Chair's Report: Meeting Called to Order at 6:05 pm.

The Chair welcomed everyone. Lib started the meeting with asking Shayne to talk about the candidates forum for County Council positions for this coming election to be held on September 29th at 6:00 PM.

Approval of Minutes

Minutes were approved for the August meetings 5-0.

Walktober

The committee talked about Walktober events including a walk on October 5th. It was decided that BPAC would like to do a walk on that date if we could find someone to lead it.

Staff Updates

Joe Kelley updated the committee on Feasibility Studies that the county will be doing in the next year. These studies will be done on the Middletown/Myersville Trail, the Emmitsburg to MSM/Northern Regional Park trail and if the price is right Frederick to Urbana.

Crash Reports

The committee look at the crash reports in general and thought that tracking the crashes would help in making decisions about what can be done to prevent crashes in the future. The committee would like to continue to get future crash reports.

Prioritizing the trails

The committee started to rank the trails by looking at the H&F Trail between Frederick and Catoclin Furnace. The committee using the Project Prioritization Criteria the committee went through each item and discussed and gave a group ranking and then total the result. The committee would like additional information on cost and ease of implementation as these items are harder to but a ranking on.
