- IV. Reports from Subgroups
 - Ron Kaltenbaugh led the discussion for the Energy, Building & Transportation (EBT) subgroup. He stated they continue to do a variety of research and have had three guest speakers and have more scheduled. They meet the 2nd & 4th Mondays but have had extra meetings scheduled due to speakers.
 - Sonia Demiray led the discussion for the Public Awareness & Outreach group (PAO). Sonia shared a PowerPoint of the groups status and completed tasks. They continue working towards getting support from the community. They are working on a logo, post 3-5 messages a week via social media and have posts in the Green Section of the Frederick News Post.
 - John Scherer led the discussion for the Extreme Weather Adaption and Resilience subgroup (HWR). John gave an excellent summary stating outreach with the subgroups has been working well and a spreadsheet has been developed to outline the topics and goals of the group. They continue to crossover with the other subgroups and they have expanded the group with the addition of two graduate student members.
