

American Rescue Plan Act Nonprofit Community Health and Recovery Grant Program

Background and General Information

Frederick County maintains a strong commitment to supporting the local nonprofits that provide much needed and valuable services and programs to vulnerable populations within the community. In continued work of mitigating the impact of COVID-19 on its citizens, Frederick County is investing American Rescue Plan Act (ARPA) funding in the nonprofit community. The Frederick County ARPA Nonprofit Community Health and Recovery (ANCHR) grant program will allocate approximately \$1,000,000 in funding to provide awards to eligible nonprofit 501(c)(3) and 501(c)(19) organizations impacted by the COVID-19 public health emergency or its negative economic impact. The ANCHR program is designed to support organizations, programs and activities that benefit Frederick County residents, and that address public health and economic challenges caused by the pandemic, including those that have contributed to the unequal impact of the pandemic in Qualified Census Tracts.

This project is being supported, in whole, by Federal award number SLFRP1623 awarded to Frederick County, Maryland by the U.S. Department of the Treasury.
