and deputy sheriffs and corrections officers in the Frederick County Sheriff's Office are not permitted.

The Frederick County Teachers Association represents the certificated employees (teachers) employed by the Board of Education. The Frederick County Teachers Association negotiates employment agreements that include rates of compensation with the Board of Education. Such negotiated agreements are not binding on the County. The County approves funding for the Board of Education.

Insurance

The County maintains commercial insurance for general liability, automobile, workers' compensation, law enforcement, public officials' liability, and catastrophic coverage. The County is required to provide unemployment insurance coverage for County employees.

Leases and Other Contracts

The County is financing the purchase of numerous pieces of telecommunications, highway, and fire and rescue equipment through various lease arrangements to be paid off over the next ten years.

The following is a schedule, by fiscal year, of the projected future minimum lease payments as of June 30, 2008, for all lease-purchase agreements:

Fiscal Year	Total Payment
2009	\$2,269,079
2010	1,731,528
2011	1,513,150
2012	1,158,903
2013	666,757
2014-2017	1,407,047
Subtotal	8,746,464
Less amount representing interest	(903,662)
Present value-net minimum lease payments	<u>\$ 7,842,802</u>

Frederick County is committed under various leases for building and office space, the majority of which are cancelable. These leases are considered for accounting purposes to be operating leases. Operating lease expenditures for fiscal year 2007 were approximately \$1,021,000.

In addition to contracts for goods and services incurred in the ordinary course of business of the County, the County is party to numerous other contracts, primarily with engineers, architects and contractors relating to capital projects. Funds necessary to meet the County's obligations in respect to such contracts have been appropriated in the Governmental Funds of the County.

Independent Agencies

Eight independent agencies submit yearly requests for funding to the County. These requests are subject to the County's budgetary process and must be approved by the Board. These agencies are the Citizens Care and Rehabilitation Center and Montevue Home Board of Trustees; the Board of Education; Frederick Community College; the Department of Social Services; the Interagency Internal Audit Division; the Board of License Commissioners; the Board of Elections; and Frederick County Public Libraries. Except for the Board of Education and Frederick Community College, whose board members are elected or appointed by the Governor of Maryland, members of the boards of the remaining agencies are either appointed by the Board or are designated members of other County agencies. The Board of Education, Frederick Community College and Frederick County Public Libraries are accounted for as component units. Citizens Care and Rehabilitation Center and Montevue Home are accounted for as separate enterprise funds but have a common board of trustees. All other agencies are funded for in whole or in part by the County's General Fund.

CERTAIN SERVICES AND RESPONSIBILITIES

Through its various departments, offices and related independent agencies (see "COUNTY GOVERNMENT AND ADMINISTRATION"), the County is responsible for supplying the following services:

Education

The Board of Education is responsible for the overall operation and policy decisions of the County's 64 schools. The Board of Education is comprised of seven members who are elected to serve four-year terms with a two-term limit. As of May 2007, the Board of Education, exercised control over 37 elementary, 14 middle schools, 9 high schools, and 4 vocational and special education facilities, accommodating 40,566 students, an increase of 251 from the previous year.

During the 2007-2008 school year, the teacher/student ratio was approximately 1 to 15. In June 2007, 2,868 students received high school diplomas.

The County's largest General Fund appropriation in its adopted fiscal year 2008 budget is \$222,197,297 for operating expenditures for public education. County appropriations for operating expenditures constituted an 8.17% increase over approved operating expenditures by the County for public education in fiscal year 2007. County funds for educational purposes

are requested and appropriated in accordance with categorical classifications delineated by the Education Article of the Maryland Code. County appropriations for capital expenditures for public education are \$13,949,000 in fiscal year 2008. The County expects to receive State aid of \$239,143,288 (including Federal funds pass through of \$17,781,629) and \$18,876,041 for operating and capital expenditures, respectively, for public education in Frederick County during fiscal year 2008.

Frederick Community College is a two-year community college offering three separate curricula: a transfer curriculum for those who wish to obtain a bachelor's degree; an occupational curriculum for those who seek entry-level employment; and a continuing education program for those who wish to upgrade basic skills or occupational skills. During the spring of 2008, 5,258 students enrolled in the academic programs of the College. Additionally, 15,000 (approx) students enrolled in non-credit continuing education programs during the 2007-2008 academic year. The fiscal year 2008 operating budget for Frederick Community College is \$35,860,455. Of this amount, 38% was appropriated from the County's General Fund. The balance of the College's funding is derived from a combination of State aid, student tuition and other miscellaneous sources. Additionally, the County funds certain capital improvements and renovations annually. New construction funding is usually shared by the County and State. The County's funding of the College's fiscal 2008 capital budget is \$11,272,500. Fiscal year 2007 capital funding totaled \$1,202,500.

Hood College and Mount St. Mary's University, private four-year liberal arts colleges, are located within Frederick County, but receive no funding from the County.

Police and Fire

The Frederick County Sheriff's Office is a full-service law enforcement agency, providing law enforcement services, correctional services and judicial support services to the citizens of Frederick County. The Sheriff's Office serves the community by protecting life and property, preventing crime, and preserving peace, order and safety.

The Sheriff's Office is comprised of two bureaus, the Law Enforcement Bureau and the Corrections Bureau. The Law Enforcement Bureau consists of the Administrative Services Division and the Operations Division and is staffed with 271 personnel. The Corrections Bureau consists of Administrative Services, Community Services, Inmate Services and Security Operations and is staffed with 190 personnel. The Sheriff's Office is an accredited agency through the Commission on Accreditation for Law Enforcement Agencies, the National Commission on Correctional Health Care, Maryland Commission on Correctional Standards, and the American Correctional Association.

In addition to traditional law enforcement services, the Law Enforcement Bureau offers a wide variety of support services to the citizens of Frederick County, including: victim services, domestic violence follow-up, school resource officer program, school crossing guard program, crime prevention programs, youth services programs, child safety programs, senior safety programs and child support enforcement.

The Corrections Bureau operates the Frederick County Adult Detention Center which is a full service correctional facility offering not only traditional incarceration, but all available alternatives to incarceration including: pretrial release (supervised release), home detention (electronic monitoring), alternative sentencing (community service hours) and work release. The Corrections Bureau also staffs a full service central booking facility, which processes all offenders arrested within Frederick County so that police officers can return to their patrol duties faster. At any given time, the Corrections Bureau supervises over 1,000 offenders a day.

The Frederick County Fire & Rescue Services Division provides fire, rescue and emergency medical services in conjunction with 26 volunteer fire/rescue companies operating from 30 stations. DFRS is comprised of 314 uniformed personnel responding with approximately 1,200 volunteers. Emergency response vehicles include 56 pumper, 8 aerials, 12 tankers, 9 squads, 30 brush trucks, 35 ambulances, and 8 medic units.

All volunteer companies receive funding for operating expenses and equipment through the County budget process. Private donations and fundraising remain significant sources of funding for volunteer company vehicles and buildings.

Fire tax districts provide tax revenues for DFRS firefighters and paramedics and for capital expenditures such as vehicles and stations. The first County-funded station opened in 2002 south of the City of Frederick. The second station, located in Spring Ridge, opened in August 2007. The County bills for ambulance service.

In 2001, fire tax districts were consolidated into two districts. The Urban Tax District funds 24/7 career staffing for the majority of Frederick County. The Suburban Tax District funds only weekday 12 hours/per day career staffing.

Emergency Management

The Division of Emergency Management is comprised of an Administrative Office and two operational departments that include Emergency Communications and Emergency Preparedness.

The Department of Emergency Preparedness coordinates the emergency mitigation, preparedness, response, and recovery efforts of Frederick County Government with appropriate public and private partners. The Department of Emergency Preparedness employs seven personnel.

The Department of Emergency Communications answers and distributes all 911 emergency and non-emergency requests in Frederick County. The Department is responsible for the dispatch of fire, rescue and ambulance services, and Frederick County Animal Control and law enforcement. Approximately 100,000 911 calls are received and dispatched annually. The Department of Emergency Communications is comprised of 58 personnel.

Planning and Zoning

The County has maintained a comprehensive planning program since 1956. This program has included long and short-range planning, zoning and land use management and preservation functions. The County's planning function is currently administered by a staff of 27 (including 16 professional positions). The planning functions are carried out through a number of citizen boards and commissions.

The Frederick County Planning Commission was created in 1955 with the responsibility of preparing and administering plans and development regulations for the County. The Board appoints seven members of the Planning Commission to five-year terms and one member is a County Commissioner serving in an ex-officio capacity. The Commission holds regular public meetings to review development and planning items. The members represent a diversity of viewpoints including agriculture, business, professional services, civic groups and environmental perspectives. The Planning Commission has final authority over site plans, subdivision plats, PUD plans, modifications to the subdivision regulations and determination of adequate public facilities for new developments. On items such as zoning map amendments, zoning or subdivision text amendments and adoption of countywide and regional plans, the Planning Commission has an advisory role through the provision of a recommendation to the Board, who has the authority to adopt, change or amend plans and regulations.

The planning function is further carried out by the Frederick County Board of Zoning Appeals, which was established in conjunction with the original Zoning Ordinance in 1959. The Board appoints 5 members and 1 alternate member of the Zoning Appeals Board to staggered 3-year terms. The Zoning Appeals Board adopts its own administrative procedures and has the powers to: hear and decide appeals where it is alleged there is an error in any order, requirement, decision or determination made by an administrative official in the enforcement of the Zoning Ordinance; hear and decide special exceptions authorized in the Zoning Ordinance; and authorize, upon appeal in specific cases, a variance from the terms of the Zoning Ordinance.

Other boards and commissions include the Agricultural Preservation Advisory Board, the Agricultural Reconciliation Committee, the Historic Preservation Commission and the Monocacy Scenic River Advisory Board.

The County's Comprehensive Plan (the "Plan") was first adopted in 1959 and has been reviewed periodically, with the latest revision adopted in October 1998. It provides goals and policies for the County's future development as well as recommendations for land use, public services, highways, and utilities including schools, parks, libraries, water and sewer. The Plan is implemented through the County's zoning ordinance, which was last comprehensively updated in 1977 and is currently undergoing a comprehensive review. The County maintains and annually updates a six-year Capital Program of public improvements related to development and service needs; semiannually updates a Master Water and Sewer Plan; and biennially updates a Solid Waste Plan. In December 1991, the County adopted an Adequate Public Facilities Ordinance to coordinate the timing of development with the adequacy of public facilities such as schools, roads, and water/sewer. In July 1993, an impact fee was adopted to partially offset the capital costs of new school construction. The impact fee was expanded in January 2001 to include capital costs of library facilities and to provide for an annual adjustment to reflect the construction cost index. The County also has established an Agricultural Preservation Program, which provides for farmland preservation through voluntary farm districts as well as easement acquisitions. See "ECONOMIC AND DEMOGRAPHIC FACTORS – Agriculture".

The County has an active program for the review and update of its planning program and development regulations in order to assure their adequacy and timeliness for future growth. The County has adopted a planning process, which calls for the Plan to be reviewed and updated every five years. The Plan update consists of two major tasks: update of the Countywide Plan, known as Volume I; and update of eight Regional Plans, known as Volume II. A comprehensive update of the Volume I Plan was approved by the Board on October 6, 1998. Two regions are scheduled to be updated each year. The Urbana Plan was

updated in 2004. The New Market Plan and Walkersville Plan were updated in 2006. The Thurmont Region Plan is currently under review as it was last updated in 1995. The New Market Region Plan is currently being reconsidered by the Board and is scheduled for re-adoption in the summer of 2008. The other regions were last adopted as follows: the Middletown and Brunswick Plans in 1997-1998; the Adamstown Plan in 2001; and the Frederick Region Plan in 2002.

In January 2008, the Board launched its Growth Management Initiatives to update the Plan and zoning map, as well as strengthen the Adequate Public Facilities Ordinance. These Plans and ordinances are expected to entail two-years of plan preparation, public outreach and participation, and Planning Commission recommendations prior to Board approval.

Permitting Services

In July 2003, the Board implemented a new, consolidated Division of Permitting and Development Review. This Division was established to provide for a “one-stop” location for all activities relating to the issuance of building, plumbing, electrical and gaming permits as well as the development plan review function. Staff for this Division was consolidated from the Planning and Zoning, Public Works and Emergency Services Divisions as well as new staff for legal support and administration. The new Division was established as an enterprise operation with revenues to be generated by permitting and plan review fees.

Roads and Highways

Frederick County is served by I-270 of the federal interstate highway system running northwest from Washington, D.C., to the City of Frederick and I-70 running west from Baltimore to and continuing through Frederick County. U.S. 15 runs north of the City, U.S. 340 runs south of the City and U.S. 40 runs east and west of the City.

The County-owned and maintained road system of approximately 1,257 miles supplements approximately 39 miles of State-maintained and federally aided interstate highways and approximately 350 miles of additional State-maintained primary and secondary roadways serving Frederick County. The County budget includes capital and operating expenditures of \$10,641,250 and \$12,811,464, respectively, for the County’s road system in fiscal year 2008. State Highway User Revenues to the County for highway maintenance through State-shared taxes is budgeted to be \$14,150,000 in fiscal year 2008.

Health

The County provides various health services to its citizens through the Health Services Division (“HSD”). HSD, alone or in conjunction with the Maryland Department of Health and Mental Hygiene and Maryland Department of the Environment, is responsible for the enforcement of all State and local health and sanitation laws. The HSD also provides services in the areas of nutrition, nursing, maternal and child health, family planning, dental health for children, school health, communicable disease, emergency response, developmental disabilities, mental health services, substance abuse treatment and prevention, geriatrics, food service facility inspections, and well and septic inspections. Funding for the HSD is shared among County funds, both matching and non-matching, State and Federal funds, and client fee collections.

Nursing Home and Assisted Living Facilities

The County operates a licensed 170-bed intermediate and skilled-care nursing home, Citizens Care & Rehabilitation Center, in the City of Frederick. The average occupancy rate for fiscal year 2007 and fiscal year 2008 is approximately 84%. The primary third-party reimbursement is through Medicaid. Budgeted expenses for fiscal years 2007 and 2008 were \$13,604,730 and \$14,911,355, respectively. The fiscal year 2008 budget included 173.75 full time equivalent positions, consisting of full-time and part-time personnel.

Located adjacent to the nursing home is the Montevue Home, a 60-bed assisted living facility. Montevue provides minimal care with most patients responsible for self-care with the exception of the administration of medication. Budgeted expenses for fiscal years 2007 and 2008 were \$2,525,988 and \$2,749,161, respectively.

Solid Waste

The Division of Utilities and Solid Waste Management (DUSWM) is responsible for the planning, design and management of the County’s solid waste disposal system and programs. The County’s primary disposal facilities are located at its 529-acre Reich’s Ford Road Landfill property, which includes the 72-acre Site A landfill, the 58-acre Site B landfill, and a 17-acre rubblefill. The Site A landfill ceased operating in August 1997 and its closure was completed in December 1998. Closure construction included the deployment of a synthetic cap, a landfill gas extraction and collection system, and a flaring system. Site A is maintained as an open, grassed space. To the south of Site A is a closed rubblefill. The County operates a yard waste mulching operation on the rubblefill footprint. Since the County’s rubblefill was unlined, it was closed on

September, 2001, in accordance with State regulations. The construction contract for closure and capping of the rubblefill was initiated in September, 2005 final acceptance of this contract occurred in August, 2007 and a bituminous hard surface for the yard waste mulching and composting was completed in May 2008. Rubble is now being accepted and co-disposed at Cell 2 in the Site B landfill or transferred to other solid waste facilities along with municipal solid waste. Rubblefill closure construction was completed in fiscal year 2007. As a post closure end use, the rubblefill site will be used for yard waste mulching operations.

The State approved Site B permit documents in fiscal year 1995. Site B, adjacent to Site A, includes an 18-acre Cell 1, a 28-acre Cell 2 and a 12-acre Cell 3. All of the disposal cells within Site B are constructed with a double composite liner system. Cell 1 construction was completed and operational by January 1997. Cell 1 reached its interim capacity prematurely in August 2000, resulting in the immediate need to temporarily transfer waste to an out of state landfill. This temporary waste transfer operation lasted until the construction of the first half of Cell 2 was completed and operational in August 2001. Construction of the second half of Cell 2 was completed and operational by November 2003. Cell 2 reached approximately 95% of its capacity in December 2005, at which time waste transfer operations were initiated. The construction of the sub title D liner system for third Cell was completed in August 2006 and is in service receiving approximately 50 tons per day ("TPD") of waste.

Leachate from both Site A and B landfills is processed at an onsite Leachate Treatment Plant located between Site A and Site B. This plant collects and treats leachate and discharges the treated effluent into Bush Creek. The County also operates a comprehensive Groundwater and Gas Monitoring Program for Sites A, B and the rubblefill. DUSWM is presently executing a project that will extend a sewer interceptor along Bush Creek to a point where the Leachate Treatment Plant discharge could be connected, eliminating the Leachate Plant's direct discharge into Bush Creek.

Construction of Cells 1 and 2 was funded with proceeds from the County's Public Facilities Bonds of 1995 and 2000, respectively. Funding for the Leachate Treatment Plant, Stormwater Diversion Project and Site A Closure Project was from the Maryland Department of the Environment ("MDE") Revolving Loan Program. The proposed Cell 3 Construction and Rubblefill Closure Project have been granted approval for funding from the Revolving Loan Program.

Other than through its curbside collection recycling program the County does not provide or fund waste collection services. Municipal or private waste haulers collect trash in Frederick County and use the County's Reich's Ford Road Landfill as their primary disposal facility for municipal solid waste generated in Frederick County.

The County's Recycling Program includes curbside collection for approximately 54,000 homes, 12 satellite drop-off locations and 2 yard waste drop-off sites with mulching operation.

Solid Waste Initiatives

The County has pursued two specific initiatives to extend the operational life of the Reich's Ford Road Landfill. These initiatives are focused on two principle objectives. First, conserve air space in Cell 3 by using out of state landfill capacity. Second, pursue a major permit modification for the Site B landfill to increase its height by 105 feet.

In March, 2003 the County submitted a Phase 1 application to MDE, seeking a modification of the permit. The modification was to slightly change the slope of the landfill and increase its height. Phase 2 and 3 documents were submitted to MDE in March 2005. MDE conducted a public hearing in December 2005. The requested modification to the permit was tentatively approved in May 2007. However, several residents in the area of the landfill requested an administrative review of MDE's tentative approval. MDE delayed issuance of the final permit pending resolution of the administrative review.

In November 2007, a hearing was held before an Administrative Law Judge (ALJ) of the Maryland Office of Administrative Hearings. The ALJ entered a proposed decision, upholding the decision of MDE. In April 2008, the office of the Secretary of the Maryland Department of Environment issued a final decision, which concluded that the modification was proper. On May 9, 2008 the MDE issued the County its new Refuse Disposal Permit for the Site B landfill (No. 2003-WMF-0582), which includes the requested vertical expansion of the landfill. The vertical expansion provides an additional 2 million cubic yards of landfill disposal capacity without the need to construct additional lined disposal cells.

The other initiative is the construction of a permanent solid waste transfer and processing facility. The design and permitting of the transfer and processing facility has been completed. The facility construction was delayed due to a legal challenge by a local citizens group. The County prevailed in both the Circuit Court and Maryland Court of Special Appeals and subsequently bid the construction of the transfer station. Bids for the transfer station were received in March 2007 and the construction contract was awarded a month later. The transfer station is scheduled to be completed in June 2008 and will begin operation in July 2008.

In April, 2005 the County secured a long-term transportation and disposal contract, through the Northeast Maryland Waste Disposal Authority (the "Authority"), with Waste Management Inc. The contract provides the County with waste transportation services and landfill disposal capacity at several Waste Management Landfills in Virginia and Pennsylvania. The transportation and disposal contract is for an initial 6-year period with 4 optional one-year terms at the Authority's (County's) sole discretion. Transportation and disposal rates under this contract are subject to defined CPI and fuel cost adjustments. The agreement provides the County firm out-of-state landfill disposal capacity until 2015. To conserve capacity in the Site B landfill, the County initiated a temporary waste transfer operation in December 2005. This outside transfer operation will be moved into the new transfer station in July 2008. In securing waste transportation and disposal services for the permanent transfer operation, the County also included single stream recycling processing services in the contract with Waste Management. Once the transfer station construction is completed, the County will switch from dual stream to single stream recycling collection, which may allow the County to reduce its curbside recycling program costs.

In addition to the projects detailed above, the County has pursued other initiatives to address the County's long-term waste disposal infrastructure needs. In 2003, the County obtained enabling legislation allowing the County to become a member of the Authority. The Authority, created in 1980 by the Maryland General Assembly, is a regional quasi-state agency that assists its member jurisdictions to plan and develop efficient and reliable waste management systems. Also in 2003, the County obtained enabling legislation that allows the County to assess a solid waste disposal fee or system benefit charge ("SBC") for the developed properties in Frederick County. To assure that the County's Solid Waste Enterprise continues to operate on a self sufficient basis, the County implemented a countywide solid waste SBC in 2006. The revenue generated by the SBC supplements the revenues collected as tipping fees, allowing the County to set tipping fees at market rates. SBC revenues for fiscal year 2007 were \$2.4 million. SBC revenues for fiscal year 2008 were \$3.9 million.

To help address projected fiscal 2009 through 2011 revenue requirements for the solid waste enterprise, on May 21, 2008 the Board adopted new SBC charges that will take effect on July 1, 2008. At the same time the Board adopted higher tipping fees for municipal solid waste and construction and demolition debris. The increases in the SBC and tipping fees are needed to address the solid waste enterprise's increasing program costs, which are primarily attributed to recycling program expansions and increased transportation and disposal contract costs resulting from increases in diesel fuel costs. A brief summary of recent approved tipping fee increases is detailed below.

Material	FY2006	FY2007	FY2008	FY2009
Municipal Solid Waste (MSW)	\$59/ton	\$59/ton	\$71/ton	\$76/ton
Construction and Demolition (C&D)	\$68/ton	\$68/ton	\$80/ton	\$85/ton
Tires	\$160/ton	\$160/ton	\$160/ton	\$160/ton

The Board also adopted a monthly tipping fee escalation provision to ensure that the tipping fees are adjusted as cost associated with the Waste Management transportation (fuel) and disposal contract increase.

A summary of increases in the SBC, since they were adopted in January 2006, is shown below.

Property Designation	FY2007	FY2008	FY2009	FY2010	FY2011
Single Family Residential	\$23/yr	\$36/yr	\$80/yr	\$84/yr	\$88/yr
Multi Family Residential	\$13/yr	\$20/yr	\$44/yr	\$47/yr	\$49/yr
(Per 2000 ft²)					
Commercial Low	\$11	\$17	\$38	\$40	\$42
Commercial Medium Low	\$33	\$51	\$113	\$119	\$125
Commercial Medium	\$55	\$85	\$188	\$198	\$208
Commercial Medium High	\$77	\$123	\$272	\$286	\$301
Commercial High	\$98	\$152	\$336	\$354	\$372

The increase in the tipping fees, based on receiving an estimated 225,000 tons per year will produce approximately \$17.5 million in fiscal year 2009 for the Solid Waste Enterprise. The approved increases in the SBC will result in an estimated \$8.5 million increase in Solid Waste Enterprise Revenues for fiscal year 2009, \$9 million for fiscal year 2010, and \$9.4 million for fiscal year 2011.

In October 2005, R.W. Beck Inc. completed a study of Frederick County's long-term solid waste management options. The Beck Report concluded that the construction of a regional 1500 TDP waste to energy (WTE) facility would provide the County with the lowest cost long-term waste disposal option. The study compared three disposal options including long haul and disposal out of State, composting, and a County only and regional WTE facility. The report also provides several recommendations on how the County can provide low cost improvements to its recycling program, including the possible use of single stream recycling instead of the County's current multi-stream based collection. The report also provides alternative strategies for funding solid waste management services some of which require the County to obtain additional enabling legislation from the General Assembly. In an effort to explore the WTE recommendations contained in the Beck Report, the Board adopted Resolution No. 06-05 Waste to Energy Disposal Facility directing DUSWM and the Authority to pursue full service proposals for the design, construction and operation of a 900 TDP local (County only) WTE and a 1500 TPD regional WTE. An RFP for these services was released through the Authority in October, 2006. In March 2007 County staff accompanied representatives from the Authority and HDR Engineers on a technology tour of WTE facilities in several European countries. Pre-qualified vendors submitted formal proposals on April 20, 2007. Three proposals were received, two were deemed responsive to the RFP. The County, through the Authority, secured the services of HDR Engineers to comprehensively review the proposals. HDR and the Authority constructed a detailed financial model to evaluate the proposals. Based on the proposals the 1500 TPD regional WTE concept provided the lowest per ton waste disposal cost. After being briefed on the lower cost regional option, in December, 2007 the Board held a public hearing on the construction of a publicly owned regional WTE in Frederick County, Maryland. In February, 2008, the Frederick County and Carroll County Commissioners conducted a joint meeting regarding the regional WTE concept, at which time the Frederick County Commissioners voted 4-1 to express their interest in developing a regional WTE project that would serve both Counties. In April, 2008 the Board of County Commissions of Carroll County formally voted 2-1 to accept the County's offer and proceed to the next step in developing a joint WTE project. The Counties, though the Authority, are currently obtaining best and final offers from the two proposers and developing mutually acceptable contract terms to formally establish the relationship and responsibilities between the Counties and the Authority, related to the project.

Water Supply and Sewage Facilities

DUSWM is also responsible for the planning, design, operation and maintenance of the County's water supply and sewerage disposal systems. The County's water and sewer utilities are typically provided in unincorporated areas of Frederick County, although in some cases the County owns and operates utilities in incorporated towns or municipalities. The development of water and sewer infrastructure within Frederick County is controlled by the County's Comprehensive Plan and its subordinate Water and Sewer Plan.

Because of source water supply problems, the City of Frederick has requested that the County begin providing a significant portion of the City's current and future water supply. Major water transmission projects needed to provide water to the City of Frederick as well as the County's expanding water service areas, have been completed. The first of the two water treatment plant upgrades to supply capacity for the transmission system has been completed. The construction of the second phase expansion to 25million gallons per day ("MGD") is underway and will be completed in fiscal year 2010.

The County owns and/or operates 13 water treatment plants ("WTP"). The County's two largest treatment facilities rely on surface water while the other facilities rely on ground water. With the completion of the Potomac River Water Transmission project, approximately 88% of the County's water supply is now comes from the Potomac River, with the Lake Linganore WTP maintained as a backup supply. The remaining 12% of the County's source comes from deep well sources associated with the County's smaller water systems.

The County's recent completion of the Potomac River water transmission system establishes 32 MGD of water transmission capacity to serve the County's service areas south of the City of Frederick and east of the Monocacy River as well as a portion of the City of Frederick. In March 2006 the City of Frederick executed the County's Potomac River Water Supply Agreement (PRWSA), which among other things, formally establishes the City's participation in the funding of the County's Potomac River transmission system and treatment plant improvements so that the City can receive up to 8 MGD of water supply capacity. The first phase of improvements to the County's Potomac River New Design Water Treatment Plant (WTP) have been completed providing 1.5 MGD of the ultimate 8 MGD supply to the City of Frederick. The second phase of construction is ongoing, which will expand the WTP capacity to 25 MGD. This construction is scheduled to be completed in 2010. The City of Frederick is funding its share of the improvement that will provide them with up to 8.0 MGD. The total project costs of the related water supply infrastructure based on actual design and construction costs are \$125 million, with the

County funding approximately \$76 million and the City of Frederick funding \$49 million. These values include one remaining water line construction contract, estimated at \$6.6 million; actual construction costs for this contract may be higher or lower.

The County owns and operates 14 wastewater treatment plants (WWTP) and a leachate treatment facility; all but one has a design capacity less than 0.5 MGD. These smaller, minor treatment facilities provide sewer service to individual subdivisions and small incorporated and unincorporated municipalities within Frederick County.

The County's largest WWTP is located at the confluence of the Monocacy River and Ballenger Creek. Known as the Ballenger Creek WWTP, this facility has a design capacity of 6.0 MGD. This facility treats wastewater that originates from areas south of the City of Frederick and east of the Monocacy River. This facility also receives wastewater flow from the County's Monocacy sewage collection system, which is a large sewage conveyance system that serves areas within a portion of the City of Frederick as well as areas immediately north of the City of Frederick and the entire Town of Walkersville. Wastewater flow values for the Monocacy system are reported as part of the total flow treated at the Ballenger Creek WWTP. Originally treatment capacity beyond the 6 MGD available from the Ballenger Creek WWTP was planned to occur through the construction of second (sister) plant next to the Ballenger Creek facility, on property owned by the County known as the McKinney site. In March 2006 the County's engineering consultant team of Whitman Requardt and Associates and CH2MHILL finalized the facility plan for the Ballenger Creek-McKinney WWTP. This facility plan determined that the optimal expansion of the facility should be to 15 MGD instead of the originally programmed 12 MGD. This greater increase in capacity was based in part on 20-year projected capacity needs and available assimilation capacity in the receiving stream (Monocacy River). The facility plan also recommended that the increase in capacity should be through an expansion of the Ballenger Creek WWTP, using a portion of the McKinney site. In this way, the operations of the facility would be simplified and State mandated Enhanced Nutrient Removal (ENR) requirements could be optimized reducing overall project complexity and cost. Following the consultants' recommendations, DUSWM applied to increase to its National Pollutant Discharge Elimination System (NPDES) permit for the Ballenger Creek-McKinney WWTP. The County simultaneously pursued an ENR grant from the Maryland Department of the Environment (MDE), for that portion of the improvements that will provide ENR for 6 MGD of existing capacity associated with the Ballenger Creek WWTP. On August 25, 2006 the County received an ENR grant commitment of \$17.62 million or 26% of completed costs for the Ballenger Creek – McKinney WWTP project. On November 30, 2006 the County received its NPDES permit for the Ballenger Creek-McKinney project, increasing the discharge and pollutant loading to allow for a 15 MGD discharge to the Monocacy River. Final design of the WWTP upgrade is 60% complete. Based on the 60% design the current construction cost estimate for the project is \$152 million. In light of the increased costs DUSWM pursued and secured additional MDE grant funding commitments totaling \$39 million as well as a low interest rate State revolving fund loan commitment from MDE for \$50 million. In the interim, while the 15 MGD project was being planned and designed a 1 MGD increase in the WWTP capacity was designed and is now under construction. This project will expand the Ballenger Creek WWTP to 7 MGD and provide additional allocable wastewater treatment capacity until the 15 MGD project is complete. The improvements to increase the facilities capacity to 7 MGD will be completed in fiscal year 2009. The construction of the 15 MGD improvements is scheduled to begin in February 2009 and be completed in fiscal year 2011.

The expanded (15MGD) Ballenger Creek-McKinney WWTP will also provide some additional capacity for the City of Frederick, the amount of which has not yet been identified by the City. The County and the City are currently working on a wastewater capacity agreement that will complement the PRWSA.

As of December 31, 2007, the County owned and operated the following sewerage and water systems:

<u>System</u>	<u>Equivalent Dwelling Units Served(3)</u>	<u>Millions of Gallons Per Day</u>	
		<u>Current Flow</u>	<u>Capacity</u>
Sewerage ⁽¹⁾

User Rates and Fees

In January 2001, the County commissioned a comprehensive water and sewer cost of service study for the water and sewer enterprise. The study included the development of a computer model to assist DUSWM in monitoring its revenue requirements and determining necessary rate increases. In fiscal year 2008 a comprehensive update to the model was completed which resulted in recommendations to increase water and sewer capacity fees and to change the basis for non-residential Ready To Serve charges. On May 20, 2008 the Board adopted these recommended changes, establishing an annual escalation factor for the water and sewer capacity fees and increasing the Ready to Serve charges for non-residential customers based on the size of their meter. The Ready to Serve fee is a fixed availability fee billed quarterly regardless of consumption. The Ready to Serve fee calculation changes will result in an estimated \$1.3 million in additional water and sewer revenues in fiscal year 2009.

Parks and Recreation

The Parks and Recreation Division provides for acquisition and development of a County-wide park system including community, district and special use parks. The system includes 1,572 acres of parkland of which 1,030 acres are developed to some degree. The largest site is 247 acres. Additionally, the Division develops and manages community recreational programs and maintains County owned grounds.

The twelve municipalities also provide and maintain park systems, which include neighborhood, community and special use parks.

State and Federal parks within Frederick County are primarily utilized for natural and historical resource protection. There are four State parks in Frederick County: Cunningham Falls State Park, Gambrill State Park, Gathland State Park and Washington Monument State Park. Federal recreation areas include Monocacy National Battlefield, C&O Canal Park and Catoctin Mountain National Park (the site of the presidential retreat, Camp David).

ECONOMIC AND DEMOGRAPHIC FACTORS

Frederick County is included as a part of the Washington, D.C. Maryland Virginia Metropolitan Statistical Area (“Washington MSA”). The Maryland portion of the Washington MSA includes the following counties: Calvert, Charles, Frederick, Montgomery and Prince George’s.

Population of Frederick County, Municipalities and the State of Maryland

Between 1950 and 2000, the U.S. Census Bureau tabulated population of Frederick County increased approximately 214%. Frederick County has provided estimates for the years between the U.S. Census Bureau reports.

<u>Year</u>	<u>Population of Frederick County</u>

Education

Survey results of the number of high school students in the Maryland portion of the Washington MSA and the State as a whole who graduated in 2006, as a percentage of their ninth grade enrollment four grades earlier, are presented below:

Calvert County	86.9%
Charles County	89.9
Frederick County	96.3
Montgomery County	91.5
Prince George's County	86.5
State of Maryland	77.4

Source: Graduation Statistics and Holding Power: Maryland Public Schools: 2005-2006, Maryland State Department of Education.

The following table sets forth the years of school completed by persons 25 years of age or older as a percentage of the population described in the 2000 Census for Frederick County and the other counties in the Maryland portion of the Washington MSA and the State.

	<u>Calvert</u>	<u>Charles</u>	<u>Frederick</u>	<u>Montgomery</u>	<u>Prince George's</u>	<u>State</u>

Commuting Patterns

The Census Bureau 2006 American Community Survey determined the work commuting patterns for workers 16 years and older for the labor forces of each of Maryland's counties with populations of 50,000 or more and the City of Baltimore. Comparative figures for workers commuting outside the county of residence for the subdivisions in the Maryland portion of the Washington MSA are presented below:

Calvert County	58.7%
Charles County.....	59.0
Frederick County	42.4
Montgomery County	40.0
Prince George's County	61.2

Source: U.S. Census Bureau, 2006 American Community Survey, Table GCT0805.

Agriculture

Agriculture is one of the largest industries in Frederick County, with 49% of the total land acreage dedicated to farmland. According to the most recent U.S. Census of Agriculture (2002), there are 1,273 farms located in Frederick County with an average size of 154 acres each. Dairy farming is the major type of farming, and Frederick County is the largest producer of dairy products in the State. Frederick County provides one-third of all milk for the State and is the third largest producer of milk in the mid-Atlantic region. Frederick County leads the State in the production of dairy products, hay, turkeys and in the number of cattle sold, sheep, goats and their products, cattle and calves, horses and ponies, forage and corn for silage.

Dedicated to farmland preservation, the County is a participant in the Maryland Agricultural Land Preservation Program. This program provides for the purchase of development rights easements. As of May 1, 2008, Maryland Agricultural Land Preservation Foundation easements have been purchased on 17,038 acres with an additional 6,241 acres under the temporary district status. In combination with County and State Land Preservation Programs, there are protective easements on 39,461 acres. The County is now in the seventh year of agricultural land preservation Installment Purchase Program which has purchased easements to protect a total of 12,908 acres. Thirty-seven new applications have been received for the fiscal year 2008 Installment Purchase Program. Staff is in the process of making offers to these property owners.

Economic Development

The County is made up of a diverse business community and supports and cultivates the growth of entrepreneurship. The County boasts a supportive and business friendly climate as well as a strategic location, a highly skilled and well-educated workforce, an award winning educational system and an array of business associations and agencies to assist and foster the growth and success of businesses.

Frederick County had the 6th highest number of new jobs created for the State of Maryland from 2003 – 2007 (2nd Quarter), adding over 9,000 jobs during that timeframe. The industries that saw the most growth in employment in the private sector were professional and business services, leisure and hospitality, and the education and health industries. The average wage per worker was \$779 per week, up 15% from second quarter 2003.

The County's first business incubator, the Frederick Innovative Technology Center, Inc. ("FITCI"), was officially opened in January 2005 in Rosenstock Hall on the Hood College campus near Fort Detrick. It was filled to capacity, with 21 companies, within six months. FITCI opened a second incubator location on Metropolitan Court, south of the City of Frederick in 2007 and it was filled in one year. FITCI's tenant companies have created 106 new jobs in the last 3 years with an average salary of more than \$75,000/year, and FITCI has generated a 285% return on investment.

The County has experienced significant growth in the bioscience industry over the past few years. The growth is due in part to the County's access to the Federal labs and other public and private high tech facilities in the region. The location of Fort Detrick in Frederick is also a major contributor to the growth of the life sciences industry in Frederick County. Fort Detrick is home to the National Cancer Institute and the U.S. Army Medical Research Institute of Infectious Diseases, which is the lead medical research laboratory for the nation's biological defense program.

To support local advanced technology and bioscience businesses, the County partnered with the Technology Council of Maryland (TCM) to create a Frederick Network. TCM is a membership organization that supports the advanced technology and life science industries and coordinates various educational and networking events throughout the year.

The manufacturing industry represents approximately 8% of private sector employment in Frederick County. The top four manufacturing sectors are printing and publishing, industrial machinery and equipment, electrical and electronic equipment and the primary metal industries. Average annual wage rates for this sector have increased 19% over the past 5 years, compared to the overall private sector increase of 15%.

Transportation

CSX Corporation, Maryland Midland Shortline, and 34 truck lines provide railroad and truck freight service to Frederick County. Regular rail passenger service is provided by Amtrak and commuter rail services are provided by the Maryland Railroad Administration (“MARC”) to Washington, D.C. Frederick County has four MARC train stations, a downtown Frederick City location and a suburban location just south of the City of Frederick, as well as MARC service from Brunswick and Point of Rocks. Regular passenger bus schedules are maintained by the Greyhound Corporation. The Frederick Municipal Airport is served by a common carrier as well as by private, industrial, and charter aviation. Three major airports are within a 60-minute drive of Frederick County – Dulles International, Reagan National and Baltimore-Washington International Thurgood Marshall airports.

Utilities

Electric power in Frederick County is provided by the Allegheny Power Company, an operating unit of the Allegheny Power System, and Thurmont Municipal Light Company, which serves the incorporated town of Thurmont. Natural gas service is provided by the Frederick Gas Company, a subsidiary of the Washington Gas Company, and South Penn Gas Company, which services the incorporated town of Emmitsburg.

Health Care

Frederick Memorial Healthcare System (“FMH”) is a not-for-profit healthcare delivery system serving Frederick County and the surrounding area. FMH operates from multiple sites in Frederick County including an acute care hospital licensed for 233 beds with 2,400 staff.

FMH operations include a Regional Cancer Therapy Center, FMH Rose Hill, Corporate Occupational Health, the Glade Valley Nursing and Rehabilitation Center, Home Health Services, Hospice of Frederick County, FMH Diabetes Center, Home Medical Equipment, FMH Wellness Center, FMH Diagnostic Center, and two Immediate Care Centers, which provide walk-in care for non-life threatening cases.

Recreation and Leisure

There are many historical and cultural attractions in Frederick County including: the Weinberg Center for the Arts, the Delaplaine Visual Arts Center, the Maryland Ensemble Theatre, the National Museum of Civil War Medicine, the Barbara Fritchie House, the Children’s Museum of Rose Hill Park, Francis Scott Key’s Monument and Grave, Roger Brooke Taney House/Francis Scott Key Museum, the Camp David Museum, the Historical Society of Frederick County, the Seton Shrine Center, the Grotto of Lourdes, Lily Pons Water Gardens, Brunswick Railroad Museum, three covered bridges and an abundance of antiques shopping.

Frederick County also offers 15 golf courses, the Frederick Keys --a minor league Class A affiliate of the Baltimore Orioles, that plays at the Harry Grove Stadium in the City of Frederick, and numerous Civil War sites and local, state and national park facilities. The Appalachian Trail which runs from Georgia to Maine roughly follows the western boundary of Frederick County and skirts the Gathland State Park which contains the first monument to war correspondents.

Construction Activity

Construction activity as illustrated by the number of building permits issued and their estimated value is reflected below. This table reflects building activity in Frederick County including the incorporated municipalities:

Building Permits
Year Ending December 31

	2007		2006		2005		2004		2003	
	Issued	Value (000's)								
Residential	1,054	\$ 264,847	1,284	\$309,135	2,251	\$362,659	1,570	\$295,213	1,924	\$374,304
Other	3,966	572,795	4,690	282,219	5,021	213,069	5,727	172,870	5,428	139,551

Housing

The number of dwelling units completed in Frederick County, including the incorporated municipalities, for the five most recent available calendar years are listed below:

<u>Year</u>	<u>Single Family</u>	<u>Towns/Duplex</u>	<u>Mobile Home</u>	<u>Multi-Family</u>	<u>Total</u>
2007.....	583	246	7	218	1,054
2006.....	811	271	10	192	1,284
2005.....	989	425	9	828	2,251
2004.....	903	490	16	161	1,570
2003.....	1,079	554	15	276	1,924

Source: Frederick County Division of Planning

The age of the County's housing stock was determined by the 2000 Census to be relatively low. A comparison of housing units in the Maryland portion of the Washington MSA and the State of Maryland is set forth below:

	<u>Calvert</u>	<u>Charles</u>	<u>Frederick</u>	<u>Montgomery</u>	<u>Prince George's</u>	<u>State</u>
10 years old and under	37.4%	27.9%	28.3%	14.7%	15.6%	16.8%
11-20 years old.....	23.1	25.8	21.3	23.2	14.5	17.2
Over 20 years old	39.4	46.5	50.4	62.2	69.9	66.1

Source: Table DP-4. Profile of Selected Housing Characteristics: 2000. U.S. Bureau of the Census, 2000.

Land Use

Frederick County's land use is predominantly agricultural and woodland, with about 92,862 acres or 21.7% having been developed. The following table shows land use within Frederick County as of March 1, 2007:

	<u>Acres (1)</u>	<u>Percentage</u>
Agriculture	208,803	48.84%
Commercial/Industry	15,523	3.63
Institutional	2,207	0.52
Municipal	25,525	5.97
Residential	49,607	11.60
Resource Conservation/Water/Parks.....	<u>125,833</u>	<u>29.43</u>
Total.....	<u>427,502</u>	<u>100.00%</u>

(1) Totals may not add due to rounding.

BUDGET AND ACCOUNTING

The County budget is comprised of the Current Expense Budget ("General Fund Budget" or "Operating Budget"), the Capital Budget, and the Capital Program (a six year plan). Budgets are also adopted for Special Revenue, Enterprise and Internal Service Funds. The formulation of the County's budget is the responsibility of the Director of Finance, a County official appointed by the Board. Public local law requires that a balanced budget be adopted by the Board.

General Fund Budget

The General Fund Budget is prepared and submitted to the Board by the Director of Finance based on estimated revenues and expenditures of operations submitted by the County departments and agencies for the ensuing fiscal year. As submitted to the Board, the General Fund Budget must contain: fund balance in excess of 5 percent of the prior year's General Fund expenditures and transfers to the Board of Education and the Frederick Community College on a budgetary basis, if any; estimates of taxes and other revenues sufficient to balance said budget; recommended appropriations for current expenditures for each department, agency and non-departmental account and transfers to the Board of Education, Frederick Community College and Frederick County Public Libraries; amounts sufficient to meet all general obligation debt service requirements; and portions of the Capital Program to be financed out of current revenues during said fiscal year.

Operating and Capital Budgets and Capital Program

No department or agency of the County government may, during any fiscal year, expend or contract to expend any money or incur any liability or enter into any contract which by its terms involves the expenditure of money in excess of the amounts appropriated or allocated for the same general classification of expenditure (personnel, operating and capital outlay) in the budget for such fiscal year. No payment may be made nor any obligation or liability incurred which has not been provided for in the Operating or Capital Budget. No funds resulting from the issuance of bonds, certificates of indebtedness, notes or other obligations of the County may be expended for any project or projects not expressly set forth in the Capital Budget. Transfer of appropriations among the items set forth therein may be authorized with the approval of the Board.

The Capital Budget is the County's plan to receive and expend funds for capital projects during the ensuing fiscal year. The Capital Program sets forth the County's plan of proposed capital projects to be undertaken in the ensuing fiscal year and the next five fiscal years and the proposed means of financing such projects. The Capital Budget and Capital Program are prepared by the Finance Division in cooperation with the Planning Division from submissions by the County departments and agencies and must be approved by the Board. The portion of the cost of the Capital Budget that is to be paid from current funds is included in the Operating Budget as a transfer to the Capital Budget where the expenditures are recorded.

Accounting System

The accounts of the County are organized and operated on the basis of funds, each of which is considered a separate fiscal and accounting entity. The financial position and operations of each fund are accounted for with a self-balancing set of accounts recording revenue, other financing sources, expenditures/expenses, and other financing uses, together with all related assets, liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special, purposes, restrictions, or limitations.

Fund Structure

The County reports its financial activity on Government-wide and Fund Financial Statements in conformity with accounting principles generally accepted in the United States of America.

The Government-wide financial statements, which include the Statement of Net Assets and the Statement of Activities, report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. The Statement of Net Assets displays the financial position of the County as of the fiscal year end. Activities are reported on a consolidated basis and are reported on a full accrual, economic resources basis, which recognizes all long-term assets, including infrastructure, as well as long-term debt and obligations. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers who use, purchase or directly benefit from goods, services or privileges provided by a given function or segment, and grants that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

The Fund Financial Statements are identified in the financial statements of the County included in the County's Comprehensive Annual Financial Report located on the County's website (www.co.frederick.md.us). The fund types are: Governmental Funds, which include the General Fund, the Special Revenue Funds, and the Capital Project Fund; Proprietary Funds, which include the Enterprise Funds and Internal Service Funds; and Fiduciary Funds, which include Agency and Pension Trust Funds. Details of the County's fund structure are set forth in the Notes to the Financial Statements. The revenues and expenditures/expenses of the County are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent.

Basis of Accounting

As noted above, the Government-wide Financial Statements are reported using the economic resources measurement focus and the full accrual basis of accounting.

Relative to the Fund Financial Statements, the financial operations of the Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded at the time liabilities are incurred, except for interest on long-term debt which is considered an expenditure when due and accrued

annual leave which is considered an expenditure when paid. In addition, an encumbrance system is employed in the General, Special Revenue, and Capital Project Funds to account for expenditure commitments resulting from approved purchase orders and contracts.

The financial operations of the Proprietary and Pension Trust Funds are maintained on the accrual basis of accounting, in which all revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The Agency funds also use the accrual basis of accounting to recognize assets and liabilities.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (the “GFOA”) has awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its Comprehensive Annual Financial Report for fiscal year 2007. This was the twenty-sixth year (twenty-first consecutive year) that the County has received this prestigious award. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The County intends to continue to conform its Comprehensive Annual Financial Report to the Certificate of Achievement program requirements and will submit the report for the fiscal year ended June 30, 2008 to the GFOA.

CERTAIN REVENUES AND EXPENDITURES

General

The County’s principal source of General Fund revenue is taxes, which comprise \$395.2 million of the total \$428.6 million budgeted revenues in fiscal year 2008.

In conformity with accounting principles generally accepted in the United States as applied to governmental units and as discussed under “BUDGET AND ACCOUNTING - Fund Structure”, the County records its transactions under various funds. The largest of these funds is the General Fund, from which all general expenses of County government are paid and to which taxes and other revenues not specifically directed by law to be deposited in special funds, are deposited. In addition to the General Fund, several special revenue funds receive revenues from particular sources for specific purposes, all as prescribed by law.

Taxes

Ad valorem property taxes remain the County's most important source of revenues, amounting to 49.7% of total budgeted General Fund revenues and 53.9% of total budgeted local General Fund tax revenues in fiscal year 2008. By comparison, in fiscal year 2003, these percentages were 44.3% and 49.0%, respectively. The increase in property taxes between fiscal years 2003 and 2007 was 35.2% compared to increases in income tax revenues of 17.1% and other local tax revenues of 41.48%.

The following table represents the County's actual principal tax revenues by source for each of the five fiscal years 2003-2007, together with the budgeted revenues for fiscal year 2008:

	Total Local Taxes	General Property Taxes(1)	Income Taxes	Other Local Taxes
2008 Budget.....	\$395,154,000	\$212,771,000	\$159,600,000	\$22,783,000
2007	376,563,651	195,693,111	154,536,579	26,333,961
2006	356,993,425	181,637,755	144,199,778	31,155,892
2005	332,997,006	167,674,701	137,124,133	28,198,172
2004	310,432,882	152,677,680	132,462,327(3)	25,292,875
2003	295,281,711	144,707,212	131,949,827(2)	18,624,672

(1) Includes payment in lieu of taxes, additions and abatements, interest on taxes and tax credits.

(2) In fiscal year 2003, Frederick County received a one-time income tax distribution for capital gains of approximately \$16.0 million.

(3) In fiscal 2004, the County received approximately \$8.0 million from a timing change in the distribution of income tax.

Property Taxes

The assessment of all real and tangible personal property for purposes of property taxation by the County is the sole responsibility of the State Department of Assessments and Taxation, an independent State agency. In February 2008 the County imposed a personal property tax applicable to all fiscal years beginning after June 30, 2008. The tax is applicable only to the one subclass of personal property (machinery and equipment, other than operating personal property of a public utility, that is used to generate (i) electricity or steam for sale, or (ii) hot or chilled water for sale that is used to heat or cool a building). For State and County real property tax purposes, real property is valued at the currently phased-in market value. All property is physically inspected once every three years and any increase in value arising from such inspection is phased in over the ensuing three taxable years in equal annual installments.

Prior to legislation passed by the Maryland General Assembly during its 2000 Session, the Maryland real property assessment law had been a program of fractional property assessments. Beginning in fiscal year 2002, property tax rates are applied to 100% of the value of real property, rather than the 40% for most real property under prior law. On October 1, 2000, real property tax rates were reduced to 40% of their levels as of July 1, 2000. The County and municipal rates applicable to all personal property and operating real property of public utilities will be 2.5 times the property tax rate for real property so as to maintain them at their former levels. The changes made by this legislation are intended to be revenue neutral.

A tax credit is permitted against local real property taxes on certain owner-occupied residential property. The tax credit for tax years 1991-1992 and thereafter was computed by multiplying the prior year's taxable assessment by a percentage of between 100% and 110% (as determined by the State, each county and each municipality), subtracting that amount from the current year's assessment, and multiplying the difference, if it is positive, by the applicable tax rate. The County and most of its municipalities adopted 105% as the tax credit factor for tax year 2007-2008.

The State also provides a tax credit based on the ability of homeowners to pay property taxes. The credit is calculated by use of a scale, which indicates a maximum tax liability for various income levels. This credit can be supplemented at the local level. For fiscal year 2008, the County budgeted \$2,500,000 in tax credits which is entirely reimbursable from the State. In 2006, the County chose to supplement this credit however; subsequently the State expanded its credit eligibility, thereby substantially lessening the effect of the County's action. For 2008, the County's estimate of this supplement was less the \$100,000. Other budgeted tax credits not reimbursed by the State include \$75,000 for historic districts, and \$775,000 for agriculture land and buildings.

Exemptions from State and County property taxation include public property; property owned by religious groups or organizations for public religious worship; property owned by charitable, fraternal, benevolent, educational and literary organizations; property owned by a national organization of veterans; property owned by historical societies and museums; property owned by fire companies and rescue squads; operating property owned by railroad and transportation companies (exempt from State taxation only); tangible personal property of certain domestic corporations, savings institutions and commercial banks; inventory, manufacturing equipment, manufacturing inventory and certain rolling stock (exempt from local taxation only); vessels, aircraft and motor vehicles; farming implements, certain agricultural products and commodities; all

personal property located at a taxpayer's place of residence other than property used in connection with any business, occupation or profession; tools of mechanics or artisans; and non-operating property of public utilities and contract carriers (exempt from State taxation only).

The following table sets forth the assessment of all taxable property in Frederick County for fiscal years 2003-2007 and the County and State tax rates applicable in each of those years. As of July 1, 2005, the assessment of tax exempt property owned by federal, State and county governments, churches, schools, fraternal organizations, cemeteries, disabled and the blind aggregated \$1,930,325,968. Under applicable law, there are no limits on the rates of property taxes.

Tax Levies and Collections

Property taxes are levied as of July 1. Effective July 1, 2000, taxes on owner-occupied residential real property may be paid in two installments: one by September 30, and one by December 31. Discounts for timely payments are allowed through August 31 and taxes due and not paid by September 30 are subject to interest and penalties at a rate of 1% per month for each month or fraction thereof that taxes remain unpaid. Tax liens on real property are sold at public auction the second Monday in May when taxes have remained delinquent during the current fiscal year.

The County bills and collects its own property taxes and those of the State and municipalities. County property tax revenues are recognized when levied to the extent that they result in current receivables. State and municipality property taxes collected are remitted to the State and municipalities.

[Remainder of this page intentionally left blank]

The following table sets forth certain information with respect to the County's tax levies and tax collections for each of the five most recent fiscal years:

	Current Year's Taxes Collected in Year of Levy		Total Taxes Collected (Current and Delinquent)	Taxes Receivable	Taxes Receivable as a % of Current Year's Tax Levy
	Total Tax Levy	Amount	Percentage		
2007.....	\$184,151,444	\$183,777,116	99.8%	\$184,487,512	\$374,328 0.2%
2006.....	171,479,654	171,182,698	99.8	180,630,510	458,964 0.3

Source: Frederick County Treasurer's Office.

Income Tax

The State imposes an income tax on the adjusted gross income of individuals for the federal income tax purposes, subject to certain adjustments. Effective January 1, 2008, the personal State income tax rate is graduated up to 6.25%. Each county and Baltimore City must levy a local income tax at the rate of at least 1% of Maryland taxable income, but not in excess of 3.20%. The County's income tax rate is 2.96%, and has been the same since 2002. The County does not levy a local income tax on corporations. Local income tax was budgeted at \$149,460,000 for fiscal year 2007 and the fiscal year income tax was \$154,536,579.

Other Local Taxes

In addition to property taxes and income taxes, the County levies and collects miscellaneous taxes, the largest of which is the recordation tax on instruments conveying title to property and securing debt. Budgeted revenues from this tax in fiscal year 2008 are \$36,922,760 (including General Fund revenues of \$20,000,000) as compared to actual revenues for fiscal year 2007 of \$36,399,768 (including General Fund revenues of \$23,041,214). Actual revenues were \$43,625,863 (including General Fund revenues of \$28,356,811) in fiscal year 2006.

State and Federal Financial Assistance

The County receives grants from the Federal and State governments for use in the General, Special Revenue, and Capital Projects Funds. In addition, the Board of Education, Frederick Community College, Frederick County Public Libraries, and the Department of Social Services receive grants directly from the State. The following table summarizes some of the significant grants for fiscal year 2007, amended budget for fiscal year 2008, and unaudited projections for July 1, 2007 to June 30, 2008.

Selected Grant Awards

	Actual Operations Fiscal Year 2007	Amended Budget Fiscal Year 2008	Unaudited Projections July 1, 2007- June 30, 2008
Highway User Revenues	\$13,826,736	\$14,150,000	\$13,650,000

Water and Sewer Enterprise Fund

Water and sewer user charges are recorded when earned and expenses are recognized when they are incurred based on the accrual basis of accounting. Unpaid water and sewer user charges are a lien on the real property served and are collectible in the same manner as real property taxes.

With the closure of Eastalco Aluminum, a primary aluminum smelter, the County's largest water system customer is now the City of Frederick. The Eastalco water capacity has been reallocated and resold to other users. The County has already reallocated portions of the Eastalco capacity to a major pharmaceutical manufacturing facility located in the City of Frederick (MedImmune). Beginning in November 2007 the County, through its PRWSA with the City of Frederick, will begin supplying up to 1.5 MGD of water capacity to Frederick City. In April 2008 the DUSWM notified the City of Frederick that 1.5 MGD of water capacity was available through the PRWSA as a result of the first phase completion of the New Design Road WTP. The County has also been working with Fort Detrick on a water supply alternative that could provide the Fort with water from the County's Potomac River water supply system. The County's engineering consultant completed an interconnection study to evaluate options that may be used to directly, or indirectly, supply water to Fort Detrick. The indirect supply option involves using the City of Frederick water distribution; the City is currently evaluating this concept.

Prior to fiscal year 2002, water and sewer connection fees (also referred to as tap fees, capacity charges or capital recovery charges) were recorded when received as contributed capital. Effective with fiscal year 2002 and with implementation of GASB 33, these fees were recorded as capital contributions to the Water Sewer Enterprise Fund and reported on the Statement of Revenues, Expenses and Changes in Fund Net Assets after Net Income (Loss) before contributions and transfers. Also included in capital contributions is the cost of developer funded capital projects. For fiscal year 2007, the Water and Sewer Enterprise Fund reported \$10,418,678 of connection fees and \$13,869,467 in developer contributions for a total capital contribution of \$24,288,145. Overall for fiscal year 2007, net assets increased \$26,421,306 consisting of \$2,390,123 in net income, \$24,288,145 in capital contributions and (\$256,962) in transfers.

Per GASB 34 requirements, the Water and Sewer Enterprise Fund reported total Net Assets of \$313,778,889 for fiscal year 2007. Of this amount, \$214,154,929 was invested in capital assets, net of related debt; \$83,581,283 was unrestricted; and \$16,042,677 was restricted.

The current schedule of rates and charges for water and sewer service became effective on May 1, 2001.

Solid Waste Management Enterprise Fund

As of July 1, 1989, the Solid Waste Management Enterprise Fund was established to account for the operations of the County landfill and future solid waste activities. Revenues from user fees are the primary source of funds for operations, debt service payments and capital projects.

Landfill user charges (tipping fees) are recorded as revenues when billed. Unpaid tipping fees are assessed interest at the rate of 1% per month and access is denied to landfill users whose accounts are over 60 days past due.

[Remainder of this page intentionally left blank]

The following table summarizes the revenues and expenses of the Solid Waste Management Enterprise Fund for the five most recent fiscal years:

The implementation of the System Benefit Charge in fiscal year 2007 resulted in increased operating revenues. The fiscal year 2007 increase in total operating expenses is due to 12 months of contracted waste transfer operations. The increased transfer expense is partially offset by decreased depreciation and closure expense realized by not landfilling while awaiting completion of Cell 3.

The fiscal year 2006 increase in operating revenues was the result of the adoption of a revised tip fee schedule on July 1, 2005 to address the increased operating expenses attributed to the contracted waste transfer operations that began December 12, 2005.

The fiscal year 2005 increase in operating expenses is attributed to an increase in the closure cost of Site B.

The following table summarizes Solid Waste Management Enterprise Fund actual revenues and expenses for fiscal year 2007, amended budget, and actual unaudited operations from July 1, 2007 to December 31, 2007, with additional projections to June 30, 2008.

CERTAIN DEBT INFORMATION

Bonded Indebtedness of the County

The County may not issue general obligation bonds unless specific enabling legislation is passed by the Maryland General Assembly. In addition to the Bonds, the County has been authorized by the General Assembly to, among other things, (i) issue temporary notes during any single year in an amount up to \$100,000 to pay debt service on bonded indebtedness and \$5,000,000 to pay any expenses or obligations of the County, (ii) incur debt for the purpose of providing funds for the construction of water, sewerage, drainage systems and solid waste systems, as long as the amount issued, less any sinking funds or reserves to pay such bonds, does not exceed 6% of the valuation of all legally assessable property within Frederick County subject to unlimited County taxation, (iii) incur debt for the purposes of providing funds for the construction and improvement of public schools per Sections 5.601- 5.604 of the Education Volume of the Annotated Code of Maryland (2004 Replacement Volume, 2005 Supp.) as amended, and (iv) issue bonds in an amount up to \$170,638,201. This represents \$50,638,201 remaining authority under Chapter 145 of the Laws of Maryland of 2005 and \$120,000,000 remaining authority under Chapter 382 of the Laws of Maryland of 2007, which is equal to the authorization remaining prior to the issuance of the Bonds. The County is not subject to any general debt limitations with regard to its issuance of general obligation bonds other than water, sewer, drainage system and solid waste bonds and other specific types of bonds which are authorized to be issued under certain provisions of the Maryland Code, but any debt limitation which would be applicable to a particular issue of bonds would be contained within the enabling legislation enacted by the General Assembly of the State.

Any indebtedness authorized by the General Assembly may not be issued until a resolution authorizing the same has been adopted by the Board.

Except as described in "COUNTY GOVERNMENT AND ADMINISTRATION - Leases and Other Contracts", the County is not a party to any long-term leases, lease-purchase obligations, joint ventures, guaranteed debt, "moral obligation" indebtedness, output or supply contracts, take or pay or similar contracts or any other form of contingency indebtedness that does not appear on its balance sheet.

The following table sets forth the projected amount of the County's long-term general obligation bonded indebtedness issued and outstanding as of June 30, 2008:

- (1) In fiscal year 1999, the County defeased the Public Facilities Bonds of 1995 by placing the proceeds of the new bonds, Public Facilities Refunding Bonds of 1998, Series A, in an irrevocable trust to provide for debt service payments on the old bonds, due in the year 2006 and later subject to a call provision and call premium of 1%. Accordingly, the trust account assets and liability for the defeased bonds are not included in the County's financial statements.
- (2) The proceeds of the loans in the original amounts of \$630,000 and \$181,058 under the Maryland Industrial Land Act ("MILA"), Article 83A, Section 5-401 et. seq. of the Annotated Code of Maryland, were reloaned to a certain private user to assist in the financing of certain industrial land in Frederick County. Although it is expected that said loans will be repaid by payments made by the private user, the loans are backed by the full faith and credit of the County.
- (3) Proprietary Fund debt service is funded by user charges in the appropriate fund (Water and Sewer or Solid Waste Management), although the debt is a general obligation of the County.
- (4) The County issued \$14,705,000 Public Facilities Refunding Bonds of 2001 on 7/15/01 to refund the callable maturities of the County's Public Facilities Bonds of 1991.
- (5) The County issued \$22,590,000 Public Facilities Refunding Bonds of 2002, Series A on 4/01/02 to refund callable maturities of the County's General Obligation Facilities Bonds of 1993.
- (6) The County issued \$49,005,000 Public Facilities Refunding Bonds of 2003 on 9/1/03 to refund callable maturities of the County's Public Facilities Bonds of 1993 (B) and 1993 (C) and provide new money to fund capital projects.
- (7) The County issued \$107,015,000 Public Facilities Refunding Bonds of 2005 on 5/1/05 to refund callable maturities of the County's Public Facilities Bonds of 1999 and 2000 and 1997 Bond Anticipation Notes, 2nd series.
- (8) The County issued \$20,365,000 Public Facilities Bonds of 2006 on 02/01/06 to refund callable maturities of the County's Public Facilities Bonds of 2002.
- (9) The County refinanced the 1992A MDE loan for the Ballenger Wastewater Treatment Plant.

Maryland Department of the Environment Loans

The Department of the Environment of the State of Maryland ("MDE") through the Maryland Water Quality Financing Administration, makes funds available to local governments at below market interest rates for certain water quality and drinking water projects. Proceeds of the loans are dispersed to the County as draws according to construction payments.

The County has been a participant in the MDE's loan program since fiscal year 1992. As of December 31, 2007, the County has authorized and approved borrowings in an aggregate principal amount of \$28,469,543 for eight water and sewer loans. The County has also authorized and approved borrowings in an aggregate principal amount of 23,267,891 for three solid waste loans. As of December 31, 2007, \$364,024 of solid waste loan proceeds remain to be drawn. The outstanding principal on these MDE loans as of December 31, 2007 is \$ 30,579,910. These loans have interest rates of 1.00 – 4.56%.

The County closed on a loan in the amount of \$7.2 million for the Solid Waste Enterprise Fund in January 2006. The loan is funding the construction of the Reichs Ford Landfill Cell 3 and the rubblefill cap projects.

Maryland Industrial Land Act Loans

The County has an outstanding loan from the Department of Business and Economic Development of the State ("DBED") in the original amount of \$630,000 under the Maryland Industrial Land Act, Article 83A, Section 5-401 *et. seq.* of the Maryland Code. The outstanding balance of this loan at June 30, 2008 was \$ 419,687. The proceeds of this loan have been reloaned by the County to a private user to assist in the financing of the acquisition of certain industrial land and shell buildings in Frederick County. It is anticipated that the repayment of this loan by the private user will generate sufficient moneys for the County to repay DBED; however, the loan is a full faith and credit obligation of the County. A loan in the amount of \$181,058 has also been received under the program and granted to a private user to assist in the financing of certain street and site improvements in Frederick County. The loan is a full faith and credit obligation of the County. The outstanding balance of this loan at June 30, 2008 was \$125,676.

Maryland Industrial and Commercial Redevelopment Fund Loans

The County has received a State loan in the amount of \$1,436,502 from the Maryland Industrial and Commercial Redevelopment Fund (“MICRF”) pursuant to the provisions of Sections 5-501 through 5-507 of Article 83A of the Maryland Code. The proceeds of this loan were reloaned to a private user to assist in the financing of the acquisition of a redevelopment project in Frederick County. This loan was paid in full in August, 2007.

United States Environmental Protection Agency

On April 17, 1992, the County entered into a loan agreement with the United States Environmental Protection Agency. These funds were provided in accordance with the provisions of the Asbestos School Hazard Abatement Reauthorization Act of 1990, 20 U.S.C. 4011 et. seq., for the purpose of removing asbestos from Frederick County public schools. The original amount of this loan was \$1,370,471, and the balance due as of June 30, 2008 is \$266,480. This is a non-interest bearing note. Semi-annual principal payments of \$38,089 are required with a final payment due on November 30, 2011.

Maryland State Pension Plan

See “COUNTY GOVERNMENT AND ADMINISTRATION – Retirement and Pension Programs – Plan Descriptions - Cost Sharing Multiple Employer Pension Plans herein.”

Other Loans and Bonds

The County issued taxable 8.16%, \$1,890,094, and 7.20%, \$1,090,000 Tax Increment Financing Bonds due serially through fiscal years 2018 and 2008, respectively, to finance part of the infrastructure needed in the Dudrow Industrial Park Lot Two and Center Park Development Districts. The County issued a tax exempt 4.08%, \$300,000 Tax Increment Financing Bond due serially through fiscal year 2010 to finance part of the infrastructure in the Dudrow Industrial Park Lot Three Development District. The debt is a special obligation of the County. The County surrenders its tax revenues on the incremental increase in property taxes within the districts to pay the debt service on the bonds. Cash and the related liability to bondholders are accounted for in an Agency Fund.

The County issued special obligation bonds on November 6, 1998 for the Urbana Community Development Authority in the amount of \$30,000,000 and January 18, 2001 for the Villages of Lake Linganore Community Development Authority in the amount of \$6,730,000. The bonds were for infrastructure costs related to the respective Authorities. Neither the full faith and credit nor the general taxing power of the County is pledged to the payment of these special obligation bonds. The bonds are secured by special taxes levied on the property within the respective Authority. The County has issued a second series of bonds for the Urbana Community Development Authority. Parity bonds in the principal amount of \$26,513,000 and subordinate bonds in the amount of \$6,461,000 were issued on April 1, 2004. On September 20, 2007, the 2001 Villages of Lake Linganore Community Development Authority Bonds were refunded by two series of taxable bonds in the amounts of \$3,114,000 and \$3,232,142 designated Frederick County, Maryland Special Obligation Bonds (“Villages of Lake Linganore Community Development Authority”) Series 2007 and Series 2007B.

The County is using the Bell Court Apartment project as residential rental units for lower income households. The deed of trust deferred all principal and interest payments to the Department of Housing and Community Development of the State of Maryland (DHCD), which loaned funds for the construction project, in perpetuity, provided contractual responsibilities were followed. Should the County cease to use the project for this purpose or refinance, sell, transfer or convey the project, the County would be obligated to DHCD for the principal and interest amount of the loan and other specified costs. The principal, interest and associated costs would also become immediately due if any encumbrance is placed upon the project without the prior written consent of DHCD or in the event of default as defined in the deed of trust. The principal amount of the loan is \$1,813,056.

Summary of Debt Service Requirements

The following tables illustrate the County's schedules of projected debt service requirements for outstanding long-term obligations as of June 30, 2008.

Summary of Debt Service Requirements for Outstanding Long-Term Loans and Bonds(1)(4)

Source: Frederick County Finance Division.

The County has consistently used a plan of “pay-as-you-go” financing. Under the pay-as-you-go approach, the County financed the construction of certain of its capital projects by appropriation of revenues from the current funds of the County. Monies expended under General Fund “pay-as-you-go” totaled \$21.3 million for fiscal year 2003; \$ 19.7 million for fiscal year 2004; and \$16.4 million for fiscal year 2005; \$23.3 million for fiscal year 2006 and \$37.4 million for fiscal year 2007. Through use of pay-as-you-go, the County has sought to reduce the aggregate amount of general obligation indebtedness issued that would otherwise bear interest to finance the construction of capital projects.

Future Plans to Issue Debt

The County's capital improvement program is an ongoing process, which requires periodic issuance of the County's general obligation bonds to fund any portion of such program appropriated from general obligation funds. The County anticipates the next general obligation bond sale in an estimated amount of \$80,000,000 in the summer of 2009.

COUNTY LITIGATION

The County is currently involved in a number of legal disputes involving such matters as civil rights violations, construction contracts, land use, personnel matters, automotive vehicle accidents and other negligence claims. Many of these are covered by insurance in whole or in part. Since certain of these disputes involve unspecified damages, it is not possible to provide a total of the damages claimed. In the opinion of the County Attorney, such matters are unlikely to result, singly or collectively, in total liabilities that would have a material effect on the financial condition of the County.

INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT

The fiscal year 2007 financial statements of the County have been audited by Linton Shafer Warfield & Garrett, P.A., independent certified public accountants. The fiscal year 2007 financial statements can be found in Appendix A or on the County's web site (www.co.frederick.md.us).

FINANCIAL ADVISOR

Davenport & Company LLC, Towson, Maryland, has rendered financial advice to the County in the preparation of this Official Statement.

CERTIFICATE OF COUNTY OFFICIALS

Simultaneously with or before delivery of and payment for the Bonds, the County will furnish to the purchaser or purchasers a certificate of the President of the Board and the Director of Finance, which shall state that, to the best of their knowledge and belief, this Official Statement (and any amendment or supplement thereto) as of the date of sale and as of the date of delivery of the Bonds does not contain any untrue statement of a material fact and does not omit to state a material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading; and that between the date of sale and the date of delivery of the Bonds there has been no material adverse change in the financial position or revenues of the County, except as reflected or contemplated in this Official Statement (and any amendment or supplement thereto).

CONTINUING DISCLOSURE UNDERTAKING

In order to enable participating underwriters, as defined in Rule 15c2-12 of the Securities and Exchange Commission ("Rule 15c2-12") to comply with the requirements of paragraph (b)(5) of Rule 15c2-12, the County will execute and deliver a continuing disclosure agreement (the "Continuing Disclosure Agreement") on or before the date of issuance and delivery of the Bonds, the form of which is attached to this Official Statement as Appendix D. Potential purchasers of the Bonds should note that the definition of Reportable Events in Appendix D is intended to completely restate the events specified in Rule 15c2-12. It is noted that certain Reportable Events are expected to have no applicability to the Bonds, such as the possibility of unscheduled draws on debt service reserves and matters affecting collateral for the Bonds.

The County has not failed to comply with any prior continuing disclosure undertaking made pursuant to Rule 15c2-12.

SALE AT COMPETITIVE BIDDING

The Bonds were offered by the County at competitive bidding on June 24, 2008 in accordance with the Notice of Sale (the form of which is included herewith as Appendix B). The interest rates shown on the cover page of this Official Statement are interest rates to the County resulting from the award of the Bonds at the competitive bidding therefore. Yields or prices shown on the cover page of this Official Statement are based on information supplied to the County by the successful bidder. Any other information concerning the terms of reoffering of the Bonds, if any, including yields or prices should be obtained from the successful bidders therefore, and not from the County.

MISCELLANEOUS

Financial data presented in this Official Statement which are identified as having been furnished by the County from its records, unless otherwise stated, reflect data prepared from the County's official records, which are public documents and which are believed to be accurate and reliable. Other data have been prepared by or furnished by sources (identified herein) which the County believes to be accurate and reliable, but the County does not guarantee the accuracy of such data. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement or any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the County since the date hereof.

Linton Shafer Warfield & Garrett P.A. audited the County's financial statements for fiscal year 2007 and will audit fiscal year 2008, as well.

This Official Statement has been prepared by the County. Davenport & Company LLC, Financial Advisor to the County, has assisted the County, with this financing. This Official Statement has been approved, authorized and executed by the appropriate officials of the County for use in connection with the sale of the Bonds, all pursuant to the legislation authorizing the issuance of the Bonds.

So far as any statements are made in this Official Statement involving matters of opinion or of estimates, whether or not so expressly stated, they are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized. Neither this Official Statement nor any statement which may have been made verbally or in writing is to be construed as a contract with the holders of any of the Bonds.

Reference is made to Appendix B for the form of legal opinion on the validity of the Bonds.

The execution of this Official Statement and its delivery have been approved by the County.

The Board of County Commissioners and the
Citizens of Frederick County, Maryland

I am pleased to present this Comprehensive Annual Financial Report (CAFR) of Frederick County, Maryland (the "County") for the fiscal year ended June 30, 2007.

Formal Transmittal of the CAFR

This report was prepared by the County's Finance Division in cooperation with the finance departments of the County's component unit organizations in conformity with accounting principles generally accepted in the United States (GAAP). This report includes the independent auditor's opinion of the Board of County Commissioners' (the "Board") appointed certified public accounting firm pursuant to Section 2-7-68 of the Frederick County Code.

Management is responsible for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, in this report. We believe the information presented is complete and accurate in all material respects, and it fairly presents the county's financial position and results of operation. To provide a reasonable basis for making these representations, management has established and maintained a comprehensive system of internal control. This internal control structure is designed to ensure that the assets of the government are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. Because the cost of internal controls should not exceed the anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free from any material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The financial statements of Frederick County, Maryland have been audited by Linton Shafer Warfield & Garrett, P.A. (LSWG), a firm of licensed certified public accountants. LSWG has issued an unqualified opinion on the County's financial statements as of and for the fiscal year ended June 30, 2007. The independent audit involved examining, on a test basis, evidence supporting

the amounts and disclosures in the financial statements, assessing the accounting principles used and estimates made by management, and evaluating the overall financial statement presentation. The auditor's report is located at the beginning of the financial section of this report.

The County is also required to undergo an annual Single Audit in conformity with the provisions of the Single Audit Act of 1984 (as amended in 1996) and the provisions of the U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non Profit Organizations*. Information related to this single audit, including a schedule of expenditures of federal awards, the independent auditor's reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs will be included in a separately issued single audit report.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Overview of the Report – The accompanying report consists of three sections: introductory, financial and statistical.

The introductory section includes this Letter of Transmittal, a copy of our latest Certificate of Achievement for Excellence in Financial Reporting (awarded for the FY2006 report), the County's organizational chart and a summary of elected and appointed officials of the County government and its component units.

The financial section includes the report of the independent auditors, management's discussion and analysis (MD&A), the basic financial statements, the combining and individual financial statements and supplementary schedules.

The statistical section includes selected information on financial trends, revenue capacity, debt capacity, demographic and economic data, generally presented on a multiyear basis in compliance with Governmental Accounting Standards Board (GASB) *Statement 44, Economic Condition Reporting: The Statistical Section*.

Profile of the Government

Frederick County, founded in 1748, originally included the present Maryland counties of Garrett, Allegany, Washington, Carroll and Montgomery. It is located in the north central part of Maryland, is 664 square miles in area, and serves an estimated population of 231,000. Frederick County, Maryland, is bordered on the north by the state of Pennsylvania, on the west by Washington County, Maryland, on the east by Howard and Carroll Counties, both in Maryland, and on the south by Montgomery County, Maryland and the state of Virginia.

There are twelve incorporated municipalities within Frederick County. The County seat and largest city is the City of Frederick, which has an estimated population of 61,500. The City

of Frederick is located approximately 45 miles northwest of Washington, D.C. and 45 miles west of Baltimore, Maryland.

Frederick County is governed by an elected five-member Board of County Commissioners that serve for four years. Section 3 of Article 25 of the Annotated Code of Maryland of 1957, as amended (the "Maryland Code") sets out the enumerated powers of the county commissioners of each county in the State of Maryland (the "State") that is governed by the county commissioner form of government. Section 1 of Article 25 declares the county commissioners of a county to be a corporation. Under Maryland law, the county commissioners combine executive and legislative functions. The executive offices of the County are located at Winchester Hall, 12 East Church Street, Frederick, Maryland. The County's Internet address is www.co.frederick.md.us.

The Board may exercise only such powers as are expressly conferred on it: (1) by the Maryland General Assembly as codified in the Maryland Code, and (2) by public local laws enacted by the Maryland General Assembly, which apply only to Frederick County and are codified as Part II of the Frederick County Code, 2004, as amended (the "County Code"). Part II of the Frederick County Code is known as the Code of Public Local Laws of Frederick County, 1979.

Section 1 of Article 25 of the Maryland Code empowers the Board to appoint a clerk to the Board, and all other officers, agents and employees required for County purposes not otherwise provided by law. The County Code empowers the Board to appoint an attorney to provide it with legal services and a county manager to administer and supervise the daily operations of County staff.

The County provides a full range of services, including fire and rescue; law enforcement; sanitation services; construction and maintenance of highways, streets, and infrastructure; recreational activities; and general government activities. Bell Court Apartments, the Solid Waste Management, and Water and Sewer Enterprise Funds are wholly supported through user fees. The Citizens Care and Rehabilitation Center, Montevue Home, and the Division of Permitting and Development Review are primarily supported through user fees with supplemental support from the General Fund. Incorporated municipalities within Frederick County provide some or all of the following services within their boundaries which relieves the County from providing these services in those areas: highway and street maintenance, parks and recreation, planning services, and police protection. The County is also financially accountable for legally separate entities, which are reported separately within the County's financial statements. The entities, known as component units, that meet these criteria are the Frederick County Board of Education, the Frederick Community College, and the Frederick County Public Libraries. Additional information on the component units can be found in Note 1 in Exhibit II-A-13.

The annual budget serves as the foundation for the County's financial planning and control. The County budget is comprised of the operating budget for the General Fund, the Capital Budget (from project inception through the current year), and the Capital Program (a six year plan). Budgets are also adopted for most Special Revenue Funds and the Enterprise and Internal Service Funds. The formulation of the County's budget is the responsibility of the Budget Officer. Public local law requires the budget (1) to be adopted by the Board prior to the beginning of the fiscal year, and (2) maintain a surplus at the end of the fiscal year.

The General Fund Budget is prepared and submitted to the Board by the Budget Officer based on estimated revenues and expenditures of operations submitted by the County departments and agencies for the ensuing fiscal year. When submitted to the Board, the General Fund Budget must contain: the prior fiscal year's fund balance in excess of 5 percent of the General Fund expenditures and transfers to the Board of Education, and Frederick Community College, on a budgetary basis for the prior fiscal year, if any; estimates of taxes and other revenue sources at a rate sufficient to balance the budget; recommended appropriations for current expenditures for each department or agency, and for other purposes; and amounts sufficient to meet all general obligation debt service requirements for the next fiscal year, including portions of the Capital Program to be financed out of current revenues during the fiscal year.

The Capital Budget is the County's plan to receive and expend funds for capital projects during the ensuing fiscal year. The Capital Program sets forth the County's plan of proposed capital projects to be undertaken in the ensuing fiscal year and the following five fiscal years and the proposed means of financing all projects. The Capital Budget and Capital Program are prepared by the Finance Division from submissions by the County departments and agencies and must be approved by the Board. The portion of the cost of the Capital Budget that is to be paid from current funds may be included in the General Fund Budget or certain special revenue funds.

No department or agency of County government may, during any fiscal year, expend or contract to expend any money or incur any liability or enter into any contract which by its terms involves the expenditure of money in excess of the amounts appropriated or allocated for the same general classification of expenditure in the budget for such fiscal year, or in any line item transfer approved by the Board; and no payment may be made nor any obligation or liability incurred which has not been provided for in the Capital Budget. Transfer of appropriations among the items set forth therein may be authorized with the approval of the Board.

The Statement of Revenues, Expenditures, and Changes in Fund Balance – Budgetary Basis - Budget and Actual is presented for the General Fund which adopts an annual budget, and is presented in Exhibit II-A-7 as part of the basic financial statements. Budget-to-actual comparison schedules for special revenue funds with legally adopted budgets are presented in the Supplementary Data Section.

Information to Assess Economic Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy - The economic condition and outlook of the County have substantially improved during the past ten years. According to census records, the population of the County has grown from 150,208 in 1990 to 195,277 in 2000, with an estimated population of 231,100 as of July 2007, a 53.8 percent increase from 1990. The growth rate for the State of Maryland for that same time period was 17 percent. The Division of Planning and Zoning

estimates the growth will be steady through calendar year 2020, when the population will reach an estimated 287,900.

Frederick County had the fifth highest number of new jobs created in the State of Maryland for calendar year 2002 to calendar year 2006, for a total of 9,764 new jobs created. The civilian labor force in the County was estimated at 125,270 in June 2007. Of this number, 121,075 were employed, resulting in an unemployment rate for the County of 3.3 percent. This rate is substantially lower than the statewide unemployment rate of 4.0 percent and the national unemployment rate of 4.6 percent. (Source: Maryland Department of Labor, Licensing and Regulation)

The County's estimated taxable real property value has increased \$7.2 billion since 2002 or 55.6 percent. As of June 30, 2007, taxable assessed value totaled \$20.2 billion. The growth in the taxable assessable base from FY2006 to FY2007 was 10.6 percent. The continuation of emphasis on economic development within the County should result in above average assessable base growth in the foreseeable future although residential housing construction and resale of existing homes is slowing as evidenced by the decrease in recordation taxes.

Fort Detrick, a military installation primarily dedicated to medical research, is an economic engine for the County as well as the State of Maryland. Fort Detrick is planning \$373 million in expansion and capital improvements over the next three years and \$3.2 billion over the next decade. In addition to biodefense expansion, there are also Base Realignment and Closure (BRAC) 2005 related changes taking place at Fort Detrick that are valued at approximately \$100 million, including the construction of the National Interagency Biodefense Campus. These improvements are projected to add 225 new jobs. The BRAC/expansion environment at Fort Detrick is expected to add a total of 1,425 new jobs to the County through 2010.

Long-term Financial Planning - Major initiatives during FY2007 were predominately in the Capital Budget area. Major general governmental projects approved in the six year Capital Improvements Program (fiscal years 2007-2012) include:

- Public Safety Training Facility, Phase 3
- New Design Water Treatment Plant Expansion, Phase 2
- Addition to Thurmont Primary School
- Addition to New Market Elementary School
- Oakdale High School
- Urbana Area District Park
- Reich's Ford Road, Phase 1

Additional projects to expand and improve park facilities and construct water and wastewater infrastructure to serve the growing population are included in the plan. The entire Capital Improvements Plan totals \$725 million for fiscal years 2007 to 2012.

Frederick County concluded the fiscal year ended June 30, 2007 with a General Fund unreserved fund balance of \$97.5 million. Section 2-7-1(a) of the Frederick County Code provides that "the County must maintain an unappropriated undesignated General Fund balance equal to 5 percent of General Fund expenditures and transfers to the Board of

Education and the Frederick Community College." Expenditures and transfers to component units measured on a budgetary basis totaled \$366.8 million. The required balance of the reserve was \$18.3 million, an increase of \$1.7 million over FY2006. The actual unreserved fund balance decreased \$8.2 million from the unreserved fund balance at June 30, 2006. Therefore, the June 30, 2007 unreserved fund balance of \$97.5 million provides \$79.2 million of excess fund balance above the required 5 percent requirement. Accordingly, this amount is available for use in funding future budgets. Of this amount, \$37.2 million and \$29.5 million have been designated for the FY2008 and FY2009 budgets, respectively.

Cash Management Policies and Practices - In accordance with State law, Frederick County has adopted an investment policy that provides the legal framework for the County's investment and cash management operation. Within this framework, the County maintains a conservative cash management and investment program in order to achieve maximum financial return on available funds without undue risk. Idle cash is pooled and invested on a daily basis at the best obtainable rates. Investments are generally limited to federal obligations and fully collateralized repurchase agreements. For FY2007 General Fund earnings from these programs totaled \$9.3 million.

Risk Management - The County continues to work to keep safety programs and loss control operations working effectively. The Office of Risk Management is tasked with protecting the assets of Frederick County from unnecessary and controllable losses. The primary goal is to reduce losses by providing a safe workplace for our employees, and eliminating hazards to the public on County property. Implementation of Safety and Loss Control programs combined with ongoing analysis of exposures has reduced our overall losses and the associated cost. As liaison to the appointed insurance committee, the County's Risk Manager is to act in an advisory capacity to aid in obtaining the best insurance coverage possible for the most economical premiums available. The broad knowledge base of the Insurance Committee assists the County in negotiating premiums lower than that of the standard market. The County's workers' compensation policy carries a .86 experience modification factor that equates to a premium savings of \$635,091 on a base policy price of \$4,536,363. The County's modified duty policy, which returns injured workers back to the workplace during recuperation, saves in lost work time and increases productivity. The Office of Risk Management is instrumental in the review of contracts and leases to ensure that adequate levels of insurance are obtained from third party providers to protect the County from unreasonable liability.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a *Certificate of Achievement for Excellence in Financial Reporting* to Frederick County, Maryland, for its comprehensive annual financial report for the fiscal year ended June 30, 2006. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such report must satisfy both generally accepted

accounting principles and applicable legal requirements.

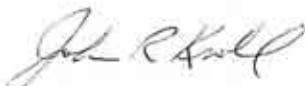

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements. Accordingly, we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report could not have been accomplished without the dedicated team effort of the staff of the County's Finance Division. Each member of the Division has my sincere appreciation for the contributions made in preparation of this report. Special recognition is given to the Director of Accounting, Erin White, and the Accounting Team Leaders, Carol Abramson, Susan Blum, Regina Howell, and Rob Reilly, along with their staffs; and the Director of Treasury, Lori Decker, and her staff who administer the County's property tax and revenue collection systems. Administration of the budget process, without which the accounting and financial reporting could not exist, is in the capable hands of Michael Gastley, Budget Officer, and his staff. A special thanks goes to them as well. I express my appreciation to Richard Duthoy, Deputy Director of Finance, for his oversight of the Division, Ronald Hart, County Manager, and to the Board of County Commissioners and their staffs for their continuing interest and support in planning and conducting the financial operations of the County in a responsible and progressive manner.

Use of this Report

This report, and the financial information prepared by the Frederick County Division of Finance, can be assessed on the county's website at <http://www.co.frederick.md.us> (See Departments; Finance; then Accounting [for this report and other information], Budget [for other information] and Treasury [for other information]). In addition, copies of this report are placed in the County Library System for use by the general public.

Respectfully submitted,

John R. Kroll
Director of Finance

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Frederick County
Maryland

For its Comprehensive Annual

Financial Report

for the Fiscal Year Ended

June 30, 2006

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

**Report of Independent Certified Public Accountants
on Basic Financial Statements**

Board of County Commissioners of
Frederick County, Maryland

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Frederick County, Maryland as of and for the year ended June 30, 2007, which collectively comprise the County's basic financial statements identified as Appendix A in the table of contents. These financial statements are the responsibility of Frederick County, Maryland's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Frederick County Board of Education and the Frederick Community College, which represents 99% and 98%, respectively, of total assets and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Frederick County Board of Education and the Frederick Community College, is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

FREDERICK • ROCKVILLE • ANNAPOLIS
www.lswgcpa.com

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, of Frederick County, Maryland, as of June 30, 2007, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2007 on our consideration of Frederick County, Maryland's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The accompanying Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the Required Supplementary Information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Frederick County, Maryland's basic financial statements. The introductory section is presented for purposes of additional analysis and is not a required part of the basic financial statements. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Frederick County Government's (the "County") discussion and analysis is designed to: (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the County's financial activity, (c) identify changes in the County's financial position (it's ability to address the next and subsequent years' challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Transmittal Letter (beginning on page 1) and the County's financial statements (beginning on page 30).

FINANCIAL HIGHLIGHTS

- The assets of Frederick County Government exceeded its liabilities at the close of this fiscal year by \$642.3 million (net assets), approximately 50.9% of which is attributable to the County's business-type activities. Of total net assets, \$435.0 million is invested in capital assets, net of related debt, and \$182.6 million is restricted for specific purposes (restricted net assets). The County's unrestricted net assets total \$24.7 million. This total unrestricted net asset amount includes a balance of \$87.4 million from business-type activities, offset by a deficit balance in unrestricted net assets from governmental activities of \$62.7 million. This deficit balance in unrestricted net assets is the result of the County issuing debt to fund construction for the Frederick County Board of Education, a component unit. The school buildings that are constructed through the County's financial support are assets of the Frederick County Board of Education, and therefore are not shown as assets of Frederick County Primary Government. Included in the County's liabilities at year-end is approximately \$220.0 million of bonds payable, the proceeds of which have been used to fund school construction.
- The County's overall financial position has improved since the prior fiscal year. Total net assets increased by \$57.2 million or 9.8%. The governmental net assets increased by \$31.7 million, or 11.2%, primarily the result of revenues from Property Taxes and Investment Income. These two revenue sources increased \$24.4 million from FY2006 to FY2007. The business-type net assets increased by \$25.5 million or 8.5%, primarily the result of operating and capital contributions in the Water and Sewer Fund.
- The governmental activities revenue totaled \$495.2 million or 84.9% of total revenue and the net results from governmental activities totaled \$31.7 million or 55.4% of the total change in net assets.
- The business-type activities revenue totaled \$87.8 million or 15.1% of total revenue and the net assets from business-type activities increased by \$25.5 million or 44.6% of the total change in net assets.
- The total cost of all County programs was \$525.8 million.

- The General Fund (the primary operating fund) reflected on a current financial resource basis, reports a decrease in fund balance of \$8.6 million. This decrease in fund balance is due to a \$15.0 million increase in the current revenue transfer in support of the capital projects program. At the close of the current fiscal year, unreserved and undesignated fund balance for the General Fund was \$18.3 million, or 5.0% of total General Fund expenditures. This total unreserved amount is a required set-aside. Designated fund balance of the General Fund was \$79.2 million, or 81.2% of the total unreserved fund balance.
- As of June 30, 2007, the County's governmental funds reported a combined fund balance of \$283.2 million, an increase of \$49.4 million. Included in this increased fund balance is a decrease in the General Fund of \$8.6 million, an increase in the Capital Projects Fund of \$63.4 million and a decrease in the Nonmajor Governmental Funds of \$5.3 million. The relatively minor decrease in the General Fund actually strengthened the financial condition of the government as the BOCC budgeted a \$43.1 million use of fund balance for the year. As noted elsewhere in this report, other revenue and expenditure favorable variances reduced the actual use of fund balance to \$8.6 million. A major contributor to this total increase in governmental funds net assets is the \$49.9 million in bond proceeds received in May 2007 to fund general government capital projects, of which a majority was unspent at year-end. In addition, a major portion of the transfers from the operating funds to the Capital Projects Fund in support of the capital program also were not spent at year-end. The reduction in the fund balance of the nonmajor governmental funds is a result of decreases in revenue from impact fees and recordation taxes.
- Frederick County's total bonded debt increased by \$66.9 million during the current fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The County's financial statements focus on the County as a whole (the Government-wide statements) and on major individual funds. "Funds" are self-balancing sets of accounts that account for specific financial activities that may be regulated, restricted or limited in various ways. This discussion and analysis is intended to serve as an introduction to Frederick County Government's basic financial statements. The basic financial statements are comprised of three components:

Government Wide Financial Statements
Fund Financial Statements
Notes to the Financial Statements

This report also contains other required and non-required supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to be corporate-like in that all governmental and business-type activities are consolidated into columns, which present a total for the Primary Government. The focus of the Statement of Net Assets (the "Unrestricted Net Assets") is designed to be similar to bottom line results for the County and its governmental and business-type activities. This statement combines and consolidates governmental fund's current financial resources (short-term spendable resources) with capital assets and long term obligations. "Net Assets" is the difference between the County's assets and its liabilities. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. Additionally, other factors, such as changes in the County's property tax base, the condition of its schools, and the quality of its facilities and infrastructure, should also be a consideration of the County's condition and health.

The government-wide financial statements include, not only Frederick County itself (known as the primary government), but also a legally separate board of education, a legally separate community college, and a legally separate library board for which the County is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

Component Units, which are other governmental units over which the County can exercise influence and/or may be obligated to provide financial subsidies, are presented as separate columns in the government-wide statements. The focus of the statements is clearly on the Primary Government and the presentation allows the user to address the relative relationship with the Component Units.

The Statement of Activities (Exhibit II-A-2) is focused on both the gross and net cost of various functions (including governmental, business-type and component units), which are supported by the government's general tax and other revenues. This is intended to summarize and simplify the user's analysis of cost of various governmental services and/or subsidy to various business-type activities and/or component units. This statement presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will affect cash flows in future fiscal years and to a limited effect, has affected cash flows in a prior reporting period.

The Governmental Activities reflects the County's basic services, including general government, public safety, public works, health, social services, education, parks/recreation/culture, conservation of natural resources, community development/public housing, economic development and interest on long term debt. Local property, income, and other local taxes, along with charges for services, and grants finance the majority of these services. The Business-type Activities reflect private sector type operation including water and sewer services, solid waste management, nursing homes, public housing and permitting & development review, where the fee for service typically covers all or most of the cost of operation, including depreciation.

The government-wide financial statements can be found on Exhibits II-A-1 and II-A-2 of this report.

Fund Financial Statements

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is on Major Funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been separated for specific activities or objectives. The County, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

The Governmental Major Fund presentation is presented on a sources and uses of liquid resources basis. This is the manner in which the financial plan (the budget) is typically developed. The flow and availability of liquid resources is a clear and appropriate focus of any analysis of a government. Funds are established for various purposes and the fund financial statement allows the demonstration of sources and uses and/or budgeting compliance associated therewith (beginning on page 33).

Frederick County maintains twenty individual governmental funds: the General Fund, the Capital Projects Fund, the Grants Fund, the Fire/Rescue Tax Districts Fund, the Agricultural Preservation Fund, the School Construction Fund, the Impact Fees Fund, the Development Road Improvement Fund, the Electric Lighting Tax Districts Fund, the Parks Acquisition & Development Fund, the Hotel Rental Tax Fund, the Citizens Care & Rehabilitation Center Building Fund, the Sheriff's Drug Enforcement Fund, the Sheriff's Office Fund, the Narcotics Task Force Fund, the Inmates Canteen Fund, Housing Initiative Fund, the Non-Profit Organizations Loans Fund, the Fire/Rescue Loans Fund, and the Economic Development Loans Fund.

Frederick County adopts an annual appropriated budget for its General Fund and each of the Special Revenue Funds (except for the School Construction Fund, the Sheriff's Drug Enforcement Fund, the Sheriff's Office Fund, the Narcotics Task Force Fund, the Inmates Canteen Fund, the Non-Profit Organizations Loans Fund, and the Fire/Rescue Loans Fund). A budgetary comparison schedule has been prepared for the General Fund and can be found as Exhibit II-A-7 of this report. Budgetary schedules for the non-major special revenue funds can be found as Exhibit II-B-7 in the Supplementary Data section. The Capital Projects Fund has a budget by project from inception until completion of the project. The budgetary display of this activity can be found as Exhibit II-B-8.

Infrastructure Assets

Infrastructure Assets is the government's largest group of assets (roads, bridges, traffic signals, underground pipes [unless associated with a utility], etc.) in the governmental financial statements. These assets have been valued and reported within the Governmental activities column of the Government-wide Statements. Additionally, the County had the option to elect to either (a) depreciate these assets over their estimated useful life or (b) develop a system of asset management designed to maintain the service delivery potential to near perpetuity. The County has elected to depreciate the assets over their estimated useful life.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

This section presents the County's financial information in the government-wide financial statement format.

As noted earlier, changes in net assets may serve over time as a useful indicator of a government's overall financial condition and position. In the case of Frederick County, assets exceeded liabilities by \$642.3 million at the close of the fiscal year. Frederick County's net assets are divided into three categories, invested in capital assets-net of related debt, restricted net assets and unrestricted net assets. The largest portion of the County's net assets, \$435.0 million or 67.7% reflects its investment in capital assets-net of depreciation (e.g. land, buildings, equipment, infrastructure, construction in progress, and improvements), less any unmatured debt used to acquire those assets. The County uses these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Restricted net assets represent 28.4% of total net assets. Restricted net assets are resources that are subject to external restrictions on how they may be used. Unrestricted net assets of the government have a balance of \$24.7 million, which represents 3.8% of total net assets. The unrestricted net assets for business-type activities have a balance of \$87.4 million.

The result of these basic calculations is that the County's overall financial position has improved from FY2006 to FY2007.

The County issues long-term debt to finance the construction of public schools. These public schools are considered capital assets of the Board of Education and are not included as assets of the County. The fact that the County must report the long-term debt for the schools as a liability, but cannot report the schools being financed by the County as assets, has an adverse impact on the County's unrestricted net assets. This is the situation generally in all counties in Maryland and is not unique to Frederick County.

Proprietary Funds: Frederick County maintains two different types of proprietary funds, Enterprise funds and Internal Service funds. Enterprise funds are used to report the same functions as business-type activities in the government-wide financial statements. Frederick County has six individual enterprise funds: the Water & Sewer Fund, the Solid Waste Management Fund, the Citizens Care & Rehabilitation Center Fund, the Montevue Home Fund, the Bell Court Apartments Fund, and the Permitting and Development Review Fund. Internal Service funds are an accounting device used to accumulate and allocate costs internally among Frederick County's various functions and activities. Frederick County uses internal service funds to account for fleet services and voice services operations. Because the services of these funds benefit both the governmental and business-type functions, the change in net assets is included in both the governmental activities and business-type activities in the government-wide financial statements. The basic proprietary fund financial statements are presented in Exhibit II-A-8, II-A-9, and II-A-10.

Fiduciary Funds: The Fund Financial Statements also allow the government to address its Fiduciary Funds, (See Exhibits II-A-11 and II-A-12). Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. The County's Fiduciary Funds include the Pension Trust Fund and various Agency Funds. While the Fiduciary Funds represent trust responsibilities of the government, these assets are restricted in purpose and do not represent discretionary assets of the government. Therefore, these assets are not presented as part of the Government-Wide Financial Statements. The basis of accounting used for the Fiduciary Funds is much like that used for Proprietary Funds.

While the total column on the Business-type Fund Financial Statements (see Exhibit II-A-8 and II-A-9) may be the same as the Business-type column on the Government-Wide Financial Statements (after consideration of the "Internal Balances" account), the Governmental Activities total columns require reconciliations because of the different measurement focus (current financial resources versus total economic resources) which are reflected on Exhibits II-A-4 and II-A-6. The flow of current financial resources will reflect bond proceeds and interfund transfers as other financing sources as well as capital expenditures and bond principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligations into the Governmental Activities column in the Government-wide statements.

Notes to the Financial Statements

The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are part of the basic financial statements and are presented in Exhibit II-A-13.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning Frederick County's progress in funding its obligation to provide retirement benefits to its employees. The required supplementary information is presented in Exhibits II-A-14 and II-A-15.

Statement of Net Assets

The following table reflects the condensed Statement of Net Assets for the current and prior years.

Table1
Statement of Net Assets
as of June 30
(In Thousands)

* Restated: See Note 3.H.

At the end of the current fiscal year, the County is able to report positive balances in all three categories of net assets as a whole.

The government's net assets increased by \$57.2 million during the fiscal year. Net assets of governmental activities increased \$31.7 million in FY2007, compared to a restated increase of \$28.5 million for FY2006. The increase in net assets of business-type activities was \$25.5 million in FY2007, compared to an increase of \$37.5 million for FY2006.

For more detailed information see the Statement of Net Assets (Exhibit II-A-1).

* Restated: See Note 3.H.

Governmental Activities: Governmental activities increased Frederick County's net assets by \$31.7 million, thereby accounting for 55.4% of the total growth in the net assets of Frederick County. A key element of this overall increase is due to total taxes collected from all governmental sources. Total tax revenue increased by \$13.6 million or 3.4%, during FY2007. Property tax increases of \$17.7 million and income tax increases of \$3.6 million were offset by reductions in other local taxes, primarily recordation taxes.

Business-type Activities: Business-type activities increased Frederick County's net assets by \$25.5 million, accounting for 44.6% of the total growth in the government's net assets. The key element of this increase relates to contributions from developers. Operating and capital contributions continue to provide a major revenue source for the Water and Sewer Fund during the current fiscal year, producing \$24.3 million in revenue.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, Frederick County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of Frederick County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing Frederick County's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Frederick County's governmental funds reported combined ending fund balance of \$283.2 million. Approximately 87.4% of this total amount (\$245.1 million) constitutes *unreserved fund balance*, which is available for spending at the government's discretion. The remainder of fund balance is *reserved* to indicate that it is not available for new spending because it has already been committed (1) to liquidate contracts and purchase orders of the prior period (\$34.0 million), (2) for inventories (\$1.1 million), (3) for long-term receivables (\$2.6 million) or (4) dedicated for other restricted purposes (\$.4 million). The reserved fund balance, at 13.5% of total fund balance, does not significantly affect the availability of fund resources for future use.

The General Fund is the chief operating fund of Frederick County. At the end of the current fiscal year, unreserved and undesignated fund balance of the General Fund was \$18.3 million, while total fund balance reached \$101.0 million. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total expenditures. Unreserved fund balance represents 26.4% of total General Fund expenditures, while total fund balance represents 27.3% of that same amount.

The fund balance of Frederick County's General Fund decreased by \$8.6 million during the current fiscal year. This decrease is due primarily to increases in transfers to the Capital Projects Fund totaling \$38.2 million, primarily in support of school construction. This is \$15.0 million greater than in the prior fiscal year. In addition, the Board of County Commissioners lowered the real property tax rate from \$1.00 per \$100 of assessed valuation to \$.936 as a planned use of fund balance.

The Capital Projects Fund has a total fund balance of \$101.7 million. The total increase in fund balance was \$63.4 million. This increase is primarily due to the issuance of long-term debt in May 2007 in anticipation of spending for capital projects.

Proprietary Funds: Frederick County's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net assets of the Water and Sewer Fund at the end of the year amounted to \$83.6 million and unrestricted net assets in the Solid Waste Management Fund totaled \$.4 million. The Permitting and Development Review Fund had unrestricted net assets totaling \$3.1 million.

General Fund Budgetary Highlights

The final expenditure and transfers budgets for the General Fund was decreased \$.3 million over the original budget. During the year, revenues exceeded budgetary estimates by \$18.0 million and expenditures were less than budgetary estimates by \$17.1 million, partially eliminating the need to draw upon the appropriated fund balance of \$43.1 million. The major differences between the final budget and the actual amounts are summarized as follows:

- Local property tax revenue exceeded the budget amount by \$7.5 million due to overly conservative budget estimates for property tax credits.
- Local income tax distributions exceeded the budget by \$5.1 million. This represents 3.4% increase over the budget of \$149.5 million.
- Other local taxes, primarily recordation tax collections, exceeded the budget by \$1.5 million. These funds were generated by recordation taxes charged on the recording of mortgage instruments (\$.9 million) and Local 911 fees (\$.4 million).
- Investment earnings were over budget by \$4.8 million due to improved yields on short-term investments.
- Various departmental under spending of appropriations resulted in total expenditures being under budget by \$17.1 million. The largest contribution to this savings was \$9.4 million in miscellaneous non-departmental expenditures, primarily contingencies and fringe benefits.

Capital Asset and Debt Administration

Capital Assets: Frederick County Government's investments in capital assets, net of accumulated depreciation, for its governmental and business-type activities as of June 30, 2007 and 2006, amount to \$698.9 million and \$644.8 million, respectively. This investment in capital assets includes land, easements, buildings, improvements, machinery and equipment, vehicles, roads, water and sewer lines, highways and bridges and construction in progress. The total increase in Frederick County's investment in capital assets for the current fiscal year was 8.4%.

Depreciation	(19,508)	(6,312)	(25,820)
Retirement*	2,041	716	2,757
Ending Balance	<u>\$ 361,930</u>	<u>\$ 336,955</u>	<u>\$ 698,885</u>

*Reduction in accumulated depreciation related to retirement.

Costs incurred for major capital asset additions during the current fiscal year, not including prior year costs, include, but not limited to, the following projects:

Governmental Activities:

- Construction costs were incurred for the following major projects:
 - Courthouse Phase 2 \$1.9 million
 - Spring Ridge Fire Station 1.9 million
 - Public Safety Training Facility Land 1.9 million
 - Urbana Library 1.9 million
 - English Muffin Way 1.9 million
 - Utica District Park 1.7 million
 - Detention Center Phase 3A 1.5 million

- The following transfers were made to the Frederick County Board of Education for school construction:
 - Oakdale High \$12.0 million
 - New Market Elementary 4.3 million
 - Urbana Middle 3.8 million
 - Thurmont Primary 2.3 million
 - Computer Upgrades 1.3 million

Business-type Activities:

- New Design Water Transmission \$5.6 million
- Lake Linganore Water & Sewer Improvements 3.8 million
- Libertytown Wastewater Treatment Plant 1.6 million
- Landfill Site B Cell 3 1.0 million

Debt Outstanding

As of year-end, the County had \$455.5 million in bonded debt outstanding compared to a total of \$388.6 million last year, a 17.2% net increase. This increase results from issuing General Obligation debt of \$91,880,000 of new debt while retiring \$24,995,004 of General Obligation Debt.

The County maintains a debt affordability index to determine its self-imposed limits for issuing long-term debt. This debt affordability index is a blend of ratios to determine the maximum debt each year and in total for its 6-year capital program. The County's financial advisor reviews this index periodically.

(Remainder of this page intentionally left blank)

Business-type activities long-term liabilities	<u><u>\$ 182,747</u></u>	<u><u>\$ 146,945</u></u>

On May 15, 2007 the County issued the General Obligation Public Facilities Bonds of 2007 in the amount of \$91,880,000. The gross proceeds of \$93.7 million were used to fund capital projects. The rating agencies provided the following ratings to this debt issue:

- Aa2 from Moody's Investors Service Inc.
- AA from Standard & Poor's
- AA+ from Fitch Ratings

Principal payments and reductions of long-term debt in the amounts of \$29.5 million and \$11.5 million were made in the governmental and business-type activities, respectively.

Additional information on the County's long-term debt can be found in Note 3.F. on pages 82 - 93 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The following summarizes some economic factors and trends:

- As of June 2007 the average unemployment rate for the County is 3.3%, while the average unemployment rate for the State of Maryland is 4.0%.
- Median household effective buying income in Frederick County is estimated at \$57,477 while the estimate for the State of Maryland is \$50,597 for calendar year 2006.
- The total percentage of increase in the number of new jobs from 2002 through 2006 was 11.87% (9,764 jobs). This is more than double the State of Maryland percentage of increase (4.23%) for the same period. The County's five-year average employment growth rate is 3%.
- The FY2008 property tax is \$.936 per \$100 of assessed valuation. The tax rate is based on a full market value assessment of \$25,833,800,000.

FINANCIAL CONTACT

The County's financial statements are designed to present users (citizens, taxpayers, customers, investors and creditors) with a general overview of the County's finances and to demonstrate the County's accountability. If you have questions about the report or need additional financial information, contact the Director of Finance, Frederick County Government, 12 East Church Street, Frederick, Maryland 21701.

BASIC FINANCIAL STATEMENTS

This section provides a combined overview of the County's net assets and operating activities. The government-wide financial statements are designed to be corporate-like in that all governmental and business-type activities are consolidated into columns which present a total for the Primary Government, using the accrual basis of accounting.

The fund financial statements presented in this section focus on major funds, and present a combined total for nonmajor funds.

FREDERICK COUNTY, MARYLAND
 RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
 TO THE STATEMENT OF NET ASSETS
 JUNE 30, 2007

Total fund balance - governmental funds (See Exhibit II-A-3) \$ 283,230,012

Amounts reported for governmental activities in the statement of net assets are different because:

Capital Assets used in governmental activities are not financial resources and therefore are not reported in the funds (includes Capital Assets of the internal service fund).

Land	\$ 52,505,676
Buildings and Improvements	138,425,837
Equipment	75,051,728
Infrastructure	292,238,402
Construction in Progress	26,956,492
Less Accumulated Depreciation	<u>(223,248,176)</u>
	361,929,859

Long-term liabilities related to governmental activities are not due and payable in the current period and therefore are not reported in the funds (includes long-term liabilities of the internal service fund).

Bonds Payable, net of Deferred Loss on Bond Refunding	(313,737,335)
Accrued Bond Interest	(5,120,752)
Installment Purchase Agreements	(31,659,979)
Notes Payable	(5,023,287)
Capital Lease Obligations	(7,628,193)
Unamortized Premium on Bonds Payable	(12,108,352)
Compensated Absences	(7,822,953)
Recognition of Deferred Revenue	<u>48,498,376</u>
	(335,502,475)

A-36

Costs from the issuance of long-term debt are recognized as expenditures in the fund statements, but are deferred in the government-wide statements.

Deferred Issuance Costs - General Obligation Bonds	1,472,392
Deferred Issuance Costs - IPAs	247,447
Deferred Issuance Costs - Capital Leases	<u>45,212</u>
	1,765,051

Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of an internal service fund are included in governmental activities in the statement of net assets. This balance is net of Capital Assets and Long-term liabilities included above.

4,100,970

Net assets of governmental activities (See Exhibit II-A-1) \$ 315,523,517

The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

FREDERICK COUNTY, MARYLAND
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND
 BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED JUNE 30, 2007

Net change in fund balances - total governmental funds (See Exhibit II-A-5) \$ 49,438,281

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital Outlay	\$ 12,420,057
Depreciation Expense	(19,507,770)
Adjusted for Internal Service Fund Depreciation	<u>2,796,423</u> (4,291,290)

The net effect of various miscellaneous transactions involving capital assets is to increase net assets.

Donation of Capital Assets	2,047,091
Additions to Construction in Progress	30,837,441
Asset Replacements, Retirements and Deletions	<u>(667,706)</u> 32,216,826

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds

Income Taxes - Deferred in the Fund Statements	46,458,359
Income Taxes - Recognized as Income in the Prior Year	(47,762,358)
Other Revenues - Deferred in the Fund Statements	2,040,017
Other Revenues - Recognized as Income in the Prior Year	<u>(2,116,766)</u> (1,380,748)

FREDERICK COUNTY, MARYLAND
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND
BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2007

The issuance of long-term debt (i.e. bonds, leases, installment purchase agreements) proceeds provide current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of government funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Issuance of General Obligation Bonds	\$ (49,856,000)
Issuance of IPAs	(12,187,194)
Capital Lease Financing	(5,325,000)
Bond Premiums	(919,527)
Deferred Charge for Issuance Costs	351,518

NOTES TO FINANCIAL STATEMENTS
(Continued)

FREDERICK COUNTY, MARYLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2007

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Frederick County (the County) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies consistent with these principles are described below.

A. Financial Reporting Entity

For financial reporting purposes, in conformance with GAAP, the reporting entity includes the Board of County Commissioners of Frederick County (the primary government) and its component units. The concept of "financial accountability" determines which organizations are included in the reporting entity and how they are reported. The primary government, or the separately elected governing body, is the nucleus of the financial reporting entity. All funds, organizations, institutions, agencies, departments, and offices that are not legally separate are part of the primary government.

Component Units

A primary government may be financially accountable for governmental organizations that are fiscally dependent on it, regardless of the method of election or appointment of the governing board of the fiscally dependent government. Fiscal dependence occurs if the government may not (1) determine its budget without another government's having the authority to approve and modify that budget, (2) levy taxes or set rates or charges without approval by another government, or (3) issue bonded debt without approval by another government. The Board of Education of Frederick County and the Board of Trustees of Frederick Community College meet the conditions for fiscal dependency with respect to the Board of County Commissioners of Frederick County, as discussed below, and are included in the reporting entity.

The Board of Education of Frederick County (BOE) is a legally separate organization created by State Law to operate the County's school system. Day-to-day management of the schools is under the control of the BOE, with final decision-making authority held by the State Board of Education. The BOE's budget is subject to approval by the Board of County Commissioners of Frederick County. The BOE submits a funding request by major categories of expenditure; the Board of County Commissioners can reduce the BOE request and appropriate a lesser amount in total and/or redistribute funds between major categories. The Board of County Commissioners also must approve budget amendments between major categories. The State Board of Education, through the State Department of Education, reviews the BOE's budget to ensure that the Board of County Commissioners funds a minimum budget as a condition for State funding. However, this review is considered ministerial, and not substantive in nature.

The Board of Trustees of Frederick Community College oversees the day-to-day management of Frederick Community College (FCC). FCC is also legally separate under State Law. The Governor appoints FCC board members. FCC's budget is subject to approval by the Board of County Commissioners of Frederick County. FCC requests a single amount to fund its operations; the Board of Commissioners can reject FCC's request and appropriate a lesser amount, but it does not have the ability to modify the individual line item amounts in FCC's requested budget. Financial data related to FCC also includes its component unit, Frederick Community College Foundation, Inc. (the Foundation).

NOTES TO FINANCIAL STATEMENTS
(Continued)

Finally, a primary government is also financially accountable for legally separate organizations if its officials appoint a voting majority of the organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific benefits to, or to impose specific financial burdens on, the primary government. The Board of Trustees of Frederick County Public Library meets the conditions for financial accountability with respect to the Board of County Commissioners of Frederick County, as discussed below, and is included in the reporting entity.

The Board of Trustees of Frederick County Public Library (FCPL) is a legally separate organization created by State law to operate the County's library system. The Board of County Commissioners of Frederick County appoints the FCPL Board of Trustees. The FCPL's budget is submitted to and approved by the Board of Commissioners in accordance with the budgetary procedures described in Note 2, except that any unspent appropriations are retained by the FCPL as a component of fund balance.

The above component units have been included with the financial reporting entity using a discrete presentation. The component units do not provide services entirely, or almost entirely, to the County nor are any of the governing boards substantially the same. Discrete presentations in the combined financial statements are created with separate columns for the individual component units in the government-wide financial statements to emphasize that they are legally separate from the primary government.

The FCPL does not issue separate financial statements. The FCPL statements are provided solely on the government-wide financial statements, as described above, since the FCPL is made up of one operating fund. Complete financial statements of the BOE and FCC can be obtained from their respective administrative offices.

Board of Education of Frederick County
 7630 Hayward Road
 Frederick, Maryland 21702

Frederick Community College
 7932 Opossumtown Pike
 Frederick, Maryland 21702

Joint Venture

The following organization is considered a joint venture of the County: Northeast Maryland Waste Disposal Authority (NEMWDA). Disclosure of the County's participation in this joint venture is presented in Note 4G. Complete financial statements can be obtained at the joint venture's office listed below:

Northeast Maryland Waste Disposal Authority
 100 South Charles St., Tower II-Suite 402
 Baltimore, MD 21201-3330

B. Government-wide and Fund Financial Statements

The government-wide financial statements, which include the Statement of Net Assets and the Statement of Activities, report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate *component units* for which the primary government is financially accountable or for which their relationship with the County is of such significance that exclusion would cause the County's financial statements to be misleading.

NOTES TO FINANCIAL STATEMENTS
(Continued)

The Statement of Net Assets displays the financial position of the County as of year-end. Governmental activities are reported on a consolidated basis and are reported on a full accrual, economic resources basis, which recognizes all long-term assets, including infrastructure, as well as long-term debt and obligations. The County's net assets are reported in three categories: 1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as *general revenues*.

Fund Financial Statements: Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major governmental funds and enterprise funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

General Fund Budget-to-Actual Comparison Statement: Demonstrating compliance with the adopted budgets is an important component of a government's accountability to the public. For this reason, the County has chosen to make its General Fund budget-to-actual comparison statement part of the basic financial statements. The County revises its original budgets over the course of the year for a variety of reasons; such revisions are reflected in a separate column in this statement.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the pension trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Agency funds also use the accrual basis of accounting to recognize assets and liabilities.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 31 days of the end of the current fiscal period. Expenditures are recognized under the modified accrual basis of accounting when the related fund liability is incurred, except (1) employees' annual leave is recognized in the year it is accrued and expected to be liquidated with expendable available financial resources; and (2) principle and interest on general long-term debt are recognized when due.

Property taxes, income taxes, other local taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The County reports the following major governmental funds:

NOTES TO FINANCIAL STATEMENTS
(Continued)

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Capital Projects Fund* accounts for the purchase, construction or renovation of major capital assets. It is composed of the General Government Capital Projects Fund and accounts for additions of education facilities, roads and similar general government capital assets (other than those financed by the proprietary funds).

Nonmajor governmental funds include the following special revenue funds:

- The *Grants Fund* – This fund accounts for Federal and State grant revenues and expenditures. This fund is a special revenue fund and receives revenues from Federal and State grants and expends these funds in accordance with the terms of the grants.
- The *Fire/Rescue Tax Districts Fund* – This fund primarily accounts for property taxes that are legally restricted to providing fire and rescue services within designated areas of the County. Expenditures accounted for are limited to salaries and fringes, training, lease payments on capital equipment and other capital costs. All other expenditures are recorded in the General Fund.
- The *Agricultural Preservation Fund* – This fund accounts for taxes on the transfer of agricultural properties that are legally restricted to providing funding for state or approved local agricultural land preservation programs. It also accounts for other revenue sources designated for agricultural land preservation.
- The *Impact Fees Fund* – This fund accounts for impact fees collected from developers to pay a portion of the cost of schools necessitated by the development.
- The *Development Road Improvement Fund* – This fund accounts for building excise tax collections that are dedicated to road development.
- The *Electric Lighting Tax Districts Fund* – This fund accounts for property taxes that are legally restricted to paying for street lighting.
- The *Parks Acquisition and Development Fund* – This fund accounts for recordation taxes dedicated for parkland acquisition and development.
- The *Hotel Rental Tax Fund* – This fund accounts for the hotel tax received from the local hotels as defined by the Hotel Tax Ordinance.
- The *Citizens Care and Rehabilitation Center Building Fund* – This fund accounts for recordation taxes dedicated to pay for the cost of building a new Citizens Care and Rehabilitation Center, a nursing home facility.
- The *School Construction Fund* – This fund accounts for recordation taxes dedicated to pay a portion of the cost of school construction.
- The *Sheriff's Activities Fund* – These four funds account for activities such as the Sheriff's Drug Enforcement, Sheriff's Office, Narcotics Task Force, and Inmates' Canteen.
- The *Loan Activities* – These funds accounts for the loan activities associated with four loan funds – Housing Initiative Loans, Non-Profit Organization Loans, Fire/Rescue Loans and Economic Development Loans.

NOTES TO FINANCIAL STATEMENTS
(Continued)

The County reports the following major proprietary funds:

- *Water and Sewer Enterprise Fund* – This fund accounts for the acquisition and operation of utility systems providing water and sewer service to certain sections of the County.
- *Solid Waste Management Enterprise Fund* – This fund accounts for the capital outlay, operation and maintenance of the County's recycling program and the County's landfill, providing solid waste disposal service to County residents through commercial haulers.

Nonmajor proprietary funds include the following enterprise funds:

- *Citizens Care and Rehabilitation Center Fund* accounts for operations of Citizens Care and Rehabilitation Center of Frederick County, a nursing home facility.
- *Montevue Home Fund* accounts for operations of an assisted living facility.
- *Bell Court Apartments Fund* accounts for the operation of the Bell Court low income, elderly housing rental project.
- *Permitting and Development Review Fund* accounts for the operations related to the issuing and administration of building and other permits and for the approval process for contractor development plans.

Additionally, the County reports the following fund types:

- *Internal Service Funds* account for fleet and voice related services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.
- *Agency Funds* are used to account for monies received and held by the County as an agent for such activities as sales of property for delinquent tax bills, deposits for subdivisions, work release, and servicing tax increment financing bonds.
- *Pension Trust Fund* accounts for the activities of the Frederick County Employee Retirement Plan, which accumulates resources for pension benefit payments to qualified employees.

NOTES TO FINANCIAL STATEMENTS
(Continued)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the GASB. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's water and sewer function and various other functions of the government. Elimination of these charges from the Statement of Activities would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Assets, Liabilities and Net Assets or Equity

1. Pooled Cash and Investments

The County operates a centralized cash receipt and disbursement function for all funds except the Pension Trust Fund, Tax Agency Fund, Work Release Fund and the Tax Incremental Financing Board Fund; which maintain their own cash accounts. Individual fund equity in pooled invested cash is reported as an asset on the balance sheets of those funds participating in the centralized cash receipt and disbursement function. Investment earnings accrue to those funds reporting equity in pooled invested cash.

"Cash and Cash Equivalents" includes currency on hand, demand deposits, and investments with original maturities of three months or less at the time of purchase.

Investments other than those of the County's Pension Trust Fund with original maturities of one year or less are stated at cost or amortized cost, which approximates fair value; remaining investments are recorded at fair value. The investments in the County's Pension Trust Fund are recorded at fair value.

NOTES TO FINANCIAL STATEMENTS
(Continued)

2. Property Taxes Receivable

The County's property taxes are levied each July 1 at rates enacted by the Board of County Commissioners on the total assessed value as determined by the Maryland State Department of Assessments and Taxation. Although the rates of levy are not legally limited, State law stipulates that the Constant Yield Tax Rate, which is furnished by the Maryland State Department of Assessments and Taxation, cannot be exceeded without public notice and public hearings regarding the intent to exceed. As a result of State legislation passed in 1979, the assessment of real property returned to a triennial system beginning in Fiscal Year 1981. Under the provisions of this legislation, the increase in established market value of the one-third of the properties reassessed each year is phased in over a three-year period.

Property taxes are levied as of July 1 and become delinquent on October 1. Interest accrues at 1 percent monthly for delinquent property taxes. Tax liens on real property are sold at public auction the second Monday in May on taxes delinquent since October 1 of the current fiscal year. Discounts of one percent and one-half percent are granted for the property taxes paid during July and August respectively.

The County bills and collects its own property taxes and those of the State and local municipalities. County property tax revenues are recognized when levied to the extent that they result in current receivables. State and municipal property taxes collected are accounted for as liabilities in the General Fund of the County.

Total assessed value on which levies were made for the year ended June 30, 2007, was \$20,178,548,271. The Countywide property tax rate was \$.936 per \$100 of assessed value. In addition, taxes were levied in two fire tax districts and three lighting tax districts. The County collected 99.8% of taxes levied in the current year. The receivable portion of the current year property tax levy, including fire and lighting tax districts and public utility tax, is \$1,504,637 and is included in total property taxes receivable \$1,531,071 on the Statement of Net Assets. This compares to the current portion of the prior year levy of \$403,283 included in the total property taxes of \$446,040 as of June 30, 2006.

3. Inventories

Inventory is valued at cost (first-in, first-out), which approximates market except for the Water and Sewer Enterprise Fund, which uses specific identification to value its inventory of supplies, which also approximates market. Inventory consists of expendable supplies held for consumption. The cost, other than in the proprietary funds, is recorded as an expenditure when items are purchased. The fund balance of the General Fund is restored for the value of the inventory on hand at year-end and fund balance is reserved by an equal amount to indicate it is unavailable for appropriation.

4. Capital Assets

Capital assets, including property, plant, equipment, and infrastructure assets (e.g. roads, bridges, and similar items) are recorded at historical costs or at estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their fair market value at the date of donation.

NOTES TO FINANCIAL STATEMENTS
(Continued)

Most capital assets used in operations are depreciated using the straight-line method over their estimated useful lives. The County defines capital assets, other than infrastructure, as assets with an initial, individual cost of \$5,000 or more, and an estimated useful life in excess of one year. Infrastructure is defined as capital assets with an initial cost of \$100,000 or more, and an estimated useful life in excess of one year. The County has included infrastructure acquired prior to fiscal years ended after June 30, 1980 in capital assets. The estimated useful lives for assets depreciated using the straight-line method are as follows:

Bridges	50	years
Buildings	30 - 50	years
Improvements	10 - 30	years
Machinery and Equipment	5 - 30	years
Vehicles	5 - 15	years
Water and Sewer Lines	25 - 75	years
Roads	30	years
Misc. Infrastructure	10 - 20	years

Certain solid waste assets are depreciated using the activity method. Depreciation is based on capacity used of the new Site B landfill in order to match depreciation expense with the landfill usage and revenues. The basis for calculating landfill capacity used is 2,419,980 tons for Site B.

The capital asset accounting policies for BOE, FCC and FCPL are the same as the County. The following useful lives are used for depreciation purposes for the assets of these component units:

	In Years		
	BOE	FCC	FCPL
Buildings and Improvements	20 - 40	10 - 40	20 - 40
Site Improvements	n/a	15	15
Library Collection	n/a	10	5
Furniture and equipment	5 - 15	5 - 10	5 - 15

5. Compensated Absences

Frederick County personnel policies allow employees to accumulate a limited amount of earned but unused annual leave, which can be used in a subsequent period or will be paid to employees upon separation from County service. In the government-wide financial statements and proprietary fund financial statements, all annual, holiday, and compensatory leave are accrued when earned. A liability for these amounts is only reported in governmental funds for the portion estimated to be due and payable at year-end from resources of that year.

NOTES TO FINANCIAL STATEMENTS
(Continued)

6. Long-Term Obligations

In the government-wide financial statements and proprietary fund financial statements, non-current obligations are reported as liabilities in either governmental activities or business-type activities in the statement of net assets. Bond premiums, discounts, and deferred losses on refundings are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable unamortized bond premium or discount. All debt issue costs are deferred and amortized over the life of the debt issue using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

7. Net Assets/Fund Balances

The government-wide financial statements utilize a net assets presentation. Net assets are categorized as invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. Invested in capital assets, net of related debt, represents all capital assets, including infrastructure, reduced by accumulated depreciation and the outstanding debt directly attributable to the acquisition, construction or improvements of these assets. Restricted net assets represent external restrictions by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation. In the Water & Sewer Enterprise Fund, a portion of the unrestricted net assets are reserved to represent the intent of the County's administration to use the unrestricted net assets for specific purposes in the future. Data specific to these reserves is available in Note 3.G.4.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance are not legally required segregations, but rather represent the intent of the County's administration to use fund balances for specific purposes in the future.

8. Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
(Continued)**NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY****A. Budgetary Data**

The budget document is a comprehensive financial plan showing all revenues and expenditures for the operating budget, the capital budget and the Capital Improvements Program. The Capital Improvements Program sets forth clearly the plan for proposed capital projects to be undertaken in the ensuing fiscal year and the next five years. Budgets are adopted on an annual cycle for all governmental funds except the Sheriff's Drug Enforcement, the Sheriff's Office, the Narcotics Task Force and the Inmate Canteen Special Revenue funds.

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to January 15, the Budget Officer requests all departments to submit their proposed operating budgets for the fiscal year commencing the following July 1.
2. All budget requests are compiled by the Budget Office and, after making departmental reviews of the request, a recommended budget is presented to the Board of County Commissioners for review and appeal.
3. Public hearings are required by law to be scheduled by the Budget Officer with approval of the Board of County Commissioners.
4. Prior to the commencement of the fiscal year, the property tax rate is set and the budget is legally enacted through the passage of an ordinance.
5. The Board of County Commissioners adopts the budget for all funds, except the General Fund, at the fund level of budgetary control. The General Fund budget is adopted at the department level. Budgetary schedules in this document may display greater detail than the legal level of budget adoption.
6. Supplemental appropriations are allowed only to provide for the award of federal and state grants and other restricted revenues during the year. Supplemental appropriations were not material in relation to the budget originally appropriated.
7. Appropriations lapse at the end of the fiscal year for all funds, except the Capital Projects Fund and certain federal and state grants that do not have a year-end date of June 30.
8. Formal budgetary integration is employed as a management control device for all funds for which a budget is legally adopted, namely, the General, Special Revenue (except the Sheriff's Drug Enforcement, Sheriff's Office Fund, Narcotics Task Force, Inmates' Canteen, Fire/Rescue Loan and Non-Profit Organizations Loan), Capital Projects, Enterprise Funds, Internal Service Funds and Pension Trust Fund. No budgets are in place for the Special Revenue Funds individually noted.
9. During the operating year, inter-departmental budget transfers must be approved by the Board of County Commissioners.

NOTES TO FINANCIAL STATEMENTS
(Continued)

The policy established by the County with respect to the Budget is at variance with GAAP. The County's budgetary basis of accounting differs from GAAP as follows:

- Encumbrances are treated as expenditures for budgetary accounting purposes. Under encumbrance accounting, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation.
- Inventories are recorded as expenditures at the time of purchase.
- Participation in alternative contributory pension system (budgeted for in FY 2008)

B. Reconciliation of Budgetary Basis to GAAP Basis

Of the Governmental Funds, the General Fund has a legally adopted annual budget. Exhibit II-A-7 the "Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual" is prepared on a basis consistent with this budget. The budget is prepared using encumbrance accounting where encumbrances are treated as expenditures of the current period. The reconciliation of Budget to GAAP, as presented on the "Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual" reflects adjustments as described below.

The "Statement of Revenues, Expenditures and Changes in Fund Balance" for all major governmental funds is prepared on a basis consistent with GAAP where encumbrances are treated as a reservation of fund balance.

General Fund

Budgetary Basis	Revenues	Expenditures	Other Financing Sources (Uses)	Net change in Fund Balance
	\$ 411,291,876	\$ 366,794,523	\$ (50,347,791)	\$ (5,850,438)
Basis Adjustments:				
Encumbrance adjustment	-	581,465	-	(581,465)
Participation in alternative contributory pension system (budgeted for in FY 2008)	-	2,360,843	-	(2,360,843)
Inventory adjustment	-	(188,156)	-	188,156
Net affect of basis adjustments	-	2,754,152	-	(2,754,152)
GAAP Basis	<u>\$ 411,291,876</u>	<u>\$ 369,548,675</u>	<u>\$ (50,347,791)</u>	<u>\$ (8,604,590)</u>

NOTES TO FINANCIAL STATEMENTS
(Continued)

The following departments over expended their FY2007 budgets:

	Amended Budget	Actual	Negative Variance
Office of Economic Development	\$ 993,377	\$ 1,026,891	\$ 33,514
Internal Audit	391,006	621,341	230,335
Soil Conservation	212,137	228,447	16,310
Emergency Management	238,056	260,243	22,187

Variances are due to higher than anticipated salary and fringe costs for the Office of Economic Development, Emergency Management and Public Safety Director. The Office of Economic Development had the retirement of key personnel and the Emergency Management and Public Safety Director departments had changes in the division structure late in the year. The variances for Internal Audit and Soil Conservation related to lower than anticipated recoveries. In the case of Internal Audit, it was a significant decrease in Component Unit In-Kind charges and for Soil Conservation it was a decrease in salary recovery.

NOTE 3. DETAILED NOTES ON ALL FUNDS

A. Cash, Investments and Equity in Pooled Invested Cash

1. Deposits

Primary Government

At year-end, Frederick County's carrying amount of deposits was \$703,411 and the bank balance was \$4,128,510. The County's deposits are categorized below to give an indication of the level of custodial credit risk assumed by the County at year-end. The bank's balances were collateralized as follows:

Federal Deposit Insurance Corporation (FDIC)	\$ 450,049
National Credit Union Administration (NCUA)	2,164
Held by the government's agent, in the government's name	3,347,119
Unspent lease proceeds held in escrow	329,178
 Total Bank Balance	 <u>\$ 4,128,510</u>

Certain lease proceeds of the County's fire/rescue tax district and general funds are classified as restricted cash and cash equivalents on the balance sheet because their use is limited and they are maintained in a separate bank account.

NOTES TO FINANCIAL STATEMENTS
(Continued)

The County's cash and investments as of June 30, 2007, totaled \$469,575,874 as presented in the Statement of Net Assets. Restricted cash and cash equivalents represent unspent bond proceeds and lease proceeds held in escrow, as mentioned above. The following table reconciles the County's deposits and investments to the Statement of Net Assets:

Total Primary Government - Exhibit II-A-1	
Cash	\$ 1,767,647
Equity in Pooled Invested Cash	186,379,643
Investments	222,500,280
Restricted Cash and Cash Equivalents	58,928,304
Total	\$ 469,575,874
Deposit & Investment Summary:	
Investments	\$ 473,162,206
Cash on Hand	19,379
Deposits	703,411
Less: Component Units and Agency Fund Cash Equivalents	
Retirement Fund	(186,078)
Frederick County Public Libraries	(27,093)
Agency Funds	(4,095,951)
Total	\$ 469,575,874

Pension Trust Fund

At the year-end, the carrying amount of the Pension Trust Fund's deposits was \$38,587 and the bank balance was \$93,765. The deposits of the Pension Trust Fund were not exposed to custodial risk at June 30, 2007.

Component Units

Deposits and investments of the BOE, FCC and FCPL are governed by the same law governing the County's investments. At June 30, 2007, BOE's cash on hand for petty cash was \$14,175. The carrying amount of the Board's deposits was \$13,094,831 and the bank balance was \$6,984,293. The deposits of the Board were not exposed to custodial risk at June 30, 2007.

At June 30, 2007, FCC's cash on hand for petty cash was \$19,350. The carrying amount of the College's deposits was \$1,456,556 and the bank balance was \$2,227,905. Deposits of the College in the amount of \$788,567 were uncollateralized and exposed to custodial credit risk at June 30, 2007.

At June 30, 2007, the carrying amount and bank balance of FCPL's deposits was \$7,093.

NOTES TO FINANCIAL STATEMENTS
(Continued)

2. Investments

Primary Government

As of June 30, 2007, Frederick County held the following investments and maturities. The government's investment balances were as follows:

Investment Type (All funds)	Fair Value	0 - 18 Month Maturities	18 - 24 Month Maturities	> 24 Month Maturities
U. S. Treasuries	\$ 18,014,771	\$ -	\$ -	\$ 18,014,771
Repurchase Agreements	5,911,507	5,911,507	-	-
MD Local Government Investment Pool	215,660,284	215,660,284	-	-
Money Market Funds	11,178,606	11,178,606	-	-
Federal Agency Securities	222,397,038	101,633,405	74,916,200	45,847,433
Total Fair Value	<u>\$ 473,162,206</u>	<u>\$ 334,383,802</u>	<u>\$ 74,916,200</u>	<u>\$ 63,862,204</u>

Interest Rate Risk – The County recognizes that interest rate risk can result from market price losses due to changes in interest rates. Portfolio diversification of maturities is employed as a way to control these risks. The County's investment policy limits General fund investments to maturities within eighteen months from the date of purchase. Up to one-half of Water and Sewer Fund investments may have maturities from two to ten years, with the remaining investments maturing within two years. In all funds, portfolio maturities are staggered to avoid undue concentration of assets in a specific maturity sector.

Credit Risk – Funds of the County will only be invested in accordance with the Provision of Article 95, Sections 22, 22L, and 22N of the Annotated Code of Maryland, State Finance and Procurement Article 6-222 (a) of the Annotated Code of Maryland. The State's restrictions are included in parentheses below. In addition to the State's provisions, the County investment policy lists the following investments as legal for purchase:

1. U. S. Treasury securities
2. Obligations of U. S. government agencies
3. Repurchase agreement (collateralized in an amount not less than 102% of the principal amount by an obligation of the U.S., its agencies or instrumentalities, provided the collateral is held by a custodian other than the seller designated by the buyer)
4. Bankers' acceptances
5. Shares in an investment company or investment trust (limited to direct obligations of the U.S government and to repurchased agreements fully collateralized by U. S. government obligations and the investment company or trust takes delivery of that collateral, either directly or through an authorized custodian)
6. Money market mutual funds that contain only securities of the organizations listed in items (1), (2), and (3) above

NOTES TO FINANCIAL STATEMENTS
(Continued)

7. Certificates of deposit (collateralized within the guidelines of the Annotated Code of Maryland, State Finance and Procurement Article 6-202)
8. Maryland Local Government Investment Pool (MLGIP)

The County's investments have received the following ratings:

<u>Investment</u>	<u>Fair Value</u>	<u>Moody's</u>	<u>Standard & Poor's</u>	<u>Fitch Ratings</u>
MLGIP	\$ 215,660,284		AAAm	
Repurchase Agreement	5,911,507	Aa1	AA	
FHLB	121,675,604	Aaa	AAA	
FNMA	58,147,447	Aaa	AAA	AAA
FHLMC	37,578,687	Aaa	AAA	AAA
Farm Credit	4,995,300	Aaa	AAA	AAA

The repurchase agreements are collateralized with Small Business Administration (SBA) securities and are explicitly guaranteed by the U.S. Government. All other investments are debt securities of the U.S. government or obligations of the U.S. government that are explicitly guaranteed by the U.S. government.

Concentration of Credit Risk – To reduce this risk, the County seeks to maintain a balanced portfolio by issuer or financial institution and class of security or money market instrument. A portion of the portfolio shall be invested in marketable U. S. Treasury bills at all times. More than 5% of the County's portfolio is invested in the Maryland Local Government Investment Pool (MLGIP) and federal agency securities. The MLGIP may invest in instruments rated only Tier 1 by at least one Nationally Recognized Securities Rating Organization (NRSRO). They have maximum exposure limits per issuer to maintain a diversified portfolio.

<u>Investment Type</u>		<u>Fair Value</u>	<u>% of Portfolio</u>
U. S. Treasuries		\$ 18,014,771	3.807 %
Repurchase Agreements		5,911,507	1.249
MD Local Government Investment Pool (MLGIP)		215,660,284	45.579
Money Market Funds		11,178,606	2.363
Federal Home Loan Bank (FHLB)		121,675,604	25.715
Federal National Mortgage Assoc. (FNMA)		58,147,447	12.289
Federal Home Loan Mortgage Corp (FHLMC)		37,578,687	7.942
Federal Farm Credit Bank		4,995,300	1.056
Total Fair Value		\$ 473,162,206	100.000 %

Custodial Credit Risk – For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County's investment policy requires that

NOTES TO FINANCIAL STATEMENTS
(Continued)

all securities purchased by the County and securities taken as collateral, shall be held in third-party safekeeping by an institution designated as primary agent. All securities shall be purchased, sold, titled or released using the delivery vs. payment procedure. Collateral shall be:

1. In an amount not less than 102% of the principal amount of the repurchase agreement,
2. Include debt securities of the issuing agency or mortgage-backed securities guaranteed by the issuing agency, but no derivatives thereof,
3. Direct obligations of the U. S. Treasury, and derivatives thereof insofar as they represent principal portions of the debt stripped of their interest coupons (Treasury strips),
4. Held to a minimum number of pieces at all times and
5. Marked to market daily and reported monthly by the investment custodian.

Pension Trust Fund

The County's Pension Trust fund (the Plan) has an investment policy that is designed to protect its principal from both market value erosion and inflationary erosion. The Plan's objective is to achieve a real rate of return over the long term, solely in the financial interest of the Plan, its participants and beneficiaries. To help achieve this return, professional investment managers are employed by the Plan to manage the Plans' assets.

Investments – The Plans investment policy includes an asset allocation plan for investments. The target allocation is 60% equities and 40% bonds. The minimum and maximum percentages for equities are 35% and 75%, respectively, and for bonds are 25% and 50%, respectively.

As of June 30, 2007, the Plan held the following investments and maturities:

Investment Type (All funds)	Fair Value	0 - 18 Month Maturities	18 - 24 Month Maturities	> 24 Month Maturities
Money Market Funds	\$ 10,256,703	\$ 10,256,703	\$ -	\$ -
Mutual Funds	79,492,576	79,492,576	-	-
U.S. Government Securities (Fixed Income)	10,106,015	-	-	10,106,015
Corporate Bonds and Notes (Fixed Income)	13,753,018	172,123	293,157	13,287,738
Common Stocks	83,928,947	83,928,947	-	-
Total Fair Value	\$ 197,537,259	\$ 173,850,349	\$ 293,157	\$ 23,393,753

NOTES TO FINANCIAL STATEMENTS
(Continued)

Interest Rate Risk – The Plan's investment policy does not place any limits on the investment managers with respect to the duration of their investments.

Credit Risk – The money market funds are unrated, as are the mutual funds and common stocks used by the Plan. As of June 30, 2007, the Plan's fixed income investments had the following characteristics:

<u>Moody's Rating or Comparable</u>	<u>Fair Value</u>
AAA to A1	\$ 13,760,647
BAA3 to BA1	1,499,202
Not rated	8,599,184
Total Fair Value	<u><u>\$ 23,859,033</u></u>

A-73

Foreign Currency Risk – The Plan's exposure to foreign currency risk derives from its investment in foreign currency or instruments denominated in foreign currency. The Plan recognizes the value of global diversification and retains one investment manager for global and international equity investments. The Plan's exposure to foreign currency risk is as follows:

<u>Currency</u>	<u>Fair Value</u>
Australian Dollar	\$ 539,667
British Pound Sterling	4,283,626
Canadian Dollar	211,083
Danish Krone	819,567
Euro Currency	8,331,208
Hong Kong Dollar	334,275
Japanese Yen	3,208,907
Singapore Dollar	249,312
South Korean Won	151,655
Swedish Krona	767,191
Swiss Franc	278,496
Total Fair Value	<u><u>\$ 19,174,987</u></u>

NOTES TO FINANCIAL STATEMENTS
(Continued)

Component Units

The Board of Education's investments at June 30, 2007 are categorized in the following table:

Investment Type	Fair Value	Investment Maturities (in Years)			Interest Rate At June 30
		Less than 1	1-5	6-10	
State Investment Pool	\$ 8,924,166	\$ 8,924,166	\$ -	\$ -	5.08%
Certificates of Deposit	84,382	84,382	-	-	Various
	<u>\$ 9,008,548</u>	<u>\$ 9,008,548</u>	<u>\$ -</u>	<u>\$ -</u>	

Investment income includes the following for the year ended June 30, 2007:

Total net investment income per statement of activities - \$984,594

FCC's investments at June 30, 2007 were as follows:

Investment Type	Fair Value	Investment Maturities (in Years)			Interest Rate At June 30
		Less than 1	1-5	6-10	
State Investment Pool	\$ 9,288,522	\$ 9,288,522	\$ -	\$ -	5.08%
	<u>\$ 9,288,522</u>	<u>\$ 9,288,522</u>	<u>\$ -</u>	<u>\$ -</u>	

Investment income includes the following for the year ended June 30, 2007:

Total net investment income per statement of activities - \$1,392,697

NOTES TO FINANCIAL STATEMENTS
(Continued)

The Frederick Community College Foundation investments at June 30, 2007 are:

	June 30, 2007		June 30, 2006	
	Cost	Market	Cost	Market
U.S. Treasury Note & Bonds	\$ 444,500	\$ 438,161	\$ 330,520	\$ 321,070
U.S. Agencies	694,636	689,520	478,316	470,091
Corporate Bonds	869,470	867,315	880,175	868,179
Total Debt Securities	2,008,606	1,994,996	1,689,011	1,659,340
Equity Securities	3,618,236	3,720,739	3,002,311	2,972,043
Total Investments	\$ 5,626,842	\$ 5,715,735	\$ 4,691,322	\$ 4,631,383

All debt securities are considered held-to-maturity and equity securities are considered available for sale. Investments are carried at cost and marked for financial statement presentation.

FCPL's investments at June 30, 2007 were as follows:

Investment Type	Fair Value	Investment Maturities (in Years)			Interest Rate At June 30
		Less than 1	1-5	6-10	
State Investment Pool	\$ 209,726	\$ 209,726	\$ -	\$ -	5.08%
Certificates of Deposit	170,000	170,000	-	-	Various
	\$ 379,726	\$ 379,726	\$ -	\$ -	

Investment income includes the following for the year ended June 30, 2007:

Total net investment income per statement of activities - \$17,594

Investment Rate Risk: Fair value fluctuates with interest rates, and increasing interest rates could cause fair value to decline below original cost.

Credit Risk: The BOE, FCC and FCPL invest in the Maryland Local Government Investment Pool (MLGIP), which is under the administration of the State Treasurer. The MLGIP was established in 1982 under Article 95 Section 22G of the Annotated Code of Maryland and is rated AAA by Standard and Poor's, their highest rating for money market funds. The MLGIP seeks to maintain a constant unit value of \$1.00 per unit. Unit value is computed using the amortized cost method. In addition, the net asset value of the pool, marked to market, is calculated and maintained on a weekly basis to ensure a \$1.00 per unit constant value.

NOTES TO FINANCIAL STATEMENTS
(Continued)

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of failure of the counterparty, the BOE, FCC and FCPL will not be able to recover all or portion of the value of its investments or collateral securities that are in possession of an outside party. At June 30, 2007, all of the component unit investments were insured or registered, or securities were held by the unit or its agent in the unit's name or were invested in the MLGIP.

Foreign Currency Risk: There are no investments in foreign currency by the BOE, FCC or FCPL.

B. Receivables and Payables

1. Accounts and Other Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. The associated allowance for doubtful accounts has been established in the following governmental and business-type funds:

Fire/Rescue Tax Districts	\$136,027
Water and Sewer	1,092
Solid Waste	72,353
Citizen's Nursing Home	69,444
Montevue Home	59,463

A-76

2. Due To/From Primary Government and Component Units

The receivable and payable balances between the primary government and its component units at June 30, 2007, are reconciled as follows:

	BOE	FCC	FCPL	TOTAL
Due from component units per Primary Government	\$ -	\$ 28,363	\$ -	\$ 28,363
Due to primary government per Component Units	<u>\$ -</u>	<u>\$ 28,363</u>	<u>\$ -</u>	<u>\$ 28,363</u>
	BOE	FCC	FCPL	TOTAL
Due to component units per Primary Government	\$ 5,672,832	\$ -	\$ 2,218,101	\$ 7,890,933
Due from primary government per Component Units	<u>\$ 5,672,832</u>	<u>\$ -</u>	<u>\$ 2,218,101</u>	<u>\$ 7,890,933</u>

C. Capital Assets

With the implementation of GASB Statement No. 34 for the year ended June 30, 2002, infrastructure assets were valued for the first time. This valuation was performed by a third party.

NOTES TO FINANCIAL STATEMENTS
(Continued)

D. Interfund Receivables, Payables and Transfers

1. Primary Government Interfund Receivables and Payable Balances

Receivable Fund	Payable Fund		Total Due from Other Funds
	Nonmajor Proprietary	Total	
General Fund	\$ 1,297,009	\$ 1,297,009	
Total Due to Other Funds	<u>\$ 1,297,009</u>	<u>\$ 1,297,009</u>	

Interfund balances due from the nonmajor proprietary funds include \$1,297,009 from Citizens Care and Rehabilitation Center. The amount due from Citizens Care and Rehabilitation Center is primarily the additional cash amounts needed during the year ended June 30, 2007, to fund the operations of the center. This amount due will be repaid to the General Fund through improved operating results of the center expected in subsequent years. The balance in the nonmajor governmental fund is the result from the timing of cash flows and will clear themselves through normal operations.

2. Interfund Transfers – Primary Government

Interfund transfers for the year ended June 30, 2007 consists of the following:

	Transfers In				Total Transfers to Other Funds
	Capital Projects	Nonmajor Governmental	Nonmajor Enterprise	Internal Service Funds	
Transfers Out					
General Fund	\$ 38,299,420	\$ 8,009,101	\$ 3,941,258	\$ 796,768	\$ 51,046,547
Nonmajor governmental	30,331,520	-	-	-	30,331,520
Water and Sewer	-	-	-	256,962	256,962
Nonmajor enterprise	-	-	-	19,186	19,186
Total Transfers in from Other Funds	<u>\$ 68,630,940</u>	<u>\$ 8,009,101</u>	<u>\$ 3,941,258</u>	<u>\$ 1,072,916</u>	<u>\$ 81,654,215</u>

NOTES TO FINANCIAL STATEMENTS
(Continued)

Primary activities include:

- Transfers of pay-go funding from the General Fund and various non-major governmental funds to the Capital Projects Fund;
- Transfers of matching County grants funding from the General Fund to the Grants Fund and;
- Transfers to the enterprise funds of the Citizens Care and Rehabilitation Center and Montevue Home for operating purposes from the General Fund.

E. Operating Leases

Frederick County is committed under various leases for building and office space, the majority of which are cancelable. These leases are considered for accounting purposes to be operating leases. Operating lease expenditures for Fiscal Year 2007 were approximately \$1,021,000.

The future minimum lease payments for these leases are as follows:

Fiscal Year	Total Payment
2008	\$ 618,664
2009	256,248
2010	187,146
2011	139,875
2012	127,200
2013-2017	606,000
2018-2022	606,000
2023-2027	594,800
2028-2032	270,000
2033-2037	225,000
Total	\$ 3,630,933

A-81

The County subleases a portion of one of these buildings to other companies and government agencies; this does not, however, release the County from the lease obligation. Lease revenues from subleases for Fiscal Year 2007 totaled \$125,841.

NOTES TO FINANCIAL STATEMENTS
(Continued)

The future minimum lease revenues for the subleases are as follows:

Years Ending June 30,		
2008	\$	127,340
2009		120,946
2010		18,669
2011		-
2012		-
2013-and thereafter		<u>\$ 266,955</u>

The County is committed under various rental lease agreements as lessor. All leases are considered for accounting purposes to be collectable leases. Lease revenues for Fiscal Year 2007 totaled \$237,650.

Future minimum lease revenues for these rentals are as follows:

Years Ending June 30,		
2008	\$	241,190
2009		213,652
2010		217,672
2011		173,804
2012		126,342
2013-and thereafter		<u>\$ 1,004,439</u>

Total Governmental Activity- Long Term Liabilities	<u>\$ 332,613,635</u>	<u>\$ 75,817,448</u>	<u>\$ (29,550,984)</u>	<u>\$ 378,880,099</u>	<u>\$ 24,893,243</u>

A-83

Primary Government:

Payments on the non-current liabilities above (excluding compensated absences), that pertain to the County's governmental activities are made by the General, Capital Projects, Citizens Care and Rehabilitation Center Building Fund, Fire/Rescue Tax Districts, Agricultural Preservation, Impact Fee, Economic Development Loan and Hotel Rental Tax Funds. A portion of the notes payable are repaid to the County by private users, as discussed in this section under Note 3.F.5 (Notes Payable). The compensated absences liability attributable to the governmental activities will be liquidated primarily by the General Fund. In the past, approximately 88% has been paid by the General Fund and the remainder by various other governmental and internal service funds. The additions to the unamortized premium on bonds payable for governmental activities are recorded as an Other Financing Source in the respective fund.

The Internal Service Funds predominantly serve the governmental funds. Accordingly, long-term liabilities related to the Internal Service Funds are included as part of the above totals for governmental activities. At June 30, 2007, Internal Service Funds compensated absences totaling \$114,759 are included in the above amounts.

The County is not subject to any general debt limitations with regard to its issuance of general obligation bonds other than water, sewer, drainage system and solid waste bonds and other specific types of bonds which are authorized to be issued under certain provisions of the Maryland Code, but any debt limitation which would be applicable to a particular issue of bonds would be contained within the enabling legislation enacted by the General Assembly of the State.

The debt limit for the primary government's water, sewer and solid waste activities at June 30, 2007 was \$1,231,244,335 and the legal debt margin was \$1,075,464,998.

2. General Obligation Bonds**Primary Government**

The County may not issue general obligation bonds and installment purchase agreements unless specific enabling legislation is passed by the Maryland General Assembly. In addition to the Bonds, the County has been authorized by the General Assembly to, among other things, (i) issue temporary notes during any single year in an amount up to \$100,000 to pay debt service on bonded indebtedness and \$5,000,000 to pay any expenses or obligations of the County, (ii) incur debt for the purpose of providing funds for the construction of water, sewerage, drainage systems and solid waste systems, as long as the amount issued, less any sinking funds or reserves to pay such bonds, does not exceed 15% of the valuation of all legally assessable property within Frederick County subject to unlimited County taxation, and (iii) issue bonds in an amount up to \$178,586,900 which \$58,586,900 is the remaining authorization under Chapter 145 of the Laws of Maryland of 2005 and \$120,000,000 remaining authorization under Chapter 382 of the Laws of Maryland of 2007, as of June 30, 2007.

Any indebtedness authorized by the General Assembly may not be issued until a resolution authorizing the same has been adopted by the Board of County Commissioners.

3. Agricultural Preservation Installment Purchase Agreements

The County acquires development rights on a parcel of agricultural property by entering into an installment purchase agreement with the property owner. Under the terms of the agreement, the County pays the property owner annual interest payments for the term of the agreement, which range in length from 10 to 20 years. At the time the agreement is made, the County purchases securities with maturities that coincide with the principal payment due to the property owner at the end of the agreement. The interest rate of the investment is the interest rate paid to the owner on the installment purchase agreement. Recordation taxes are the revenue source for the investment purchases.

4. Capital Lease Obligations

Primary Government

The County has entered into various lease agreements as lessee for financing the acquisition of numerous pieces of telecommunications, highway, and fire and rescue equipment. These lease agreements qualify as capital leases for accounting purposes and have been recorded at the present value of their future minimum lease payments as of their inception dates.

The assets acquired through capital leases are as follows:

Asset:	
Equipment	\$ 10,965,094
Less: Accumulated depreciation	<u>(3,327,387)</u>
Total:	<u>\$ 7,637,707</u>

NOTES TO FINANCIAL STATEMENTS
(Continued)

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2007, were as follows:

Fiscal Year Ending June 30,	Total Payment
2008	\$ 2,218,207
2009	1,740,287
2010	1,202,260
2011	983,596
2012	629,770
2013-2017	<u>1,809,056</u>
	8,583,176
Less: amount representing interest	(954,983)
Present value-net minimum lease payments	<u>\$ 7,628,193</u>

Component Unit

A-92

The BOE has various capital lease agreements for the purchase of buses, a wide area network technology upgrade, and food service equipment. Payments, including interest, during Fiscal Year 2007 were \$137,721 for the food service equipment, and \$527,152 for the buses, and \$1,182,000 for technology upgrades.

The assets acquired through capital leases are as follows:

	Governmental Activities
Asset:	
Machinery and equipment	\$ 9,746,649
Less: Accumulated depreciation	(5,924,068)
Total	<u>\$ 3,822,581</u>

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2007, the minimum obligation under capital leases were as follows:

<u>Fiscal Year</u>	<u>Governmental Activities</u>
2008	\$ 1,321,321
2009	1,297,582
2010	1,269,193
2011	1,269,193
2012	-
 Total Obligations	 5,157,289
Less: Portion representing interest	(495,225)
 Present value of lease obligation	 \$ 4,662,064

5. Notes Payable

Primary Government

Governmental Activity:

Maryland Industrial Land Act Loans

The County has an outstanding loan from the Department of Business and Economic Development of the State (DBED) in the original amount of \$630,000 under the Maryland Industrial Land Act, Article 83A, Section 5-401 et. seq. of the Maryland Code. The outstanding balance of this loan at June 30, 2007 was \$442,303. The proceeds of this loan have been reloaned by the County to Dan Jay LLC to assist in the financing of the acquisition of certain industrial land and shell buildings in Frederick County. It is anticipated that the repayment of this loan by the private user will generate sufficient moneys for the County to repay DBED, however, the loan is a full faith and credit obligation of the County. A loan in the amount of \$181,058 has also been received under the program and granted to State Farm Insurance to assist in the financing of certain street and site improvements in the County. The loan is a full faith and credit obligation of the County. The outstanding balance of this loan at June 30, 2007 was \$131,925.

Maryland Industrial and Commercial Redevelopment Fund Loans

The County has received a State loan in the amount of \$1,436,502 from the Maryland Industrial and Commercial Redevelopment Fund (MICRF) pursuant to the provisions of Sections 5-501 through 5-507 of Article 83A of the Maryland Code, which loans have been approved by DBED. The outstanding balance of this loan at June 30, 2007 was \$809,685. The proceeds of this loan have been reloaned to Medimmune, Inc. to assist in the financing of the acquisition of certain redevelopment projects in Frederick County. Although it is expected that this loan will be repaid by payments made by the private user, the loan is a full faith and credit obligation of the County. This loan was paid in full in August 2007.

NOTES TO FINANCIAL STATEMENTS
(Continued)

United States Environmental Protection Agency

On April 17, 1992, the County entered into a loan agreement with the United States Environmental Protection Agency. These funds were provided in accordance with the provisions of the Asbestos School Hazard Abatement Reauthorization Act of 1990, 20 U.S.C. 4011 et. seq, for the purpose of removing asbestos from Frederick County Public Schools. The original amount of this loan was \$1,370,471, and the balance due as of June 30, 2007, is \$342,619. This is a non-interest bearing note. Semi-annual principal payments of \$38,069 are required, with a final payment due on November 30, 2011.

Maryland State Retirement System

Effective June 30, 1993, the County withdrew from the Maryland State Retirement System for all hires after June 30, 1993. The State calculated a net unfunded amount due from the County, which is further explained in Note 4.D. The original amount of this liability was \$7,036,995 and the balance due at June 30, 2007 is \$4,196,755.

	Paying Fund	Amount of Original Issue	Date of Debt Issue	Date of Debt Maturity	Annual Rate/ Payment Frequency	Amount Outstanding 06/30/07

	\$ 5,923,287	\$ 1,230,123

NOTES TO FINANCIAL STATEMENTS
(Continued)

Business Type Activities:

Maryland Department of the Environment Loans

The Department of the Environment of the State of Maryland (MDE) through the Maryland Water Quality Financing Administration, makes funds available to local governments at below market interest rates for certain water quality and drinking water projects. Proceeds of the loans are dispersed to the County as draws according to construction payments.

The County has been a participant in the MDE's loan program since Fiscal Year 1992. As of June 30, 2007, the County has authorized and approved borrowings in an aggregate principal amount of \$24,083,096 for nine water and sewer loans. The County has also authorized and approved borrowings in an aggregate principal amount of \$23,083,532 for three solid waste loans. As of June 30, 2007, \$22,411,566 of the water and sewer loan proceeds and \$21,596,361 of the solid waste loan proceeds have been drawn. The remaining funds are anticipated to be drawn by the end of Fiscal Year 2008. The outstanding principal balance on these loans as of June 30, 2007 is \$29,688,011. These loans have interest rates of 1.00 – 4.56%.

6. Accounting for Municipal Solid Waste Landfill Closure and Post Closure Care Costs

The Solid Waste Enterprise Fund recorded a liability for the costs of closing and post closure monitoring and care for thirty years of both sanitary landfills (Site A and B) as mandated by state and federal regulations. The liability recognized to date is based on the percentage to total landfill capacity multiplied by the total estimated current costs of closure and post closure care. The liability is reduced as the estimated costs are incurred.

As of June 30, 2005, the Site A landfill was 100% to capacity. Total capacity of Site A is 3,228,000 tons. In Fiscal Year 2007, \$277,553 of operating activities such as leachate treatment and well testing related to Site A were incurred. The liability for Site A closure was increased by \$192,743 to reflect the variance between estimated and actual costs. This increase is recognized in the \$369,218 of additions to landfill closure costs for Fiscal Year 2007 as previously noted in Note 3.F.1. The total remaining estimated costs for closure and post closure care of Site A is \$4,328,249 as of June 30, 2007. This entire amount is reported as a liability for Site A.

As of June 30, 2007, the Site B landfill had capacity used of 1,688,699 tons, which is 69.78% of total capacity of 2,419,980 tons. The total estimated costs for closure and post closure care of Site B is \$17,772,190, and the resulting liability is \$12,401,705, with \$5,370,485 remaining to be recognized. The current operating strategy includes the utilization of a temporary transfer station that became operational in December 2005. Under this strategy, Site B has an estimated remaining life of 42 years.

The Solid Waste Enterprise Fund has a total liability for closure and post closure care of \$16,729,954 as of June 30, 2007. No assets are restricted for payment of the closure and post closure care costs. The costs are based on estimates and actual costs may differ due to inflation, changes in technology, or changes in regulations.

NOTES TO FINANCIAL STATEMENTS

G. Fund Balances/Net Assets

1. Governmental Activities with Reservation of Fund Balance

Reservations of fund balance segregate a portion of the balance to indicate that these resources are for a specific purpose and are not available for appropriation for other purposes.

As of June 30, 2007, fund balances were reserved as follows:

	General Fund	Capital Projects	Nonmajor Governmental Funds
Reserved			
For encumbrances	\$ 2,055,384	\$ 31,640,086	\$ 323,865
For inventories	1,103,936	-	-
For long-term receivables	235,085	-	2,401,683
For drug investigations	-	-	175,527
For Agricultural Preservation Compliance monitoring	-	-	152,368
Total reserved fund balances	\$ 3,394,405	\$ 31,640,086	\$ 3,053,443

The MILA and MICRF loans receivable are not offset by a reservation of fund balance on the statement of net assets. These loans receivable are offset by deferred revenue. Deferred revenue represents amounts due from private users to repay the State. Therefore, the loans receivable do not represent fund balance to the County.

Rural Legacy	+	3,253,400
Debt service	624,816	18,290,051
Total designated fund balances	<u>\$ 79,230,104</u>	<u>\$ 52,212,007</u>

A-97

The General Fund fund balance - unreserved-designated for subsequent years' expenditures includes the following designations:

Designated for use in FY08 budget	\$ 37,232,192
Designated for use in FY09 budget	29,541,453
Designated for retiree health plan benefits	6,530,983
Designated for LOSAP (Length of Service Award Program)	869,897
Total General Fund Fund Balance - Unreserved-designated for subsequent years' expenditures	<u>\$ 74,174,525</u>

3. Governmental Activities with Unreserved, Undesignated Fund Balances

The General Fund has unreserved, undesignated fund balance at June 30, 2007 totaling \$18,339,726. Section 2-7-1(a) (2) of the Frederick County, Maryland Code of Ordinances 2004 and 2005 S-Z Supplement provides for the County to maintain an unappropriated undesignated General Fund balance equal to 5% of General Fund expenditures and transfers to the Board of Education and Frederick Community College on a budgetary basis for the prior fiscal year. At June 30, 2007 the required balance is \$18,339,726.

The ordinance stipulates that the 5% set-aside, noted above, be included in the unreserved, undesignated General Fund balance in the governmental fund statements. Also due to the restricting nature of the set-aside, the 5% is reported as restricted net assets in the governmental activities column of the government-wide Statement of Net Assets.

NOTES TO FINANCIAL STATEMENTS
(Continued)

4. Business-type Activities with Unrestricted Net Assets

On February 19, 2002 the Board of County Commissioners adopted a Water and Sewer rate study, which recommended the establishment of several reserves to promote the financial stability of the Water and Sewer Enterprise Fund. As of June 30, 2007, the balance of these reserves is \$111,475,748 (detailed below). These reserves are a part of the \$313,778,889 Net Asset balance.

Reserved for:	
Operating Reserves	\$ 1,498,777
3 R Reserves	25,307,033
Tap Credits	2,629,532
Working Capital	12,799,530
Cash Funding of Capital Projects	6,903,312
System Development	62,337,564
Total Water and Sewer Reserves	<u>\$ 111,475,748</u>

5. Net Assets Restricted by Enabling Legislation

Net assets restricted by enabling legislation represent accumulated net assets attributed to revenue sources, such as taxes and fees, which are restricted for specified purposes in the County Code. These amounts, which are included with restricted net assets in the government wide Statement of Net Assets, are as follows at year end:

Governmental activities	\$ 123,195,622
Business-type activities	<u>-</u>
Total Net Assets Restricted by	
Enabling Legislation	<u>\$ 123,195,622</u>

H. Prior Period Adjustments – Restatement of Beginning Fund Balances and Net Assets

The adjustments of the beginning net assets and fund balance amounts were due to the correction of the following items relating to prior years:

Government-wide Financial Statements:	Primary Government		
	Governmental Activities	Business-type Activities	Total
Net assets June 30, 2006 as previously stated	\$ 292,854,372	\$ 301,211,113	\$ 594,065,485
Adjustments:			
Overstatement of income tax revenue	(9,035,827)	-	(9,035,827)
Net assets June 30, 2006 as restated	<u>\$ 283,818,545</u>	<u>\$ 301,211,113</u>	<u>\$ 585,029,658</u>

NOTES TO FINANCIAL STATEMENTS

Governmental Fund Statements:

	General Fund	Capital Projects	Nonmajor Governmental Funds	Total Governmental Funds
Fund balance June 30, 2006 as previously reported	\$ 109,568,825	\$ 38,317,995	\$ 85,904,911	\$ 233,791,731
Adjustments:				
Overstatement of intergovernmental receivable	(9,035,827)	-	-	(9,035,827)
Overstatement of deferred revenues	9,035,827	-	-	9,035,827
Fund Balance June 30, 2006 as restated	<u>\$ 109,568,825</u>	<u>\$ 38,317,995</u>	<u>\$ 85,904,911</u>	<u>\$ 233,791,731</u>

NOTE 4. OTHER INFORMATION**A. Commitments and Contingencies***1. Construction Commitments*

As of June 30, 2007, the County had the following commitments with respect to unfinished capital projects:

	Total Project Budget	Total Expenditures	Amount Funded	Required Future Funding
General government	\$ 70,424,713	\$ 33,384,896	\$ 42,235,738	\$ 28,188,975
Roads and Bridges	62,980,556	35,960,655	40,628,114	22,352,442
Board of Education	149,453,482	80,923,756	121,263,475	28,190,007
Frederick Community College	3,538,544	1,781,432	2,649,984	888,560
Parks and recreation	23,554,023	2,107,686	20,235,593	3,318,430
Watershed Restoration	1,066,130	294,683	1,066,130	-
Municipal	6,712,745	5,632,464	5,720,482	992,263
	<u>\$ 317,730,193</u>	<u>\$ 160,085,572</u>	<u>\$ 233,799,516</u>	<u>\$ 83,930,677</u>

NOTES TO FINANCIAL STATEMENTS
(Continued)

2. Federal Financial Assistance

The County participates in a number of Federally assisted programs, principal of which are the Older American Programs, Child Support Enforcement, Mass Transit Programs, Section 8 Housing, Head Start, Workforce Investment Act Programs, Bridge Projects, Capitalization Grants for State Revolving Fund and Homeland Security Grant Programs. Audits of these programs are conducted according to the Federal Office of Management and Budget Circular A-133. The Single Audit Report for the year ended June 30, 2007 is issued under separate cover.

The grant programs are subject to audit by the grantor, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement that may arise as a result of these audits, in the opinion of management, is believed to be immaterial.

3. Pending Litigation

There are several pending lawsuits in which the County is involved. The County Attorney estimates that the potential claims against the County not covered by insurance resulting from such litigation would not materially affect the financial statements of the County at June 30, 2007.

4. Economic Dependency

Two non-major enterprise funds are financially dependent upon certain major revenue sources that contribute more than 10% of the fund's total operating revenues.

Citizens Care and Rehabilitation Center, a non-major enterprise fund, has two payor types that individually exceed 10% of total operating revenues for this fund. They are Medicaid (64.63%), and Medicare (11.70%).

The Solid Waste Enterprise Fund has three customers which account for 37.12% of total operating revenues. Two commercial haulers accounted for \$5,003,804, or 29.00%, of the Fiscal Year 2007 operating revenues. A single municipality accounted for \$1,401,818 or 8.12% of the Fiscal Year 2007 operating revenues. Should the revenues from any of these customers decrease significantly, certain variable operating expenses, such as transfer expense and closure and post closure care costs, would decrease.

5. Risk Management

The County is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which it carries commercial insurance. The County retains no risk for claims up to the maximum amount of the policy except for deductible amounts.

There were no instances of claims exceeding insurance coverage in the past three years.

6. Contingent Liability

The County is using the Bell Court Apartment project as residential rental units for lower income households. The deed of trust deferred all principal and interest payments to the Department of Housing and Community Development of the State of Maryland (DHCD), which loaned funds for the construction project, in perpetuity, provided contractual responsibilities were followed. Should the County cease to use the project for this purpose or refinance, sell, transfer or convey the project, the County would be obligated to DHCD for the principal and interest amount of the loan and other

NOTES TO FINANCIAL STATEMENTS
(Continued)

specified costs. The principal, interest and associated costs would also become immediately due if any encumbrance is placed upon the project without the prior written consent of DHCD or in the event of default as defined in the deed of trust. The principal amount of the loan is \$1,813,056.

B. Arbitrage Rebate Requirements

Arbitrage rebate requirements under Internal Revenue Code Section 1.148-3 apply to the County's investment of the proceeds of certain bond issues.

The law requires the computation and payment of arbitrage profits on unspent proceeds of a bond issue if the current investment of these funds yields a higher rate of return than the original bond issue.

The filing of this computation and payment to the Internal Revenue Service is required at the end of the fifth year of the bond issuance date and every 5 years subsequently; however, computations and filings can be made for annual periods. There is no rebatable arbitrage to report at June 30, 2007.

C. Conduit Debt

From time to time, the County has issued Maryland Industrial Development Revenue Bonds, Maryland Economic Development Revenue Bonds, and Maryland Mortgage Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities and provision of housing deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

Frederick County has issued taxable Tax Increment Financing Bonds to finance a portion of the infrastructure needed in the Dudrow Industrial Park and Center Park Development Districts. The County surrenders its tax revenues on the incremental increase in property taxes within the districts to pay the debt service on these bonds. Cash and the related liability to bondholders are accounted for in an Agency Fund. Below is information on the current outstanding bond issues:

Payee	Amount of Original Issue	Date of Debt Issue	Date of Debt Maturity	Interest Rate	Payment Frequency	Amount Outstanding 6/30/2007
MedImmune	\$ 1,090,000	10/30/98	11/01/07	7.20%	Annually	\$ 136,415
Emergent Biologics	300,000	03/31/05	12/01/10	4.08%	Annually	186,564
Toys'R-Us	<u>1,890,094</u>	09/26/96	09/15/18	8.16%	Annually	<u>1,393,608</u>
	<u><u>\$ 3,280,094</u></u>					<u><u>\$ 1,716,587</u></u>

Frederick County has issued special obligation bonds on November 6, 1998 and April 1, 2004 for the Urbana Community Development Authority in the amount of \$30,000,000 and \$32,974,000, respectively; and January 18, 2001 for the Villages of Lake Linganore Community Development Authority

NOTES TO FINANCIAL STATEMENTS
(Continued)

in the amount of \$6,730,000. The bonds were for infrastructure costs within the boundaries of the respective Authorities. Neither the full faith and credit nor the general taxing power of the County is pledged to the payment of these special obligation bonds. The bonds are secured by special taxes levied on the property within the respective Authority.

D. Retirement Plans

Frederick County employees participate in a single-employer pension plan that is administered by the County in a separate trust fund and in two cost-sharing multiple-employer pension plans administered by the State. These plans are as follows:

1. Single-Employer Pension Plan

Plan Description

The Frederick County Employees Retirement Plan was established on July 1, 1993, under authority created by State Legislation and Section 2-2-2 of the County Code. Benefit provisions of the plan were adopted by resolution after a public hearing.

Employees of the County hired on or after July 1, 1993, and current employees electing transfer into the plan on that date are members of the plan. Effective July 1, 2000, to be eligible for benefits, an employee must work 700 hours per year. Participation classification is based on the employee's status as either "uniformed" or "non-uniformed".

The type and number of employees covered as of June 30, 2007, was as follows:

	<u>Uniformed</u>	<u>Non-Uniformed</u>	<u>Non-Vested Terminations</u>	<u>Vested Terminations</u>
Retirees and beneficiaries currently receiving benefits	73	289	-	-
Terminated employees entitled to benefits	-	-	176	120
Active employees	565	1,520	-	-

Effective July 1, 2000, a uniformed employee may retire at the earlier of age 50 or 20 years of eligibility service. Vesting begins after 5 years of service. Retirement benefits are calculated by formula and provide approximately 50% of average pay after 20 years or 66% after 28 years of service. Early retirement benefits are not available. A non-uniformed employee may retire at the earlier of age 60 or 25 years of eligibility service. Vesting begins after 5 years of service (4 years for elected officials and appointees). Retirement benefits are calculated by formula and provide approximately 50% of average pay after 25 years or 60% after 30 years of service. An employee may also take early retirement with reduced benefits at age 55 with 15 years of service.

The plan does not issue a stand-alone financial report and is not included in the report of a public employee retirement system or another entity.

NOTES TO FINANCIAL STATEMENTS
(Continued)

Summary of Significant Accounting Policies

The plan follows the accrual basis of accounting. Contributions are recognized in amounts determined by actuarial valuations. Plan member contributions are recognized in the period in which the contributions are due. The government's contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The fair value of investments is determined by market price.

Funding Policy

Obligations to contribute to the plan were established by local resolution after a public hearing.

Funding policy for the plan provides for periodic contributions based upon actuarial valuations. Required contributions under the plan that are not funded by employee contributions are funded entirely by the County. Costs of administering the plan are financed on a current funding basis.

As of July 1, 2000, uniformed employees contribute 8% of their base pay under the plan, and non-uniformed employees contribute 4%. The County's required payroll contribution in FY2007 was 15.9%.

Annual Pension Cost

During the fiscal year ending June 30, 2007 contributions to the plan were made in accordance with actuarially determined contribution requirements determined through an actuarial valuation performed at July 1, 2006.

Significant actuarial assumptions used include (a) a rate of return on the investment of present and future assets of 7.75% per year compounded annually, gross of investment expenses, (b) projected salary increases from 4.00% to 10.00% per year compounded annually, including 3.00% per year attributable to inflation, and the remainder of merit/seniority, and (c) 1.00% cost of living benefit increase.

The projected unit credit cost method is the actuarial cost method used to determine the plan's normal cost and the actuarial accrued liability. The actuarial value of assets is determined by adjusting the market value of assets as of the actuarial valuation date for any actuarial gains and losses. There was an actuarial loss during FY2006, caused primarily by pay increases that were higher than the assumption.

The Plan's unfunded liability is attributable to two sources; plan changes and cumulative gains/losses and assumption changes. Plan changes are amortized over a closed 30-year period and the cumulative gains/losses and assumption changes are amortized over an open 15-year period. As of July 1, 2006 there are two plan change bases which are currently outstanding – the COLA plan change (21 years remaining) and the July 1, 2000 plan improvements for all employees (23 years remaining). All amortization payments are calculated as a level percent of payroll, which is assumed to increase 4% each year.

NOTES TO FINANCIAL STATEMENTS
(Continued)

The annual pension cost, the percentage of that amount contributed, and the net pension obligation for the past three years are as follows:

Fiscal Year	Annual Pension Cost	Percentage Contributed	Net Pension Obligation
2007	\$ 14,019,851	100%	\$ 0
2006	11,736,171	100	0
2005	9,785,642	100	0

At June 30, 2007, the plan's net assets are \$197,651,470.

2. Cost-Sharing Multiple-Employer Pension Plan

Plan Description

The Employees' Retirement System of the State of Maryland (Retirement System) covers most employees hired prior to January 1, 1980, who did not elect to transfer into the County Plan. The Pension System for Employees of the State of Maryland (Pension System) covers employees hired between December 31, 1979, and June 30, 1993, plus Retirement System participants who have voluntarily joined the Pension System, less employees who elected to transfer into the County Plan. New provisions of the Pension System were adopted by State legislation effective July 1, 2006, and by local resolution effective May 21, 2007.

Under the terms of the Retirement System, a member may retire after 30 years of service regardless of age, or at age 60 or over, with at least 5 years of service. A member is eligible for vesting after 5 years of service; however, the contribution must be left in the Retirement System in order to qualify for benefits at age 60. Under the terms of the Pension System, a member may retire after 30 years of service regardless of age, at age 65 with two years of service, at age 64 with three years of service, at age 63 with four years of service, or at age 62 with at least five years of service. An employee may also take early retirement with reduced benefits at age 55 with 15 years of service. A member is eligible for vesting after 5 years of service; however, the contribution must be left in the Pension System in order to qualify for benefits at age 62.

Benefits under the Retirement System and the Pension System are established under Titles 22 and 23, respectively, of the State Personnel and Pensions Article of the Annotated Code of Maryland.

The Maryland State Retirement and Pension System issues a comprehensive annual financial report. The report can be obtained from the agency's offices.

Maryland State Retirement and Pension Systems
 301 West Preston Street
 Baltimore, Maryland 21201

NOTES TO FINANCIAL STATEMENTS
(Continued)

Funding Policy

Obligations to contribute to the plans were established under Titles 22 and 23 of the State Personnel and Pensions Article of the Maryland Code.

Members of the Retirement System and the Pension System contribute 7 percent and 3 percent of their gross employee compensation, respectively. The Pension System employee contribution rate increases to 4 percent for the period July 1, 2007 - June 30, 2008 and 5 percent beginning July 1, 2008.

Required contributions under the plans, which are not funded by employee contributions, are funded entirely by the County. Due to the withdrawal of the County from the State Systems for all hires after June 30, 1993, the State calculated a net unfunded amount due from the County. The principal balance outstanding as of June 30, 2007 was \$4,196,755. Interest and principal payments due to maturity as of June 30, 2007, are \$5,174,704. The County has chosen to make 6 remaining payments of \$862,344 to amortize and pay interest on the liability. The required contributions and the percentage of that amount contributed for the past three years is as follows:

Fiscal Year	Required Contribution	Actual Contribution	Percentage Contribution
2007	\$862,344	\$862,344	100.00%
2006	862,344	862,344	100.00
2005	862,344	862,344	100.00

Required contributions to the Retirement System and the Pension System are not separately available.

3. Component Units

Substantially all employees of the FCPL are covered under the Maryland State Teacher's Retirement System or the Maryland State Teachers' Pension System. Plan members on December 31, 1979, are members of the Teachers' Retirement System unless they elected to join the Pension System. No new Retirement System members were accepted after December 31, 1979.

A member of the Teachers' Retirement System may retire with full benefits at age 60 or with 30 years of service. A member of the Teachers' Pension System may retire with full benefits with 30 years of service or at age 62 or older with specified years of service. For both systems, vesting starts after 5 years of service. Benefits under both plans are established under Titles 22 and 23 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

Obligations to contribute to the plans were established under the above-referenced article of the Maryland Code. Members of the Retirement System and the Pension System contribute 7 percent and 3 percent of their gross employee compensation, respectively. The FCPL's share of contributions for its employees is primarily the responsibility of the State. During the fiscal year ended June 30, 2007, the State paid \$314,827 in retirement costs on its behalf. This amount has been shown as grant revenue and current expenditures for the FCPL.

NOTES TO FINANCIAL STATEMENTS
(Continued)

The employees of the BOE (other than part-time employees not eligible for participation in the plans) are covered under one of four defined benefit retirement plans that are administered by the Maryland State Retirement and Pension Systems. The BOE's share of contributions for teachers and administrative employees is primarily the responsibility of the State. Total contributions were \$18,473,398 in Fiscal Year 2007. This contribution was recognized as both revenue and expenditures for the BOE.

On April 2, 2004, the Board adopted the Frederick County Public Schools Defined Contribution Plan (the "Plan"). The Plan is designed to afford eligible employees an opportunity to increase their security at retirement through Employer contributions during their periods of active employment while this Plan remains in effect. The Plan has received a favorable determination letter from the Internal Revenue Service that it qualifies as a tax-qualified "profit-sharing" plan. It is intended to be a "governmental plan" within the meaning of Internal Revenue code Section 414. During the year ended June 30, 2007 total contributions of \$44,000 had been made to the plan by Frederick County Public Schools.

Substantially all permanent employees of the FCC are covered under one of three pension/retirement plans. Two of these plans are provided directly by the State, and the employer funding for eligible FCC employees is provided directly by the State. The FCC received State contributions toward retirement for the fiscal year of \$1,097,868. This amount has been recorded as a revenue and expenditure in the financial statements. The other retirement plan, provided through TIAA/CREF, is an option for permanent employees of the College who are not eligible for the state plans. The State does provide employer share funding for professional employees of the College who choose certain other retirement plans in lieu of participating in the State's retirement systems. These other plans include TIAA/CREF, AETNA, VALIC, Fidelity and American Century. The other plans are defined contribution plans requiring an employer contribution of 7.25% of employees base salary. Total employer contributions in FY2007 were \$676,548. Employee contributions to a selected plan are not mandatory.

E. Post-Employment Benefits Plans

In 1985, the County created the Length of Service Awards Program (LOSAP). In Fiscal Year 2007, LOSAP provided 124 annuities to former volunteer members of the County's fire companies or rescue squads who met certain age and service criteria. Benefits and life insurance premiums totaling \$241,545 in fiscal year 2007 also include survivor annuities and lump-sum death benefits and are reported in the Primary Government's General Fund on a "pay-as-you-go" basis.

In addition to the retirement benefits described in Note 4D, the County provides post-employment health care benefits, in accordance with County policy, to all employees (and their dependents) who are eligible to and retire from the County and who meet certain requirements. Benefits are based on when an employee was hired. For employees hired on or before July 1, 1992, the County pays 83% to 84% of the cost of premiums for medical and hospitalization costs. Employees hired after July 1, 1992, also must have worked for the County for a minimum of ten years; these employees pay 50% of the cost of premiums. If a retiree elects to discontinue coverage, at the time of retirement or later, they have the option of re-enrolling in the County plan. Therefore, the number of retirees participating in the plan varies throughout the year. Currently, 425 retirees are receiving post-employment health care benefits. It is estimated that less than 9 retirees currently do not receive these benefits.

Upon the attainment of age 65, Medicare coverage becomes primary, although the County continues to pay its share of premium costs for the insurance coverage selected by its retirees. Expenses for post-employment health care benefits are recognized as incurred. During the year, expenses of \$2,624,502 were recognized for post-employment health care.

The County must implement the Government Accounting Standards Board Statement 45, Accounting for Financial Reporting of Post-Employment Benefits Other Than Pensions for the fiscal year beginning July 1, 2007. The County has designated \$6,530,983 as of June 30, 2007 for this liability, as listed in Note 3.G.2.

NOTES TO FINANCIAL STATEMENTS
(Continued)

F. Deferred Compensation

Employees of Frederick County may participate in a deferred compensation plan adopted under the provisions of Internal Revenue Code Section 457 (Deferred Compensation Plans with Respect to Service for State and Local Governments).

The deferred compensation plan is available to all full-time and permanent part-time employees of the County. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency. During the Fiscal Year 2007 approximately 26.7 percent of the County's eligible employees elected to participate in the plan.

The deferred compensation plan is administered by an unrelated compensation and benefit consulting organization. Under the terms of an IRC Section 457b deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts held by the compensation and benefit consulting organization are held in trust for the exclusive benefit of the participants and their beneficiaries, and accordingly, are not included in the County's financial statements.

As part of its fiduciary role, the County has an obligation of due care in selecting the third party administrator. In the opinion of the County's legal counsel the County has acted in a prudent manner and it is unlikely that the County will be liable for any losses that may arise from its selection of the third party administrator.

G. Joint Venture

The Primary Government participates in a joint venture which is not included as part of the reporting entity. The Primary Government does not have a separable financial interest in the joint venture. Therefore, no "Investment in Joint Venture" is included in the accompanying financial statements. Audited financial statements are available from this organization. A general description of this joint venture follows:

Northeast Maryland Waste Disposal Authority (NEMWDA)

NEMWDA is a body politic and corporate and a public instrumentality of the State of Maryland. NEMWDA was established to assist the political subdivisions in the Northeast Maryland Region and the private sector in waste management and the development of waste disposal facilities adequate to accommodate the region's requirements for disposal of solid waste. NEMWDA has the following eight member jurisdictions from the State of Maryland: Montgomery County, Baltimore County, Anne Arundel County, Frederick County, Harford County, Howard County, Carroll County, and City of Baltimore. The Maryland Environmental Service is an ex-officio member. As a participating government in NEMWDA, the county paid Fiscal Year 2007 membership dues and fees for services amounting to \$25,000.

NOTES TO FINANCIAL STATEMENTS
(Continued)

H. Subsequent Events

On September 20, 2007 the County issued its Frederick County, Maryland Special Obligations Refunding Bond (Villages of Lake Linganore Community Development Authority) Series 2007A (Taxable) in the amount of \$3,114,000 and its Frederick County, Maryland Subordinate Special Obligations Bond (Villages of Lake Linganore Community Development Authority) Series 2007B (Taxable) in the amount of \$3,232,142. Both issues are special tax assessment debt and therefore are not reported on these financial statements. The proceeds of the debt will be used to finance or refinance certain water, sewer and roadway improvements within the geographical boundaries of the Villages of Lake Linganore Community Development Authority (CDA). These bonds will be repaid in their entirety by special taxes levied on properties within the CDA.

Analysis of the dollar amounts of the actuarial value of plan assets, actuarial accrued liability, and unfunded actuarial liability in isolation can be misleading. Expressing the actuarial value of plan assets as a percentage of the actuarial accrued liability provides one indication of funding status on a going-concern basis. Analysis of this percentage over time indicates whether the plan is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan. Trends in unfunded actuarial liability and annual covered payroll are both affected by inflation. Expressing the unfunded actuarial liability as a percentage of annual covered payroll approximately adjusts for the effects of inflation and aids in the analysis of Frederick County's progress made in accumulating sufficient assets to pay benefits when due. Generally, the smaller this percentage is, the stronger the plan.

July ___, 2008

County Commissioners of Frederick County
Winchester Hall
12 East Church Street
Frederick, Maryland 21701

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by County Commissioners of Frederick County (the "County"), a body politic and corporate and a political subdivision of the State of Maryland, of its Frederick County, Maryland, General Obligation Public Facilities Bonds of 2008, in an aggregate principal amount of \$79,380,000 (the "Bonds") dated June 15, 2008.

In such capacity, we have examined the law and such certified proceedings and other papers as we deem necessary to render the opinions set forth below.

We are qualified to practice law in the State of Maryland, and we do not purport to be experts on, or to express any opinion herein concerning, any law other than the law of the State of Maryland and the federal law of the United States of America.

Based upon the foregoing, we are of the opinion that, under existing Maryland and federal law and as of the date hereof:

1. The County is a validly created and existing body politic and corporate and political subdivision of the State of Maryland (the "State"), possessing authority under the Acts (as hereafter defined) to issue the Bonds.

2. The Bonds are issued for valid public purposes as provided in Chapter 145 of the Laws of Maryland of 2005, as amended (the "2005 Act"), Chapter 2-13 of the Code of Public Local Laws of Frederick County (1979) as amended (the "Water and Sewer Act"), Sections 5-601 through 5-604 of the Education Volume of the Annotated Code of Maryland, as amended (together, the "Acts"), Resolution No. 08-__ of the County adopted on June 12, 2008 and Resolution No. 08-__ of the County adopted on June 24, 2008 (together, the "Resolution"), and the issuance thereof is within every debt and other similar legal limit applicable to the County.

3. The Resolution has been validly adopted.

4. All actions for the authorization, approval, sale, execution and delivery of the Bonds have been taken in full compliance with the Constitution and laws of the State, the laws of the County, the Acts and the Resolution.

5. The Bonds are valid and binding general obligations of the County to the payment of which the County has pledged its full faith and credit and unlimited taxing power, and are payable as to principal, premium, if any, and interest from ad valorem property taxes upon all the legally assessable property within the corporate limits of Frederick County, and the County is required by law to levy and collect such taxes in rate and amount sufficient to provide for such payments when due.

6. By the terms of the Acts, the Bonds, their transfer, the interest payable on them, and any income derived therefrom, including any profit made in their sale shall be exempt from State, county, municipal or other taxation of every kind and nature whatsoever within the State, but no opinion is expressed as to estate or inheritance taxes or to any other taxes not levied or assessed directly on the Bonds or the income therefrom.

7. Interest on the Bonds is excluded from gross income for federal income tax purposes, and interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; it should be noted, however, that such interest is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations (as defined for federal income tax purposes). The opinion set forth in the preceding sentence is subject to the condition that the County comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The County has covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on

the Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds. In addition interest on the Bonds may be subject to the branch profits tax imposed on foreign corporations engaged in a trade or business in the United States.

Other than as set forth in the preceding paragraphs 6 and 7, we express no opinion regarding the federal or state income tax consequences arising with respect to the Bonds.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

We express no opinion herein as the accuracy, adequacy or completeness of the Official Statement relating to the Bonds.

As to questions of fact material to our opinion, without undertaking to verify the same by independent investigation, we have relied upon the certified proceedings of the County and other certifications by public officials.

The rights of the holders of the Bonds and the enforceability of the Bonds are subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and to the exercise of judicial discretion in accordance with general principles of equity (whether applied by a court of law or a court of equity).

Very truly yours,

Appendix C

NOTICE OF SALE

\$79,380,000
FREDERICK COUNTY, MARYLAND
General Obligation
Public Facilities Bonds of 2008
Dated June 15, 2008

**Sealed proposals or electronic bids via *PARITY*
will be received until 11 o'clock A.M., local Frederick, Maryland time, on
Tuesday, June 24, 2008
Winchester Hall, 12 East Church Street, 1st Floor Hearing Room
Frederick, Maryland 21701**

Sealed proposals or electronic bids via **Parity**© will be received at the offices of the County for the purchase of the \$79,380,000 General Obligation Public Facilities Bonds of 2008 (the "Bonds"). The Bonds will be dated June 15, 2008 and bear interest payable semi-annually beginning on December 1, 2008 and thereafter on the first days of June 1 and December 1 until maturity or redemption.

The Bonds are issued pursuant to the authority of Chapter 145 of the Laws of Maryland of 2005, as amended (the "2005 Act"), Chapter 2-13 of the Code of Public Local Laws of Frederick County (1979) as amended (the "Water and Sewer Act") and Sections 5-601 through 5-604 of the Education Volume of the Annotated Code of Maryland, as amended (together, the "Acts") and in accordance with Resolution No. 08-15 adopted by the Board on June 12, 2008.

The Bonds will mature, subject to prior redemption as herein stated, on the first days of June in the following years and aggregate amounts:

<u>Year of Maturity</u>	<u>Annual Amount Maturing</u>	<u>Year of Maturity</u>	<u>Annual Amount Maturing</u>
2009.....	\$2,860,000	2019.....	\$3,880,000
2010.....	2,915,000	2020.....	4,030,000
2011.....	2,990,000	2021.....	4,195,000
2012.....	3,070,000	2022.....	4,365,000
2013.....	3,165,000	2023.....	4,550,000
2014.....	3,260,000	2024.....	4,745,000
2015.....	3,370,000	2025.....	4,950,000
2016.....	3,480,000	2026.....	5,170,000
2017.....	3,605,000	2027.....	5,400,000
2018.....	3,740,000	2028.....	5,640,000

The proceeds of the bonds will be used to provide funds for the design, planning, renovation and construction of public schools, county buildings, county parks, roads and bridges, water and sewer facilities, and solid waste facilities.

General Provisions for the Bonds

The Bonds shall be issued only in fully registered form without coupons. One Bond representing each maturity will be issued to and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), as registered owner of the Bonds and each such Bond shall be immobilized in the custody of DTC. DTC will act as securities depository for the Bonds. Individual purchases will be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof. Purchasers will not receive physical delivery of certificates representing their interest in the Bonds purchased. The winning bidder, as a condition to delivery of the Bonds, will be required to deposit the bond certificates representing each maturity with DTC. The Bonds will bear interest payable semiannually on the first days of June 1 and December 1, commencing December 1, 2008, until maturity or redemption. Interest will be paid to the persons in whose names the Bonds are registered on the registration books maintained by the Bond Registrar on the Regular Record Date, which is the fifteenth day of the month immediately preceding the month in which each such interest payment date occurs, by check mailed to each such person's address as it appears on such bond registration books.

Optional Redemption

Bonds that mature on or after June 1, 2019 are subject to redemption on or after June 1, 2018, as a whole or in part on any date thereafter, at the option of the County, at redemption price equal to 100% of the principal amount of Bonds to be redeemed, plus accrued interest to the date fixed for redemption.

If less than all of the Bonds are called for redemption, the particular series and maturities of the Bonds to be redeemed shall be selected by the County. If less than all of the Bonds of any one maturity of a series are called for redemption, the particular Bonds to be redeemed from such maturity shall be selected by lot by the Registrar, except that so long as The Depository Trust Company ("DTC") or its nominee is the sole registered owner of the Bonds, the particular Bonds or portion to be redeemed shall be selected by lot by DTC, in such manner as DTC shall determine. Each \$5,000 portion of a Bond shall be treated as a separate Bond in the selection by lot of Bonds to be redeemed.

In case part but not all of a Bond shall be selected for redemption, then, upon the surrender thereof, there shall be issued without charge to the registered owner thereof a Bond or Bonds of the same series in any authorized denomination as specified by the registered owner. The aggregate principal amount of the Bond or Bonds so issued shall be equal to the unredeemed balance of the principal amount of the Bond surrendered.

If the County elects to redeem all or a portion of the Bonds outstanding, it shall deliver a redemption notice to DTC not less than 30 days prior to the date fixed for redemption as prescribed in the Resolution (hereinafter defined). If the book-entry system is discontinued for the Bonds, the County shall give a redemption notice by letter mailed first class, postage prepaid, to the registered owners of the Bonds to be redeemed at their last addresses appearing on the registration books maintained by the Registrar (the "Bond Register") not less than 30 days prior to the redemption date. Failure to deliver or mail any such notice with respect to a particular Bond or any defect in such notice, or in the delivery or mailing thereof, shall not affect the validity of the redemption proceedings. From and after the date fixed for redemption, if funds sufficient for the payment of the redemption price of the Bonds called for redemption are held by the Paying Agent on such date, the Bonds so called for redemption shall become due and payable at the redemption price provided for the redemption of such Bonds on such date, interest on the Bonds shall cease to accrue and the registered owners of such Bonds so called for redemption shall have no rights in respect thereof except to receive payment of the redemption price thereof from such monies held by the Paying Agent. Upon presentation and surrender of a Bond called for redemption in compliance with the redemption notice, the Paying Agent shall pay the appropriate redemption price of such Bond. If Bonds so called for redemption are not paid upon presentation and surrender as described above, such Bonds shall continue to bear interest at the rates stated therein until paid.

The Board will not accept and will reject any bid for less than all of the above described Bonds. The right is reserved to reject any and all bids.

Electronic Bids

Electronic bids will be received via **Parity**©, in the manner described below, until 11:00 A.M. local Frederick, Maryland time, on June 24, 2008.

Bids may be submitted electronically via **Parity**© pursuant to this Notice until 11:00 A.M., local Frederick, Maryland time, but no bid will be received after the time for receiving bids specified above. To the extent any instructions or directions set forth in **Parity**© conflict with this notice, the terms of this Notice shall control. For further information about **PARITY**©, potential bidders may contact **Parity**© at Dalcomp (212) 849-5021.

Disclaimer

Each prospective electronic bidder shall be solely responsible to register to bid via **Parity**© as described above. Each qualified prospective electronic bidder shall be solely responsible to make necessary arrangements to access **Parity**© for the purposes of submitting its bid in a timely manner and in compliance with the requirements of the Notice of Sale. Neither the County nor **Parity**©, shall have any duty or obligation to provide or assure access to **Parity**© to any prospective bidder, and neither the County nor **Parity**© shall be responsible for a bidder's failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by, **Parity**©. The County is using **Parity**© as a communication mechanism, and not as the County's agent, to conduct the electronic bidding for the Bonds. The County is not bound by any advice and determination of **Parity**© to the effect that any particular bid complies with the terms of this Notice of Sale and in particular the "Bid Specifications" hereinafter set forth. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via **Parity**© are the sole responsibility of the bidders; and the County is not responsible, directly or indirectly, for any of such costs or expenses. If a prospective bidder encounters any difficulty in submitting, modifying or withdrawing a bid for the Bonds, he should telephone **Parity**© at Dalcomp (212) 849-

5021 and notify the County's Financial Advisor, A. Samuel Ketterman, at Davenport & Company LLC by facsimile at (410) 296-8517.

Electronic Bidding Procedures

Electronic bids must be submitted for the purchase of the Bonds (all or none) via **Parity**©. Bids will be communicated electronically to the County at 11:00 a.m., local Frederick, Maryland time, on June 24, 2008. Prior to that time, a prospective bidder may (1) submit the proposed terms of its bid via **Parity**©, (2) modify the proposed terms of its bid, in which event the proposed terms as last modified will (unless the bid is withdrawn as described herein) constitute its bid for the Bonds, or (3) withdraw its proposed bid. Once the bids are communicated electronically via **Parity**©, to the County, each bid will constitute an irrevocable offer to purchase the Bonds on the terms therein provided. For purposes of the electronic bidding process, the time as maintained on **Parity**© shall constitute the official time.

Written Sealed Bids

Written bids will also be accepted in written form on the form of Proposal for Bonds attached to this Notice until 11:00 a.m. local Frederick, Maryland time at the place specified above. Written bids must be submitted on the prescribed form provided for that purpose by the Director of Finance and must be enclosed in a sealed envelope marked "Proposal for Bonds" and addressed to County Commissioners, 1st Floor Hearing Room, Winchester Hall, 12 East Church Street, Frederick, Maryland 21701.

Bid Specifications

Bidders shall state in their proposals the rate or rates of interest to be paid on the Bonds in multiples of one-eighth (1/8) or one-twentieth (1/20) of one percent (1%), and each proposal shall be based and submitted on the rate or rates stated therein. Bidders may specify more than one rate of interest to be borne by the Bonds but the difference between the lowest rate and the highest rate may not exceed 3%. The highest rate of interest permitted may not exceed 5.50% in any year. Bidders may not specify more than one rate of interest for the Bonds of any single maturity. A zero rate may not be named for any maturity. The Bonds will be awarded to the bidder naming the lowest true interest cost for all of the Bonds in any legally acceptable proposal and offering to pay not less than 100% of par or more than 110% and accrued interest. The lowest true interest cost will be determined by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments from the payment dates to the date of the Bonds and to the amount bid, not including interest accrued to the date of delivery. Where the proposals of two or more bidders result in the same lowest true interest cost for the Bonds, the Bonds may be apportioned between such bidders, but if this shall not be acceptable, the County shall have the right to award all of the Bonds to one bidder. The right is reserved to the County to reject any or all proposals and to waive any irregularity or informality in any proposal. The County's judgment shall be final and binding upon all bidders with respect to the form and adequacy of any proposal received and as to its conformity to the terms of this Notice of Sale. Any award of the Bonds may be made as late as 4:00 P.M. on the sale date. All bids remain firm until an award is made.

Each bid for the Bonds, whether submitted as a sealed bid or electronically, shall be accompanied by a good faith deposit in the form of a certified check upon, or a cashier's, treasurer's or official check of, a responsible banking institution, payable to the order of "Treasurer of Frederick County" or a financial surety bond (a "Surety Bond") from an insurance company acceptable to the County and licensed to issue such a bond in the State of Maryland, in the amount of \$793,800 for the Bonds (the "Deposit"). If a Surety Bond is used, it must be submitted to the County prior to the opening of the bids and must be in form and substance acceptable to the County, including (without limitation) identifying the bidder whose Deposit is guaranteed by such Surety Bond. If the Bonds are awarded to a bidder utilizing a Surety Bond, then such successful bidder is required to submit its Deposit to the County in the form of a wire transfer not later than 12:00 p.m. local Frederick, Maryland time on the next business day following the award. If such Deposit is not received by that time, the Surety Bond may be drawn by the County to satisfy the Deposit requirement. The Deposit of the successful bidder will be collected and the proceeds thereof retained by the County to be applied in part payment for the Bonds, and no interest will be allowed or paid upon the amount thereof, but in the event the successful bidder shall fail to comply with the terms of his bid, the proceeds thereof will be retained as and for full liquidated damages. The checks of the unsuccessful bidders will be returned promptly after the Bonds are awarded. **THE SUCCESSFUL BIDDER OF BONDS SHALL MAKE A BONA FIDE PUBLIC OFFERING OF THE BONDS AT THE INITIAL OFFERING PRICES AND SHALL PROVIDE THE RELATED CERTIFICATION DESCRIBED BELOW.**

All Bonds herein described will constitute an irrevocable pledge of the full faith and credit and unlimited taxing power of the County.

The Bonds will be issued and sold subject to approval as to legality by Venable LLP, Baltimore, Maryland, Bond Counsel, whose approving opinion substantially in the form included in the Preliminary Official Statement referred to below will be delivered, upon request, to the purchaser or purchasers of the Bonds, without charge.

In order to assist bidders in complying with SEC Rule 15c2-12(b)(5), the County will execute and deliver a continuing disclosure agreement on or before the date of issuance of the Bonds pursuant to which it will undertake to provide certain information annually and notices of certain events. A form of this agreement is set forth in the Preliminary Official Statement and will also be set forth in the Official Statement.

When delivered, the Bonds shall be duly executed and authenticated and registered in the name of Cede & Co., as nominee of DTC, as registered owner of the Bonds.

It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such number on any Bond nor any error with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the Bonds in accordance with the terms of this Notice of Sale.

Not later than seven (7) business days after the award of the Bonds to the successful bidder on the day of sale, the County will authorize an Official Statement, which is expected to be substantially in the form of the Preliminary Official Statement referred to below. If so requested by the purchaser or purchasers at or before the close of business on the date of the sale, the County will include in the Official Statement such pricing and other information with respect to the terms of the reoffering of the Bonds by the successful bidder ("Reoffering Information"), if any, as may be specified and furnished in writing by such bidder. If no Reoffering Information is specified and furnished by the successful bidder, the Official Statement will include the interest rates on the Bonds resulting from the bid of the successful bidder and the other statements with respect to reoffering contained in the Preliminary Official Statement. The successful bidder for the Bonds shall be responsible to the County and its officials for the Reoffering Information, and for all decisions made by such bidder with respect to the use or omission of the Reoffering Information in any reoffering of the Bonds, including the presentation or exclusion of any Reoffering Information in any documents, including the Official Statement. The successful bidder will also be furnished, without cost, with up to 300 copies of the Official Statement (and any amendments or supplements thereto).

Delivery of the Bonds, without expense, will be made by the County to the purchaser or purchasers on or about July 10, 2008, or as soon as practicable thereafter, in New York, New York or at such other location as shall be mutually acceptable to the County and the purchasers, and, thereupon, said purchaser or purchasers will be required to accept delivery of the Bonds purchased and pay, in Federal funds, the balance of the purchase price due. The Bonds will be accompanied by the customary closing documents, including a no-litigation certificate, effective as of the date of delivery, stating that there is no litigation pending affecting the validity of any of the Bonds. It shall be a condition to the obligation of said purchaser or purchasers to accept delivery of and pay for the Bonds that, simultaneously with or before delivery and payment for the Bonds, said purchaser or purchasers shall be furnished a certificate or certificates of the President or Vice President of the Board of County Commissioners of Frederick County and the Director of Finance to the effect that, to the best of their knowledge and belief, the Official Statement (and any amendment or supplement thereto) (except for the Reoffering Information provided by the purchaser and information regarding DTC and DTC's book-entry system provided by DTC, as to which no view will be expressed) as of the date of sale and as of the date of delivery of the Bonds does not contain any untrue statement of a material fact and does not omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading and that between the date of sale and the date of delivery of the Bonds there has been no material adverse change in the financial position or revenues of the County, except as reflected or contemplated in the Official Statement (and any amendment or supplement thereto).

SIMULTANEOUS WITH OR BEFORE DELIVERY OF THE BONDS, THE SUCCESSFUL BIDDER OF THE BONDS SHALL FURNISH TO THE COUNTY A CERTIFICATE ACCEPTABLE TO BOND COUNSEL TO THE EFFECT THAT (i) THE SUCCESSFUL BIDDER HAS MADE A BONA FIDE PUBLIC OFFERING OF THE BONDS AT THE INITIAL REOFFERING PRICES; AND (ii) A SUBSTANTIAL AMOUNT OF THE BONDS WAS SOLD TO THE PUBLIC (EXCLUDING BOND HOUSES, BROKERS AND OTHER INTERMEDIARIES) AT SUCH INITIAL REOFFERING PRICES.

Bond Counsel advises that (i) such certificate must be made on the best knowledge, information and belief of the successful bidder; (ii) the sale to the public of 10% or more in par amount of the Bonds of each maturity at (or below) the Reoffering Prices would be sufficient to certify as to the sale of a substantial amount of the Bonds; and (iii) reliance on other facts as a basis for such certification would require evaluation by Bond Counsel to assure compliance with the statutory requirement to avoid the establishment of an artificial price for the Bonds.

NOTE: The County may revise this Notice of Sale by written notice available to prospective bidders at the place of sale at the time for submission of bids or by publishing notice of any revisions on TM3 at or before the time for submission of bids. Any bid submitted shall be in accordance with, and incorporate by reference, this Notice of Sale including any revisions made pursuant to this paragraph.

The County reserves the right to postpone, from time to time, the date and or time established for the receipt of bids. Any such postponement will be announced by TM3 by notice given not later than 1:00 p.m., local Frederick, Maryland time, on the last business day prior to any announced date for receipt of bids. If any date fixed for the receipt of bids and the sale of the Bonds is postponed, any Alternative Sale Date will be announced via TM3 at least 48 hours prior to such Alternative Sale Date. In addition, the County reserves the right, on the date established for the receipt of bids, to reject all bids and establish a subsequent Alternative Sale Date. If all bids are rejected and an Alternative Sale Date for receipt of bids established, notice of the Alternative Sale Date will be announced via TM3 not less than 48 hours prior to such Alternative Sale Date. On any such Alternative Sale Date, any bidder may submit a bid for the purchase of the Bonds in conformity in all respects with the provisions of this Notice of Sale except for the date of sale and except for the changes announced by TM3 at the time the sale date and time are announced.

The Preliminary Official Statement, together with this Notice of Sale and the required form of proposal, may be obtained from the Director of Finance, Winchester Hall, 12 East Church Street, Frederick, Maryland 21701, or from Davenport & Company LLC, 8600 LaSalle Road, Suite 324, Towson, Maryland 21286, (410) 296-9426. Such Preliminary Official Statement is deemed final by the County as of its date for purposes of SEC Rule 15c2-12 but is subject to revision, amendment and completion in the Official Statement referred to above.

By order of COUNTY COMMISSIONERS OF FREDERICK COUNTY

[Form of Proposal]
BIDDERS MUST SUBMIT PROPOSAL FOR THE BONDS

**PROPOSAL FOR
GENERAL OBLIGATION PUBLIC FACILITIES BONDS OF 2008**

June 24, 2008

County Commissioners of Frederick County
____ Floor, Hearing Room
Winchester Hall
12 East Church Street
Frederick, Maryland 21701

Commissioners:

Subject to the provisions and in accordance with the terms of the annexed Notice of Sale, which is made a part of this Proposal, we offer to purchase the Public Facilities Bonds of 2008 (the "Bonds") of County Commissioners of Frederick County, described in such Notice of Sale, such Bonds dated June 15, 2008 to mature in the several years shown in the table below and to bear interest at the rate per annum set opposite such years, respectively.

Year of Maturity	Annual Amount Maturing	Interest Rate	Year of Maturity	Annual Amount Maturing	Interest Rate
2009.....	\$2,860,000	____%	2019.....	\$3,880,000	____%
2010.....	2,915,000	____%	2020.....	4,030,000	____%
2011.....	2,990,000	____%	2021.....	4,195,000	____%
2012.....	3,070,000	____%	2022.....	4,365,000	____%
2013.....	3,165,000	____%	2023.....	4,550,000	____%
2014.....	3,260,000	____%	2024.....	4,745,000	____%
2015.....	3,370,000	____%	2025.....	4,950,000	____%
2016.....	3,480,000	____%	2026.....	5,170,000	____%
2017.....	3,605,000	____%	2027.....	5,400,000	____%
2018.....	3,740,000	____%	2028.....	5,640,000	____%

We will pay an amount equal to the par value of the Bonds **\$79,380,000**
plus a dollar premium in the amount of + **\$**
Total **\$**

We will pay accrued interest on the Bonds from June 15, 2008 to the date of delivery in accordance with the Notice of Sale.

We submit the following form of good faith deposit (check one):

We enclose herewith a certified check drawn upon, or a bank cashier's, treasurer's or official check of, a responsible banking institution, payable to the order of "Treasurer of Frederick County" in the amount of \$____ which check is to be returned to us if this proposal is not accepted.

We have enclosed herewith a surety bond in the amount of \$____ in accordance with the Official Notice of Sale.

If this proposal is accepted, said good faith deposit is to be held as security for the performance of this proposal, and is to be applied to the purchase price of the Bonds when the Bonds are delivered and paid for under the terms of this proposal, or is to be retained as and for full liquidated damages in case we fail so to take up and pay for the Bonds.

(NOTE: Not part of proposal. The following information is requested to expedite and facilitate prompt determination of the best bid. The omission or inaccuracy of these figures will not affect the validity of the proposal. The aggregate amount of interest from the date of the Bonds to final maturity is \$_____. The true interest cost calculated in accordance with the Notice of Sale is ____ %.)

WE UNDERSTAND THAT (A) WE ARE TO PROVIDE A CERTIFICATION REGARDING THE PUBLIC SALE OF THE BONDS AS DESCRIBED IN THE NOTICE OF SALE ON OR PRIOR TO THE CLOSING DATE AND (B), IF NOTIFIED THAT WE ARE THE SUCCESSFUL BIDDER FOR THE BONDS, WE WILL BE REQUIRED TO ADVISE THE COUNTY OF THE INITIAL REOFFERING PRICES (AS DESCRIBED IN THE NOTICE OF SALE) FOR EACH MATURITY OF THE BONDS AT THE TIME OF SUCH NOTIFICATION. In this regard, you may contact and rely on the information provided by _____ whose telephone number is _____.

CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement (the “Disclosure Agreement”) is executed and delivered by **COUNTY COMMISSIONERS OF FREDERICK COUNTY** (the “Issuer”) in connection with the issuance of \$79,380,000 Frederick County, Maryland General Obligation Public Facilities Bonds of 2008 (the “Bonds”). The Bonds are being issued pursuant to Resolution No. ____ adopted on June 12, 2008 (the “Resolution”). The Issuer covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Agreement. This Disclosure Agreement is being executed and delivered by the Issuer for the benefit of the holders and the beneficial owners of the Bonds and to assist the Participating Underwriters in complying with Securities and Exchange Commission Rule 15c2-12(b)(5). The County’s obligations hereunder shall be limited to those required by written undertaking pursuant to the Rule.

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution, which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” shall mean any Annual Report provided by the Issuer pursuant to, and as described in, Section 3 of this Disclosure Agreement.

“Listed Events” shall mean any of the events listed in Section 4(a) of this Disclosure Agreement.

“National Repository” shall mean any Nationally Recognized Municipal Securities Information Repository for purposes of the Rule. Currently, the following are National Repositories:

“Official Statement” shall mean the Official Statement dated _____ relating to the Issuer’s \$79,380,000 Frederick County, Maryland General Obligation Public Facilities Bonds of 2008.

“Participating Underwriter” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“Repository” shall mean each National Repository and each State Repository.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“State Repository” shall mean any public or private repository or entity designated by the State as a state repository for the purpose of the Rule. As of the date of this Agreement, there is no State Repository.

SECTION 3. Provision of Annual Financial Information, Operating Data, and Audited Information.

(a) The Issuer shall provide to each Repository annual financial information and operating data generally consistent with the information contained under the headings “Revenues and Expenditures” and “Certain Debt Information” in the Official Statement, such information to be made available within 240 days after the end of the Issuer’s fiscal year, commencing with the fiscal year ending June 30, 2008.

(b) The Issuer shall provide to each Repository annual audited combined financial statements for the Issuer, such information to be made available within 240 days after the end of the Issuer’s fiscal year, commencing with the fiscal year ending June 30, 2008, unless the audited financial statements are not available on or before such date, in which event said financial statements will be provided promptly when and if available.

(c) The presentation of the financial information referred to in paragraph (a) and in paragraph (b) shall be made in accordance with the same accounting principles as utilized in connection with the presentation of applicable comparable financial information included in the Official Statement, *provided*, that the Issuer may modify the accounting principles utilized in the presentation of financial information by amending this Disclosure Agreement pursuant to the provisions of Section 8 hereof. Changes in Generally Accepted Accounting Principles, where applicable to financial information to be provided by the Issuer, shall not require the Issuer to amend this Disclosure Agreement.

(d) If the Issuer is unable to provide the annual financial information and operating data within the applicable time periods specified in (a) and (b) above, the Issuer shall send in a timely manner a notice of such failure to each Repository or to the Municipal Securities Rulemaking Board and the State Repository, if any.

(e) The Issuer has not failed to comply with any prior undertakings under the Rule.

(f) Any filing under this Agreement may be made solely by transmitting such filing to the Texas Municipal Advisory Council (the “MAC”) as provided at <http://www.disclosureusa.org> unless the United States Securities and Exchange Commission has withdrawn the interpretive advice in its letter to the MAC dated September 7, 2004.

SECTION 4. Reporting of Significant Events.

(a) This Section 4 shall govern the giving of notices of the occurrence of any of the following events with respect to the Bonds:

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults;
- (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) substitution of credit or liquidity providers, or their failure to perform;
- (vi) adverse tax opinions or events affecting the tax-exempt status of the Bonds;
- (vii) modifications to rights of owners of the Bonds;
- (viii) Bond calls;
- (ix) defeasances;
- (x) release, substitution, or sale of property securing repayment of the Bonds; and
- (xi) rating changes.

(b) Whenever the Issuer obtains knowledge of the occurrence of a Listed Event, the Issuer shall as soon as possible determine if such event would constitute material information for owners of Bonds. If the Listed Event constitutes

material information for owners of Bonds, the Issuer shall promptly file a notice of such occurrence with each Repository or the Municipal Securities Rulemaking Board and the State Depository, if any.

SECTION 5. *Termination of Reporting Obligation.* The Issuer's obligations under this Disclosure Agreement shall terminate upon the defeasance, prior redemption or payment in full of all of the Bonds. In addition, the Issuer may terminate its obligations under this Disclosure Agreement if and when the Issuer no longer remains an obligated person with respect to the Bonds within the meaning of the Rule.

SECTION 6. *Dissemination Agent.* The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge any such Agent, with or without appointing a successor Dissemination Agent.

SECTION 7. *Amendment; Waiver.* Notwithstanding any other provision of this Disclosure Agreement, the Issuer may amend this Disclosure Agreement, and any provision of this Disclosure Agreement may be waived, if such amendment or waiver is supported by an opinion of counsel, expert in federal securities laws, to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof but taking into account any subsequent change in or official interpretation of the Rule.

SECTION 8. *Additional Information.* Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event. The Issuer has not failed to comply with any prior undertakings pursuant to the Rule.

SECTION 9. *Limitation of Remedies.* The Issuer shall be given written notice at the address set forth below of any claimed failure by the Issuer to perform its obligations under the Disclosure Agreement, and the Issuer shall be given 15 days to remedy any such claimed failure. Any suit or other proceeding seeking further redress with regard to any such claimed failure by the Issuer shall be limited to specific performance as the adequate and exclusive remedy available in connection with such action. Written notice to the Issuer shall be given to the Director of Finance, Winchester Hall, 12 E. Church Street, Frederick, MD 21701, or at such alternate address as shall be specified by the Issuer with disclosures made pursuant to Section 4(a) or 4(b) hereof or a notice of occurrence of a Listed Event.

SECTION 10. *Relationship to Bonds.* The Disclosure Agreement constitutes an undertaking by the Issuer that is independent of the Issuer's obligations with respect to the Bonds; any breach or default by the Issuer under this Disclosure Agreement shall not constitute or give rise to a breach or default under the Bonds.

SECTION 11. *Law of Maryland.* This Disclosure Agreement, and any claim made with respect to the performance by the Issuer of its obligations hereunder, shall be governed by, subject to, and construed according to the laws of the State of Maryland.

SECTION 12. *Limitation of Forum.* Any suit or other proceeding seeking redress with regard to any claimed failure by the Issuer to perform its obligations under this Disclosure Agreement must be filed in the Circuit Court for Frederick County, Maryland.

SECTION 13. *Beneficiaries.* This Disclosure Agreement shall inure solely to the benefit of the Owners, including beneficial owners, from time to time of the Bonds, and shall create no rights in any other person or entity.

Date: _____, 2008
