Pedestrian Ramp Inventory

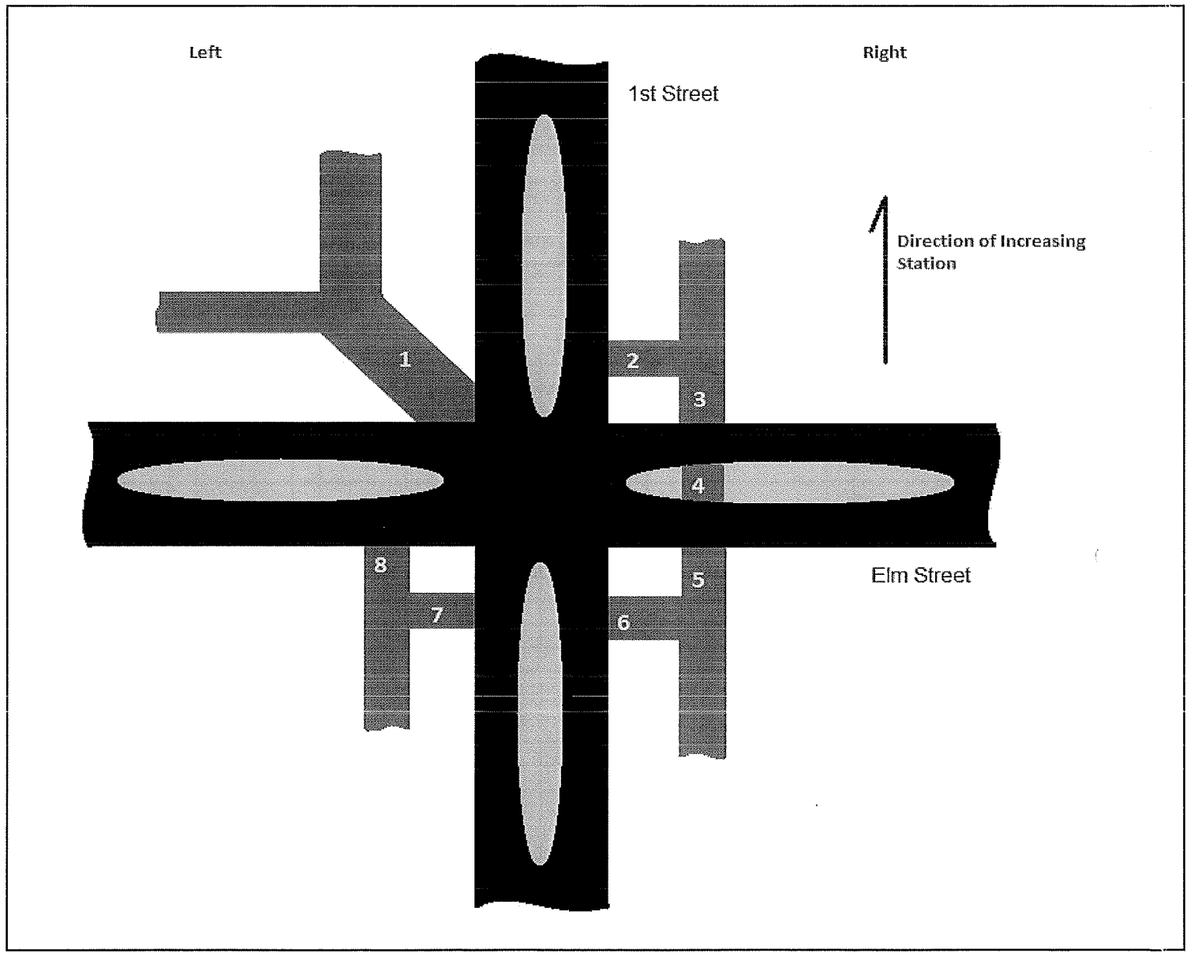
Example Diagram for Intersection: *In addition to what is shown below, please indicate the stationing on your diagrams*



General Instructions for Filling out this Form:

- For each intersection, please draw a diagram (similar to the example to the left) showing the following:
  - The intersection layout with street names
  - Indication of direction of increasing stationing
  - Assignment of # to each ramp in the intersection -start at the upper left and move clockwise
  - Stationing to correspond with the PMP stationing at this location
- Reference this diagram in the column labeled "Diagram" for the corresponding "Intersection" column
- Use the assigned number for each ramp to reference it under the column labeled "Ramp #"
- Fill out the remaining columns for each ramp
  - Be sure to indicate if the ramp "passes" or "fails" (if it is "compliant" or "non-compliant")
  - In the "Notes" column, be sure to indicate why a ramp is non-compliant if it is indicated as "Fail"
- If you have any photographs corresponding to the ramp, indicate these files in the "Pictures" column
