FY 18 Community Partnership Grants Questions

Below, please find a summary of responses to the questions that were asked via email in response to the October 27th Pre-Proposal Information Session.

1. My agency was not able to attend the October 27, 2016 information session. Can the agency still apply? *No. Attending the information session meeting was mandatory for any agency that has not been awarded funding through the CPG process for FY16 or FY17. Only agencies that had previously received a grant through this process or had representation at that meeting can apply.*
2. My agency is a government agency. Can we apply? *No. Only 501(c)3 organizations are eligible to apply at this time.*
3. My agency is registered outside Maryland. May we apply? *Applicants must have a presence in Frederick County which is reflected by prior work, board membership, and/or partnerships and letters of support regardless of where they are registered.*
4. May the One-Time Grant be used for rent? *No. The One-Time Grant must be used for a purchase.*
5. I have the CPA-assisted financial audit for FY14 and 15 but do not have one yet for FY16. What should I do? *Provide the most recent CPA assisted financial audit. If it does not include FY16, provide a statement that you will provide FY16, if requested during the review of applications.*
