

Instructions on downloading and using Skype to make a call.

For further assistance, please contact Senior Services Manager Brad Petersen at bpetersen@frederickcountymd.gov.

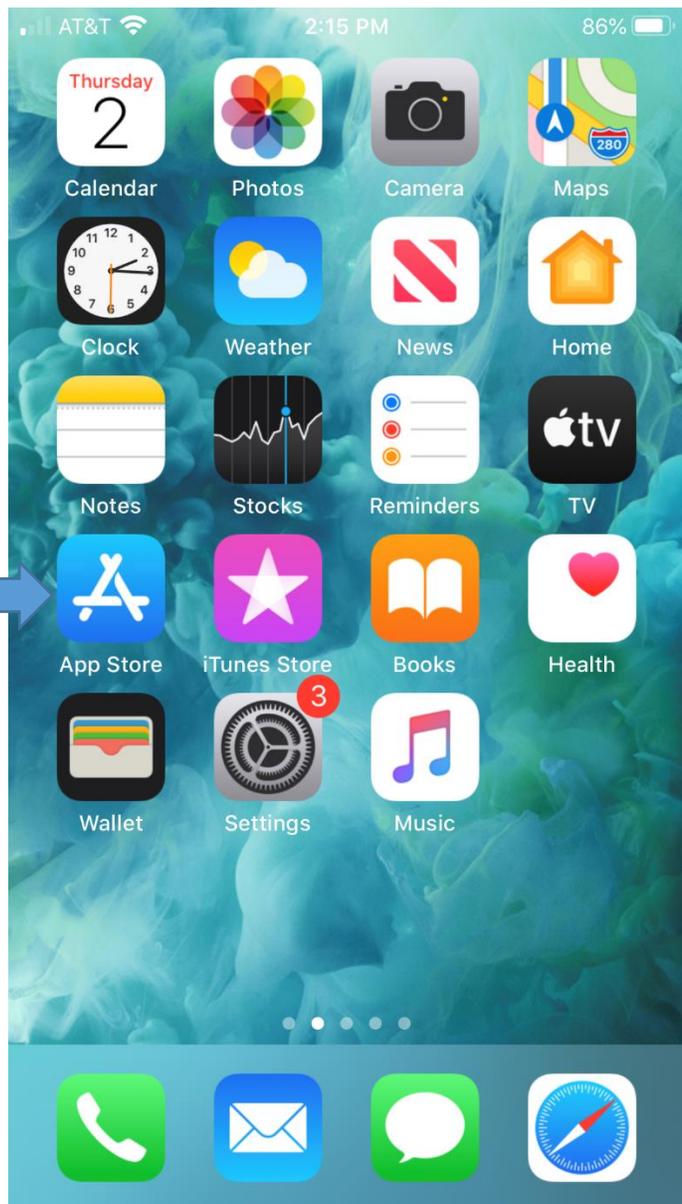

Skype is a free service to make calls if both parties are using Skype. Skype offers premium pay services such as voicemail, text messaging, or making calls to non-Skype phones.

Click on App Store.

It is recommended to connect to wi-fi to use Skype. A wi-fi connection can

be confirmed by finding the symbol in the top right or left hand corner of your screen. Without wi-fi, data rates and charges may apply and the quality of the call may be poor.

Find Contacts Easily

To help find your friends, we will periodically sync and store your contacts. We'll also suggest people with mutual contacts. You can change your privacy settings in Profile > Settings > Contacts, including how people can find you.

"Skype" Would Like to Access Your Contacts

We'll upload your contacts to Microsoft's servers to easily connect you with your friends.

Don't Allow

OK

Continue →

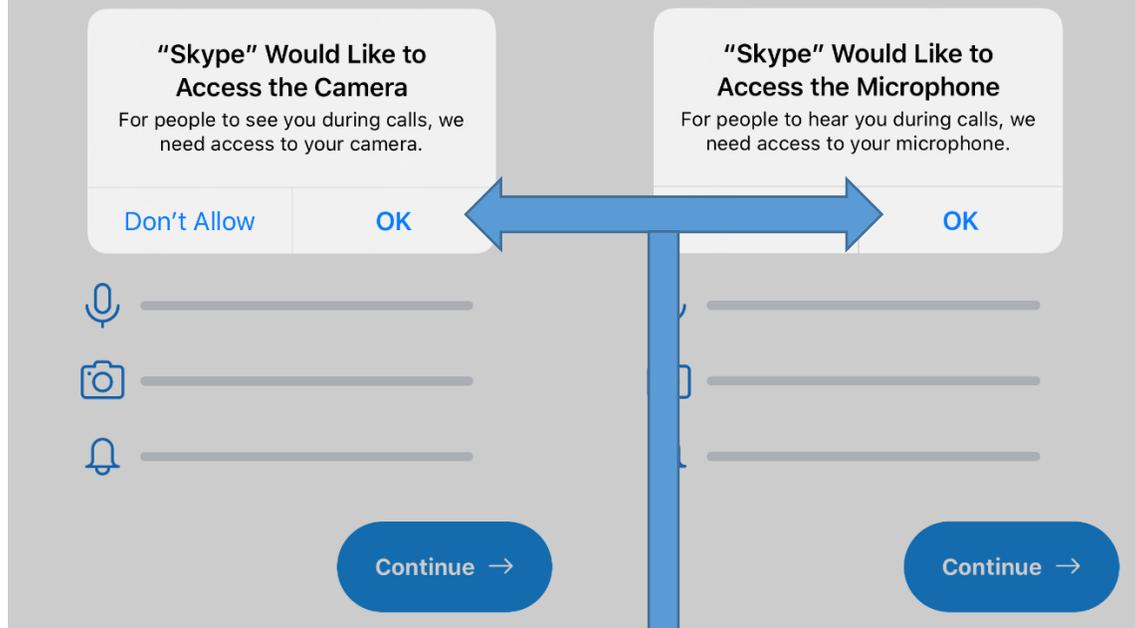

Decide if you would allow Skype to Access Your Contacts on your phone. Allowing access to your Contacts will upload the names and phone numbers already entered in your phone. If you elect to not allow access, you will have to manually enter the names and phone numbers into Skype. You may use the Skype app with either selection.

Almost there!

To get the most out of Skype, we need access to your microphone and camera. Stay informed with notifications. You can change your permissions anytime in Profile > Settings.

Almost there!

To get the most out of Skype, we need access to your microphone and camera. Stay informed with notifications. You can change your permissions anytime in Profile > Settings.

On the next two screens, click on OK to allow Skype access to your Camera & Microphone. This allows you to hear and see the person you are calling.

"Skype" Would Like to Send You Notifications

Notifications may include alerts, sounds, and icon badges. These can be configured in Settings.

Don't Allow

Allow

Continue →

Decide if you would like Skype to send you Notifications. Notifications are alerts of missed calls, voicemails, and other messages. These can be turned on or off at any time. If you do not turn the Notifications on, you will not be alerted to a missed call until you login to the app.
