

Seniors and Senior Organizations, Clubs, Church Groups, and Care Providers Frederick County

The mission of the Frederick County Commission on Aging (CoA) is to promote the well-being and quality of the older adults in Frederick County, Maryland. The Commission collaborates with, advises, advocates, and educates the Frederick County Government, the Department of Aging, and the larger community on all matters related to the needs, development and administration of services for older adults.

In order to effectively achieve this mission, the CoA needs to hear from you – Frederick County Seniors and Senior Organizations, Clubs, Church Groups, and Senior Care Providers.

To this end, the Communication and Outreach Sub-committee of the COA is developing a contact list of individual seniors, service providers, and the organizations, clubs, churches, and activities supported by seniors of Frederick County. The contact list will be used by the CoA to (1) inform the senior population of Frederick County regarding the activities of the Commission on Aging (COA); (2) encourage participation of Frederick County seniors in the CoA meetings, activities, and advocacy efforts on the local, state, and Federal levels and (3) determine the aspirations, activities, needs, and services the seniors of Frederick County need now and in the future. The information obtained through discussions and surveys of those on the contact list will be evaluated and provide the basis for recommendations to the CoA for consideration to Frederick County government, State, and Federal legislative entities.

Please help us provide you with information on the CoA activities by providing the following information for our contact list:
