

The AARP Smart Driver course provides participants with a classroom review of the following-

- Research-based safe driving strategies.
- Information on the effects of medication on driving.
- Preventive measures to reduce driver distractions.
- Proper use of safety belts, air bags, anti-lock brakes, and new technology found in cars today.
- Techniques for handling left turns, right-of-way, and roundabouts.
- Information on determining when it's no longer safe to drive.
- State-specific rules and regulations in 19 key areas, including construction zones, child safety seats, school buses, cellphone use and more.

Classes will be offered at the following senior centers, with a one hour lunch break. An optional lunch for \$5 may be reserved with 1 week notice. Check with center for details. Other nearby dining options are available as well.
