- III. Data Collaborative – The Data Collaborative project final draft was reviewed. The report outcome provided more specific count data relative to GOC specific populations. The final report is attached.
- IV. Maternal Child Collaborative – Miriam Dobson

The MCH is comprised of community partners focusing on providing services to the maternal child health community. MCH is focused on identifying ways to address reducing risks associated with maternal and child health populations. FCHD has funding to conduct a review of current conditions in Frederick County. The funding will assist with a contractual hire charged with administrative oversight, landscape analysis, and stakeholder outreach.

LMB members are invited to participate. Meeting every 4th Friday from 8:30 – 10:00 am on the FCHD in the auditorium.
- V. Community Planning Workgroups Check In – Group Leaders provided updates on the status of their review of community planning assessments.
