## Adopt-A-Road Program Parameter and Requirements

**Purpose:** The purpose of the Frederick County Division of Public Works Adopt-A-Road Program is to register volunteer groups and/or individuals (hereinafter, adopters) that pick-up litter along the county right-of-ways, and to recognize them for their efforts to improve the appearance of the community and decrease the amount of debris that washes in the Chesapeake Bay and its tributaries.

The program is not intended as a means for providing a public forum for adopters to use in promoting name recognition or political causes. The Division of Public Works (hereinafter, DPW) reserves the right to limit the number of adoptions by a single adopter, and to restrict the language used on road signs designating the adopted section(s) of roadway.

### Who May Participate?

- Eligible adopters include civic and non-profit organizations, school groups, commercial and private enterprises, families, and individuals.
- Written parental or guardian permission is required for all participants under 18 years of age. Team members under the age of 16, must be supervised by adults (at least one adult for every five participants under 16 years of age).
- Neither children younger than 12 years old nor pets may be allowed at the clean-up location, or in vehicles parked at the clean-up location.
- Local chapters of national organizations must provide a written statement, from the national organization, which authorizes the local group to use the name proposed for the sign and which identifies the individual(s) from the local chapter authorized to enter into agreements on behalf of the local organization.
- All recyclable materials collected by the group may be redeemed and the proceeds may be kept for the group.

## What is required of the Adopter?

In the case of a minor, such release shall be executed by a parent or guardian. Participation in the program shall constitute a waiver of any claim or cause of action of liability against Frederick County and the entities names above.

## Sign Specifications

DPW will install two signs designating each adopted section of roadway. These signs are intended to identify and recognize adopters, and to promote the Adopt-A-Road Program, not to be an advertising or political forum.

- Only the actual name of the adopter will be included on the signs. No business logos, slogans, telephone numbers, addresses, titles of elective office, or statements will be permitted. Any decisions made by DPW in implementing, administering and, if appropriate, terminating any agreement under the Adopt-A-Road Program shall be final and not subject to appeal. If no program activity has occurred within six months of the posting of the signs, DPW will terminate the agreement and remove the signs.
