

Community Technical Advisory Committee (TAC)
For the Cancer Cluster Investigation
July 13, 2011

TAC Purpose: a). To provide assistance in determining what questions should be examined regarding cancer numbers – geographic region, time period, types of cancers, etc. and then and b). To identify options for how to answer the question(s)/hypothesis(es).

Working Hypothesis: There is an increased rate of cancers (gather data on all, possibly narrow down later based on confirmed exposures) within a ¼ mile radius around Ft. Detrick (Area A and B).

- I. Introductions
- II. Review of Notes from June 8 Meeting
- III. Update on Ed Kruse’s Research Efforts
- IV. Update from Members on Other Data Collection Efforts
 - a. School-linked case finding
 - b. Old Address lists
- V. Sharing of Other information Relevant to Member Interests
 - a. National Academy of Sciences
 - b. Containment Laboratory Community Advisory Committee
- VI. Next Meeting
