## ***Connection to community services, one family at a time***

### **Introduction**

#### **The Frederick County Local Care Team (LCT)**

We are a subcommittee of the Frederick County Local Management Board. The LCT strives to ensure that children and their families receive the necessary supports and resources to live in the community successfully. The LCT is a community services collaborative for parents and service providers to find the right service agencies for the various and unique needs of children and their families. Through discussion, the LCT assists with the identification of potential resources to meet the identified needs of the child and parents and provide continued support through navigation services.

Our community service collaborative consists of these partnering agencies:

Frederick County Local Management Board Frederick County Office for Children & Families Frederick County Public Schools Department of Disabilities Administration Division of Rehabilitation Services Maryland Coalition of Families Potomac Community Services Sheppard Pratt
---

Frederick County Health Department Behavioral Health Authority Frederick County Health Department, On the Mark Adolescent Clubhouse Department of Juvenile Services Frederick County Department of Social Services Mental Health Association, Systems Navigation Lead4Life
---

Referrals to the LCT can be made by a parent or a service provider (a school counselor, therapist, etc.) utilizing the Local Care Team Referral Form. In addition to the Referral Form, and before the LCT can begin any discussions for a child, the Local Care Team Release of Information should be completed and signed prior to the meeting.

For further information on the LCT process and/or assistance completing the forms, please contact the LCT Coordinator at 301.600.1077 or email [lct@frederickcountymd.gov](mailto:lct@frederickcountymd.gov).

Home of the Frederick County Local Management Board

For more information, please contact our office: (301) 600-1074 or visit: <https://www.frederickcountymd.gov/OCF>

The Local Management Board's (LMB) mission is to partner with the community to facilitate an interagency system which results in an environment where children and families can thrive, are safe, healthy, and responsible citizens.

The State of Maryland mandates that all counties have an agency to oversee services to children and families in an effort to minimize duplication of these services. The LMB guides the Office for Children and Families (OCF) in governing, allocating resources, monitoring, and evaluating family services.
