- **Additional State Funds** – Shelly Toms. The State has awarded the LMB with additional funding in the amount of \$38,000. On the current Community Plan the board voted for the top four priorities: Mental Health Services, Work Based Learning, Mentoring Services, and Co-Locate Services in the Northern End of the County. The board broke out into four breakout groups to discuss strategies for how the funding should be allocated to one of the four priorities while still aligning with State priorities. The board will reconvene in August to vote on the strategies that were presented. The breakout groups will meet if needed before the August meeting to finish formulating their strategy recommendation. A doodle poll will be sent to determine the date.
