I. BUILDING PERMITS AND ZONING CERTIFICATES

The following fee schedule does not include applicable impact fees, excise tax, or fees charged by municipalities and other reviewing agencies.

A. General

1. All fees required by this section must be paid at the time of application.
2. Permit and zoning certificate fees are calculated for each permit and zoning certificate application.
3. Each building, use or permit type requires a separate permit application.
4. A permit application is required for each individual condominium unit or apartment, and a separate permit application is required for the parent structure.
5. Permits and zoning certificates are non-transferable and non-assignable when property ownership has changed.
6. Gross floor area includes all finished and unfinished square footage space and is measured by the exterior dimensions. It excludes attics, stoops and crawl spaces. Any increment of a foot is dropped from the measurements.
7. A minimum fee of \$53.00 applies to all building permits.
8. A filing fee of 28.00 must be paid on all new permit and zoning certificate applications. All other required fees are in addition to the filing fee. A filing fee is not required for revisions or extensions.
9. A site plan compliance inspection fee shall be paid on all non-residential permit applications that require site plan approval.
10. A zoning review fee of \$75.00 is charged for each new dwelling unit and a \$48.00 fee is charged for other residential uses. A zoning review fee of \$175.00 is charged for the principal nonresidential use of a property. A \$48.00 fee is charged for all other nonresidential uses. A \$28.00 zoning review fee is charged for all business license requests.
11. A driveway permit fee of \$83.00 is charged for the review and inspection of a new driveway apron on a County maintained road. The fee is also charged for the review and inspection of an existing driveway apron in conjunction with a new one or two family dwelling Building Permit, except when dwelling is a replacement dwelling, unless a new driveway apron is installed. This fee is not charged when driveway apron was constructed under a Public Works Agreement or a previously approved closed section public road.

12. A filing fee of \$28.00 must be paid on all home occupation permit applications. If a proposed home occupation is determined to have a minor impact, an additional \$48.00 zoning review fee will be required.
13. A zoning review fee of \$48.00 shall apply to all zoning certificate applications for a use that does not require a building permit (including land uses, agriculture buildings determined to be exempt from the building code, etc.) in addition to the \$28.00 filing fee.
14. An automation enhancement fee of \$10.00 applies to all building permit applications received on or after September 1, 2009. This fee does not apply to driveway permits, home occupation permits, or zoning certificates that do not require a building permit.
