## Notes:

1. Any pedestrian walkway that should have a Detectable Warning Surface is listed here as a "ramp", including medians and splitter islands wide enough to accommodate detectable warning surfaces.
2. Intersections are identified alphabetically based on official street names, regardless of public or private status or jurisdiction. Intersection legs that do not have an official street name are always listed after officially named streets.
3. Ramps at locations that are not intersections are identified by landmarks or addresses. Cardinal directions are used to differentiate duplicate intersection name combinations.
4. Ramps in rights-of-way areas not maintained by Frederick County are not included on this list. Ramps in SHA rights-of-way are not included on this list.
