IMPORTANT REMINDER:

*Unlawful use of fire hydrants to obtain
water is not only theft of county
resources, but also poses a public safety
hazard as hydrants are more likely to
become damaged when not operated by
professionally-trained and authorized
employees.*

GENERAL INFORMATION:

- The system provides the only location within Frederick County's Division of Utilities and Solid Waste Management water system where a private contractor may purchase bulk water.
- The system is available 24/7.
- **For non-frequent users:** All Major Credit Cards Accepted (Please note that there will be a \$2.00 convenience fee charged per transaction.)
- **For frequent users:** Please contact us via phone at (301) 600-1825 to set up a regular customer account for monthly billing. A swipe card will be issued for use at the Bulk Water Filling station to track the water account usage.
- Water tanks must be properly equipped with an air gap or backflow preventer.
- Customers are required to provide their own loading hose. The station is equipped with a 3-inch male cam lock.
- In the event of an **emergency** or kiosk malfunction while at the Bulk Water Station, please call (301) 600-2194.

BULK WATER STATION OPERATING INSTRUCTIONS:

- There is no keypad and there are no codes to enter.
- You must use the County-issued swipe card or pay via Credit Card. No cash is accepted.
- Connect your loading hose to the tank.
- Swipe the card once to start the transaction. The automatic valve will open. There is a hand valve located inside the door above the hose connection to throttle the flow (**please open and close the valve slowly**).
- To **END** the transaction, push the **RED** button.
- A customer receipt will be printed for your records after each transaction.
