3. The Committee began their review of the draft report, which included discussion of the written comments submitted by Barbara Wyatt and County staff through Page 18. Discussion items included:
 - The name of the new program. Different impressions of “rural” and “rustic” were shared by Committee members. [Note: While preference was expressed for “Rustic Roads Program,” the name of the program remains a topic for discussion and resolution at future meetings. 7/21/22]
 - Limiting boom-mowing to intersections to clear line-of-sight, which the Committee agreed to.
 - Candidate Roads – Sam will create a definition to be added to Page 14.
 - The status of the Streets and Roads Manual – While out-of-date, there are not staff or financial resources to update the manual within 6 months of the passage of the ordinance for the new program. There was agreement that as an interim measure new DPW procedures and standards must be developed.
 - Art credit and photo captions – Staff stated that these will be included in the next version of the draft report.
4. An email sent earlier in the day regarding Bessie Clemson Road was acknowledged and will be discussed at a future meeting when all Committee members have had time to read and consider the email.
