RE: Rural Historic Preservation Grant Disbursements

Issue:

What percentage of grant funds should initially be disbursed to the grant awardees of the Needwood Farm, Judge William Stoner Farmhouse, Libertytown Female Seminary, and William Downey Farm?

Background and Discussion:

The Rural Historic Preservation Grant Guidelines approved by the County Council state that the initial disbursement percentage for an awarded grant project will be determined by the Historic Preservation Commission. The initial disbursement can be between 25 to 50% of the total project award. Once the initial disbursement has been made, the remaining grant funds will be reimbursed to the awardee. At 50% completion of the project, an additional 25% may be reimbursed with the remainder of the award reimbursed at project completion.

The awarded projects are ready to receive their initial disbursement of grant funding. Below is the summary of the projects, the awarded amounts, and potential percentage disbursements.

<i>Property Name</i>	<i>Project Summary</i>	<i>Grant Award</i>	<i>25% Disbursed</i>	<i>33% Disbursed</i>	<i>50% Disbursed</i>
<i>Needwood Farms</i>	Replace flashing around dormers and windows; repair 5-v roofing; remove corrugated metal and repair/replace slate	\$50,000	\$12,500	\$16,650	\$25,000
<i>Judge William Stone House</i>	Replace roof over the house and rebuild chimneys	\$46,590	\$11,648	\$15,375	\$23,295

<i>Libertytown Female Seminary</i>	Repoint the north façade	\$36,237	\$9,060	\$11,958	\$18,119
<i>William Downey Farm</i>	Repoint the east and west elevations of the main house	\$50,000	\$12,500	\$16,650	\$25,000

Review of the estimate for the project does not show how much of a down payment is required to start work. Typically, up to one-third of the project cost is required by contractors to start the work.

Staff Recommendation:

Staff recommends that the Commission approve one-third or 33% of the grant awards to the Needwood Farm, Judge William Stoner Farmhouse, Libertytown Female Seminary, and William Downey Farm as this amount should meet the initial deposit required by most contractors.
