Additional Information:

Total revenues are at 84.53% of budget which is slightly lower than the same time last year which was at 85.03% of budget. As of March 31, 2019, the County has received seven of their ten income tax distributions totaling \$128.5 million (58.46% of budget), which is \$5.1 million higher than this time last fiscal year. Two of the four largest income tax payments will be received in the fourth quarter. In FY18, fourth quarter income tax distributions totaled \$93.8 million. Due to uncertainty of the FY19 remaining distributions, to be conservative, we project FY19 income tax revenue to be at budget by fiscal year end.

Investment earnings at March 31, 2019 are \$3.6 million which is 239.31% of budget. This positive variance is attributed to an increase in interest rates and investment balances. Total investment earnings is \$2 million higher than this time last fiscal year.

Recordation taxes collected through third quarter FY19 total \$16.1 million which is \$731,401 more than this time in FY18. Recordation tax collections are showing a favorable variance at 78.29% of budget.

Highlights relating to expenditure variances from budget are as follows:

Total expenditures are at 74.12% of budget for the nine months ended March 31, 2019 which is slightly lower than this time in FY18 which was at 74.32% of budget. Expenditures overall remain below the 75% third quarter benchmark. The County continues to experience expenditure savings through most departments.

Highlights relating to other financing sources/uses are as follows:

Other financing sources/(uses) total \$(48.3) million compared to \$(45.3) million at this point last fiscal year. The primary reason for this \$3 million increase is an increase of \$1.1 million to the Debt Service Fund; \$1.3 million to the Capital Projects Fund; and about \$400,000 to the Housing Initiatives Fund.

Year-to-date agricultural transfer tax collections total \$131,770. Easements funded by the Maryland Agricultural Land Preservation Foundation (MALPF) are expected to be acquired in the fourth quarter of FY19. Transfer tax collections are deferred and recorded as revenue as expenditures are incurred. Revenue for this program is budgeted as agricultural transfer tax revenue and appropriated fund balance.

Current year agricultural transfer tax revenues are at 2.74% of budget, reflecting only recoverable administrative costs to date.

Department of Natural Resources (DNR) includes the Rural Legacy and Conservation Reserve Enhancement Programs (CREP) budgeted at \$5.1 million and \$3 million respectively. Rural legacy funds totaling \$2.5 million have been received year-to-date and were used to acquire one permanent agricultural preservation easement. CREP funds totaling \$3.9 million have been received year to date for six properties. Five of the six properties have settled and the remaining is projected to settle during the fourth quarter.

No critical farms refunds have been received to date. These refunds (paybacks) are typically received as these farms go under permanent easement and settlement through the MALPF program.

Net change in fund balance	\$ -	\$ (13,121,429)		\$ (6,753,477)	

Additional Information:

Highlights relating to revenue variances are as follows:

For the nine months ended March 31, 2019, total revenues are above the budget benchmark at 240.87%. The Build America Bond Subsidy is received in July and January, resulting in 104.67% budget variance. Investment earnings are accumulated on the bond proceeds and invested for payment of debt service and were not budgeted for in FY19. These earnings are comprised of interest earned (\$1.02 million) and accumulated unrealized gains (\$615,000) on investments. Of these earnings, 75.90% are held in escrow for the 2017A Crossover Refunding Bonds. These investments are scheduled to mature and be utilized to pay off the 2010B Build America Bonds in February 2020. The remaining investment earnings are related to the 2018A General Obligation Bonds issued in March 2018.

Highlights relating to expenditure variances are as follows:

Total expenditures are at 92.8% of budget for the nine months ended March 31, 2019. Total expenditures increased \$9.46 million in FY19. This is largely due to increases in bond debt service that is comprised of \$6.01 million of new debt service from the 2018A General Obligation Bonds and \$3.30 million increase in principal paid on the 2012 Refunding Bonds. The Installment Purchase Agreement payments are at 57.53% of budget reflecting the \$1.56 million in payments due in the fourth quarter of FY19. Principal and interest on capital leases is exceeding budget, due to the issuance of the FY19 capital lease. In total the expenditure variances are in relation to the timing of debt service payments through out the year and are on target to meet the budget estimates.

Highlights relating to other financing sources/uses are as follows:

Other financing sources reflects the transfer of funds required to meet expenses and proceeds related to the issuance of debt. Most of these transfers are at or near the budget benchmark with the exception of the Agricultural Preservation Fund. The anticipated \$1.56 million payment due in May will bring these values closer to the budget of \$3.97 million. The \$47,500 of capital lease proceeds represent the amount of issue costs financed with this lease. The remaining proceeds are recorded in the Capital Projects and Water & Sewer Funds. In FY18 this section reflected the County's issuance of the 2017B Refunding Bonds and the 2018A General Obligation Bonds. The next bond issue for the County is scheduled for the fall of 2019.

Current Debt Issuance:

On November 16, 2018, the County issued the FY19 capital lease, in the amount of \$7.22 million to finance various fire apparatus, software and capital outlay. The principal amount will be finance by the following revenue sources:

Capital Projects Fund	\$7.01 million
Water & Sewer	<u>0.21 million</u>
Total Principal	\$7.22 million
