### **Chair's Report: Meeting Called to Order at 6:05 pm.**

The Chair welcomed everyone. LIB talked about the work that the transition team was doing the last couple of months

### **Approval of Minutes**

Minutes were approved for the October meetings 9-0.

### **Prioritizing the trails**

Joe Kelley presented the rankings that were email to him on the Frederick Scenic Trail by the committee members. After discussion of each category the committee decide that the average score for this trail was good and should be the score for this trail.

### **Crash Reports**

The committee reviewed five crash reports involving pedestrians and bicyclist. The committee felt that in many of these crashes there needs to be more education so that pedestrians/bicyclist know more about how to keep themselves safe. Also the committee would like to recommend that ways should be looked at to make pedestrian safety better in parking lots including adding sidewalks between parking alleys and possible raised crosswalks.
